Heart Of London In Smoking Ruins As Nazi Bombers Raid Capital Of Britain

ADOLF HITLER LEAVES FOR FRONT LINES

London Raided Three Times Saturday

NEW YORK—(AP)—The National Broadcasting Company said Saturday night that both Italian and British radios had reported that Adolf Hitler has left for his "front line headquarters" somewhere in France "where large military operations are taking place."

LONDON (Sunday)—Germany's air warriors hurled their first direct assault of the war against the heavily protected city of London last night and early today, leaving part of the heart of the British empire in smoking ruins after a furious and prolonged bombing.

The Nazi bombers kept up their work in sporadic attacks on into the dawn but the big raid of the night was upon the city itself.

That huge onslaught was the third time in 24 hours that Londoners had scurried for air raid shelters by alarms in the metropolitan area. In all, the greater London section has been raided six times since August 15.

There was no estimate of casualties or damage, but first reports said nothing of serious damage to military objectives.

Naval Bases Bombed

The intense attack upon London followed mass assaults against the Portsmouth naval base and southeast England in which the air ministry news service estimated the Germans used 800 bombers and fighter planes.

One screaming attack by a dive bomber who dropped a big incendiary bomb in the face of the full power of the city's defenses touched off the biggest blaze of the night marked by several fires throughout the city.

As the din of battle sounded overhead, the fire blazed fiercely. The

M'ALLEN LETS GAS CONTRACT

\$125,000 Bonds To Be Sold For Plant

McALLEN—The city of McAllen set the machinery Saturday afternoon for the construction of a municipal gas distribution system by awarding the installation contract to the Texas Automatic Sprinkler Company of Dallas, appointing a board of trustees to manage the company and authorizing the issuance of revenue bearing bonds up to \$125,000.

The system is expected to be completed within four months. It will serve industrial consumers primarily. Domestic users may be provided with fuel where practical.

Dallas Firm Wins

The contract was awarded to the Dallas company, one of three firms seeking the job on low bid of \$25,011.70 for installation of the system, using cast iron pipes throughout. The contract was approved by the commissioners, on recommendation of M. T. Garrett, head of the Garrett Engineering Company, Houston, retained by the city to act as supervisory and advisory engineers.

Other offers were from Wilson-Seward of Plano, bidding \$28,669.70 for steel pipe and \$28,146.00 for a cast iron pipe system; and Gerald Maro of Houston, \$24,308.90, steel, and about \$26,000 for cast iron. The commissioners took the recommendation.

US Gets Long Lease Of Bermuda's Sound For Air, Navy Base

HAMILTON, Bermuda—(AP)—The great sound of Bermuda will be made available to the United States for an air base and possibly for a naval base, on a 99-year lease, Major General Denis Bernard, governor of Bermuda, informed a special session of this British colony's assembly Saturday.

The legislature first had received assurances that the unprecedented step would have no effect on Bermuda's status in the British Empire.

Passport Help Pledged

Hull Authorizes Cards Effective Aug. 28

WASHINGTON—(AP)—The state department announced Saturday night that it had worked out an arrangement to facilitate the border crossing for temporary visitors from Canada, Newfoundland and Mexico without sacrificing "effective control" of this traffic.

Secretary Hull has now authorized American consular and diplomatic officers to inaugurate a modified policy August 28.

On that date they will begin issuing non-resident aliens' border crossing identification cards to citizens of Canada, Newfoundland and Mexico who reside in those countries, and to British subjects living in Canada and Newfoundland.

These cards will be valid for visits not exceeding 29 days and for any number of such visits during one year without the necessity of registration and formal fingerprinting.

The application form which must be filled out will be very simple, the announcement said.

Assassin Confesses

Trotsky Killed Partly Because He Tried To Balk Love Affair, Letter Says

BROWNSVILLE—Frank Jackson, slayer of Leon Trotsky, exiled Bolshevik, decided to sacrifice himself, partly because of his love for a woman that was being thwarted by Trotsky, and also to rid the working class of its "crucial enemy" according to a letter found in Jackson's pocket.

A photograph of the letter, which was written in French, was received here Saturday, and was translated by the Rev. Father O. Valencia, O.M.I., venerable priest of Immaculate Conception Church.

Trotsky had attempted to break the engagement of Jackson, presumably.

JESSE JONES TO CABINET?

May Succeed Hopkins To Commerce Job

WASHINGTON—(AP)—President Roosevelt asked Jesse H. Jones, 66 year old Texan and federal loan administrator, Saturday to take over the post of secretary of commerce, succeeding Harry L. Hopkins in the cabinet.

Announcement of the offer was made by the White House in making public a letter of resignation from Hopkins who said that because of his health he felt he should not continue in the office.

Associates of Jones presumed he would accept, but there was no direct word from him. He was out of the city and was said to have the offer under advisement.

Hopkins was understood to have no plans for the immediate future except to rest. There were reports, however, that he might take the position of librarian at the Hyde Park, N. Y. library built to house the President's official papers and expected to be opened next summer.

In making public the correspondence, Stephen T. Early, White House secretary, said Louis Johnson of West Virginia, recently resigned assistant secretary of war, was considering an offer to become undersecretary of commerce. This place was recently vacated by Edward J. Noble, Connecticut republican who quit to campaign for the election of Wendell L. Willkie, republican presidential candidate.

Ortiz Upheld

Argentina Rejects His Resignation

BUENOS AIRES—(AP)—The Argentine congress rejected Saturday night the resignation of Roberto M. Ortiz, ailing president of the republic.

The senate and chamber of deputies acted in a joint session after the president had tendered his resignation because of an army land purchase scandal.

Socialist Senator Alfredo Palacios, chairman of a committee investigating the land deal, told the congress that the committee had not involved Ortiz and had not attacked the honor of his minister of war, although it did insist the minister was negligent.

As he and others spoke, hundreds of citizens gathered outside the building, and their shouts of "Viva Ortiz" were clearly audible to those within.

SIMPSON TO OPPOSE WEST

15th District GOP In Brownsville Meet

BROWNSVILLE—Dr. J. A. Simpson of Laredo was nominated candidate for congress at the 15th district Republican convention Saturday afternoon here.

He will again face Congressman Milton H. West, incumbent Democrat, whom he had opposed two years ago.

In filing his name, Doctor Simpson stated that he had refused a number of times to again be a candidate this year, but due to repeated demands of friends in the 15th district he had finally consented.

Doctor Simpson had been stationed at Fort Brown as a major some years ago, and is well known throughout the district.

The district Republican convention was presided over by Carlos G. Watson, chairman, who is head of the Young Republicans of Texas, and also a member of the state Republican executive committee. R. E. Green was convention secretary.

RUMANIA AND HUNGARY CALL UP RESERVES

Hitler's Order For Peace Ignored

WAR EXPECTED

Balkan Parleys On Province Collapse

By The Associated Press

BUDAPEST, Hungary—(AP)—An effort to settle peacefully Hungary's claim to the Rumanian province of Transylvania collapsed Saturday and both countries called up reserve fighting men.

In Turnu-Severin, Rumania, Hungarian and Rumanian delegates walked dourly for the last time from the hall in which they had been negotiating intermittently for 10 days.

They not only had failed to find the answer to the Transylvanian question; apparently they had failed Adolf Hitler in what amounted to his direct order that a solution must be reached that would prevent war from breaking out in the Balkans and thus interrupting the agricultural and industrial production so vital now to Germany in her war with Britain.

Although a Hungarian spokesman indicated his government's policy merely would be one of watchful waiting for the present, he declared the possibility of war over the long-contested territory "has not been eliminated."

Army Move Blamed

Friction over the dispatch of two Rumanian divisions to Transylvania this week was reported to have figured in the breakdown of the conference.

In Budapest the news of the failure was followed quickly not only by the summoning of army reservists—as Rumania had done—but by other war-like steps.

Additional soldiers were put on guard about the national railway system, and bus and taxicab companies restricted their regular service to have military transport available.

Newspapers prominently re-printed Italian press comment that Hungary's right to Transylvania—which was part of the old Austro-Hungarian empire before the world war—was beyond debate; "above discussion."

Wanted Big Slice

Hungary had demanded about two-thirds of the province; the Rumanians were willing only to exchange minority populations.

In Rumania, the government chose a new chief of staff and vice-chief, and even offered five seats in the cabinet to the faction of Julius Maniu, the peasant party leader who has been an outspoken opponent of ceding territory to Hungary.

But Maniu was understood to have made known that he'd have no cabinet posts unless King Carol would agree to dissolve his new totalitarian and strongly pro-Fascist party.

Father, Son Saved From Gravel Slide

IRVING—(AP)—Firemen and volunteer workers dug frantically with shovels and picks against time Saturday to free Hons Davis, 42, and his son, Hons, Jr., 16, caught in a gravel slide.

Davis was buried to his neck and the shifting gravel had reached his son's waist when rescuers dragged them to safety. They were unconscious when rescued.

'Hope Berlin's Blazing'

Londoners Want To Retaliate For City Raid

By WILLIAM H. McGAFFIN

LONDON—(Sunday)—(AP)—"I hope to Hell Berlin is blazing now," cried a spectator early today as firemen battled a great blaze started by a German incendiary bomb.

"That's right, they better get something for this," another watcher replied.

"Yep, this war's getting serious," agreed a third.

"It looks like indiscriminate bombing to me," said another.

I was just coming out of a western restaurant when a German bomb whistled down and exploded. Fire flared up not far from me almost immediately.

This midnight bombing, from a moorlit sky, was the first direct attack on London since the

war began, but was the third on greater London in less than a day.

(These references to the west end and to London proper were the only inklings of the raid's location which escaped the British censor's ban.)

Crowds seeped in from the dark, narrow streets about this area, which had been nearly deserted, as usual, on the British weekend.

They talked among themselves, quietly but bitterly.

The presence of helmeted soldiers, carrying gas masks, gave wartime trimmings to this fire which already had all the emotion of a spectacular American fire.

'DRAFT DELAY MENACES U. S.'

Sen. Byrd Asks Senate To Stay On Job

(Early Details on Page 2)

WASHINGTON—(AP)—Protesting that delay in defense preparations was menacing national security, Senator Byrd (D-Va) demanded Saturday night that the Senate "stay in session day and night until a vote is obtained" on the Burke-Wadsworth compulsory military training bill.

In a statement, the Virginian also called on defense chiefs for an explanation of why "the placing of orders for delivery on mechanized military equipment is lagging."

"If red tape is to blame," he said, "the country should know it. If the blame is due to inefficient but reaucratic administration, it should be known. If it is due to the refusal of business enterprise to accept contracts from the government, we should know it."

Prospects for a final vote next week on the Burke-Wadsworth bill brightened when the Senate agreed to restrict debate on a pending amendment.

Senator Barkley of Kentucky, the Democratic leader, obtained unanimous agreement that no Senator should speak more than 15 minutes on a proposal by Senator Lodge (R-Mass) to limit to 800,000 the number of conscripts who might be placed under training at any one time.

The Burke-Wadsworth bill would require the registration of all men from 21 to 30 years of age, making them subject to immediate call for military duty, with some exceptions.

Molten Gate

S. F. Fair Building Is Razed By Fire

SAN FRANCISCO—(AP)—Fire laid waste to one of Treasure Island's most beautiful buildings Saturday, but several hundred firemen and more than 50 pieces of equipment kept the blaze from spreading over the rest of the Golden Gate International Exposition.

Only the flame-shed walls of the California building remained after the seething furnace had consumed everything in the interior. The huge hall cost \$350,000 to build, and housed valuable art, much of which was saved.

WASHINGTON—(AP)—The Reconstruction Finance Corporation announced Saturday night that it had offered to lend \$10,500,000 to the Boeing Airplane Company and \$18,587,855 to the Bendix Aviation Corporation to finance plant expansions.

Cameron Gets New Sheriff In Valley's Hottest Race

Record Runoff Vote Is Cast Despite Few Races

9362 Votes In Runoff Tops Total Cast In Primary

(Tabulation on Page 2)

HARLINGEN—Tom J. Morrison, Combes farmer, defeated J. A. Goolsby for re-election as sheriff of Cameron county by a majority of 1,280 votes Saturday in the second Democratic primary which actually saw more votes polled than in the July primary, surprising many observers. There were 9,362 votes cast for two candidates in the runoff for sheriff as compared to 9,321 votes for three candidates in the July balloting.

George J. Krause of Brownsville and H. C. (Jack) Carpenter of Rio Hondo were winners in justice of peace races which were overwhelmingly overshadowed in interest in Cameron county by the sheriff's contest. (See stories, tabulations on page 2.)

Morrison polled a grand total of 5,321 votes as compared to 4,041 for Goolsby. Goolsby gained 41 votes over his total of 3,957 votes in the first primary while Morrison gained 2,599 votes over his first primary total of 2,722. Morrison's gain was greater than the total vote of Will Cabler, third man in the race in the first primary who got 2,580 votes. Observers said Morrison's majority was greater than that of any candidate except an incumbent in 20 years.

Goolsby carried ten out of 35 boxes and his largest majority was 82 votes in the Encantada box (Number 17). The majorities in the

KELLEY WINS WILLACY JOB

Voters Decide Four Races Saturday

RAYMONDVILLE—Willacy county, with most of its local races having been decided in the July 27 primary, voted in only one county-wide contest Saturday, electing William Kelley hide and animal inspector by 320 votes to 299 for his opponent, Ed White. Only about 650 votes were cast Saturday, about 25 per cent of the first primary total.

Precinct races claimed most attention Saturday. In precinct one, West Raymondville, G. F. Kieko, the incumbent precinct committee-man, defeated A. B. Crane 130 votes to 94; and Crawford Clayton polled 155 votes to win the constable job, defeating Myers Nolen who received 69 votes. In the precinct five committee-man's race, Dale Watson, incumbent, won with 39 votes to 34 for Clyde Ross. In the first primary, Watson and Ross, the only candidates, each received 84 votes.

Willacy county, like the rest of the Valley, was pretty evenly divided on the candidates for the two state races. In the railroad commissioners race, Willacy gave Pierce Brooks 353 votes to 289 for his opponent, Olin Culberson. H. S. Lattimore polled 319 Willacy votes for chief justice of the supreme court, to 313 received in the county by James P. Alexander.

Defeats J. L. Ramsour In Edinburg

EDINBURG—Constable T. E. Jasperson was successful in displacing J. Loy Ramsour, justice of the peace, before whom he brought many of his cases, in the only contest that marked the Democratic runoff primary in Hidalgo county.

Incumbent Ramsour led in the July primary with 802 votes with Jasperson totalling 601 and C. S. Collier 547. In the runoff Jasperson polled 793 votes and Ramsour 773.

Jasperson had the majority in two out of the three precincts involved. He had a majority of 464 to 399 in Precinct 13 (W. Edinburg), and 243 to 223 in Precinct 14 (E. Edinburg) while Ramsour led in Precinct 19 (San Manuel) by 151 to 95.

Los Fresnos Canal Claims Life Of Tot Under Mother's Eye

LOS FRESNOS—Fausto Escalante, 2, son of the Modesto Escalantes here, was drowned about 7 p.m. in a canal near here as his mother gathered fire wood near by.

Efforts of Boy Scouts, Brownsville firemen and doctors, who carried on resuscitation for more than an hour, were vain.

Mrs. Escalante was gathering wood, and while her back was turned the baby managed to get to the canal, and fell in. She brought his body here in her arms.

GREENBAY, Wis.—(AP)—"Someone stole my pants with \$8 in a pocket from my car," a man reported to police by telephone.

Detectives who investigated were met by a very red faced individual. "It's all right," he said. "I just remembered I had my pants on under my overalls."

Pope Defeated

Dean Of House Loses To John E. Lyle

CORPUS CHRISTI—(AP)—Representative W. E. Pope of Corpus Christi, dean of the Texas House, was defeated for re-election Saturday on the basis of incomplete, but conclusive, returns from the 71st district in the second primary election.

John E. Lyle, Corpus Christi attorney, carried each of the three counties of the district, Nueces, Jim Wells and Duval, with a total vote of 9,544 to 3,710, with the count virtually complete.

Representative Pope had served in the legislature for the last 25 years. Duval county, consistently for Pope for the last score of years, Saturday gave Lyle 3,565 votes to 66 for the incumbent.

'Solons Argue Draft Longer Than It Took Hitler To Conquer France'

SEN. GIBSON INSISTS UPON PROMPT VOTE

Says Hitler Attack On U. S. Certain

WASHINGTON—(AP)—Advocating speedy action, Senator Gibson, (R-Vt.) told his colleagues Saturday the Senate had taken the same length of time to debate the Burke-Wadsworth compulsory conscription bill that had been required by Hitler to conquer France.

"No wonder that Hitler has the utmost contempt for Democratic institutions which are incapable of prompt and wise action in times of emergency," the 39-year-old Senator declared in his first formal address since he came to the Senate to fill the seat vacated by his father's death June 20.

Gibson spoke as Senator Barkley of Kentucky, the Democratic leader, prepared to seek an agreement to limit debate.

Refers To Rauschnig

"I have heard on this floor," Gibson said, "many expressions by able members of this Senate that they do not believe there is any possibility of attack on this country. In all courtesy to them, their beliefs amount to nothing. Let us see what the one man who knows believes about the possibility of this attack."

"A short time ago one of Hitler's most intimate friends wrote a book—I refer to the 'Voice of Destruction' by Hermann Rauschnig, very recently published. Listen to one short quotation from that book and then let any Senator arise and say he doesn't believe that Hitler will possibly attack us. I quote:

"National socialism alone is destined to liberate the American people from their ruling clique and give them back the means of becoming a great nation. I shall undertake this task simultaneously with the restoration of Germany to her leading position in America."

Argues For Draft

Gibson argued there must be a reservoir of trained men in every town.

Another Republican, Senator Gurney of South Dakota, joined advocates of conscription with a brief speech saying that he believed compulsory military training was needed to prevent the necessity of "sending millions of our boys to Europe to die."

HITLER GOES TO THE FRONT

(Continued From Page 1)

Flames got such a hold that within a half-hour they illuminated the sky over a large part of the London area. The blaze finally was controlled.

After the all clear signal was given something after midnight, what was believed to be enemy planes were heard over London.

Explosions resumed their swing across the skies in search of enemy planes, and distant explosions were heard.

In one section of the London area, a screaming bomb was dropped. It started another fire, which brought fire pumps rushing to the scene.

Four bombs were dropped in another section, shattering windows, hurling down walls and flinging bomb splinters through the streets. The only serious casualty there was an air raid worker struck by splinters.

The third air raid alarm, sounded at 11:35 p. m. (4:35 p. m. CST) Saturday night, still was in effect three hours later as the battle of the skies continued.

Star Shells Seen

From the roof of the Associated Press building, staff members could hear explosions and see fire. Occasionally they could also see flashes like star shells.

The Germans spread out as far as Wales in the night raiding. Bombs were dropped near a village but anti-aircraft fire drove off the enemy and there were no casualties. Nazi dive bombers were participating in the London attack, dropping scream bombs as the battle wore on.

Men wearing Tuxedos rushed about with the rescue squads answering calls for aid.

A movie theater was reported smashed and a number of its patrons trapped. Several factories were wrecked. Fires sprang up in the city.

Big Bertha Active

While thus resuming mass aerial raids upon Britain, long-range Nazi guns across the English Channel shelled the British coast in the morning and again for 45 minutes in the evening. British coastal guns answered heavily.

Forty-five German planes were officially put down as destroyed, against ten British fighters acknowledged missing.

(In Berlin, the Germans claimed the British had lost 50 planes to 18 for the Nazis.)

Extension Of Water Main Ordered Now

RAYMONDVILLE—City commissioners this week ordered extension of a water main on Hidalgo avenue to supply the eastern part of the city, for some time suffering from a shortage of water.

The city group also studied a proposed street paving project which is to get under way in the near future.

Burford Gives Wife Right To Minerals In Louisiana Parish

SHREVEPORT, La.—(AP)—An attorney for Freeman W. Burford, Dallas, Tex., oil man, Saturday filed with the Caddo parish clerk of court five mineral sale instruments, conveying extensive mineral holdings in Caddo parish and Miller county, Ark., to his recently-divorced wife, Carolyn S. Burford.

The rights involved several hundreds of acres in the Rodessa oil field, and were conveyed for \$10 and other considerations.

Burford's former wife is the daughter of W. G. Skelly, of Tulsa, Okla. Burford lives at Dallas, where the divorce was granted recently.

UNION CHURCH SERVICE SET

Rev. Flynn V. Long Says Farewell

HARLINGEN—Community services last of a series of four to be held at the William B. Travis School park this summer, are set for Sunday at 8 p. m., and will be dedicated to Rev. Flynn V. Long, pastor of the Harlingen First Presbyterian Church, resigned.

Rev. Long has accepted the pastorate at First Southern Presbyterian Church, Austin, Texas' oldest religious institution. Rev. Long's appearance here Sunday night will be his farewell address.

Preceding the farewell address, a community song fest will begin at 7:45 p. m., under direction of David Ormesher. Mrs. Ernest Wright will be at piano.

Mrs. Henry Carlisle will sing "No Hands But Our Hands," by James Bell, and the Presbyterian choir will sing "Great Is the Lord," by E. K. Heyser. Rev. Bolton Boone of the First Methodist Church will serve as master of ceremonies. The union service is sponsored by the Methodist, Baptist, Christian and Presbyterian Churches here.

Rev. Boone announced Saturday that, in case of rain at the time of the Sunday service, ceremonies would be held at the Methodist Church on Harrison avenue.

its him (Trotsky) often, could give us an answer to this question."

Jackson may have meant that Trotsky was being financed in Mexico by a foreign power.

That Jackson also feared the consequences of his plotting was also seen in his request that "in case that something should happen to me, I ask the publication of this letter."

Written In French

The rest of the section of the letter received here, and translated from French into English by the Rev. Father Valence, follows:

"Finally in order to well understand the little interest he (Trotsky) has for all which does not concern his own self, I will add that being betrothed to a young girl whom I love with all my soul, because she is good and loyal, told him that I could not start for Russia because I wished first to get married, and therefore I will not go without my wife.

Criticized Marriage

"He (Trotsky) became very nervous, and he told me that we are to break our engagement because he said I could not marry with a person like her, who is a member of a good for nothing minority (political party).

"Yes, it is probable that after this act she will not like me anymore, but it is also a little on account of her that I decided to sacrifice myself completely to rid the workers movement of a chief, who only damages the movement.

"And I am sure that later on, not only she, but also history, will uphold my act when they see the cruel enemy of the workers class disappear."

SYLVIA AGELOFF BREAKS 30-HOUR HUNGER STRIKE

MEXICO CITY.—(AP)—Sylvia Ageloff, of Brooklyn, detained for questioning in the assassination of Leon Trotsky, broke a 30-hour hunger strike Saturday night on the appeal of her brother, Monte, of Merrick, N. Y., who arrived Saturday by plane.

The police chief's office announced that papers were ready for charging her friend, Frank Jackson, as Trotsky's killer. The district attorney's office was closed, however, so the papers cannot be presented before Monday.

Both Jackson and Miss Ageloff remained in a hospital, where they have been held since Jackson's fatal assault on Trotsky with a pickax Tuesday. She has denied any knowledge that Jackson intended to slay the old Bolshevik.

Monte Ageloff, who said he knew nothing of any political activities his sister might have engaged in, declared:

"You can bet your bottom dollar my sister is innocent. I am here to establish that."

WITNESS TELLS OF LONDON RAID

through the firelines when I shouted: "American reporter."

"Go ahead, boy. Tell the states about it. Best thing you can do," they shouted.

I got so close that the flames flushed my face, and I was wet from firehose.

Curbs flowed deep with water from a score of streams trained on the angry flames. There were big red fire engines like those in the United States, plus tough little auxiliary engines jamming the streets.

Firemen on tall towers were silhouetted against the red background as they fought the flames under guidance of portable telephones hooked up with the engine below.

Just as the firemen got the flames under control, a gutted brick wall started to totter, and the sirens suddenly shrieked again.

The throng ran for shelter falling over tangled pythons of firehose, then pulled up abruptly as the police yelled:

"It's just the clear signal. The raiders have passed."

MORRISON IS NEW SHERIFF

(Continued From Page 1)

ten boxes ranged all the way from two votes in Brownsville No. 10 to 82 at Encantada.

Leads In Harlingen

Morrison's largest majority was in two Harlingen boxes, No. 31 which gave him a margin of 226 votes and No. 32 which gave him a majority of 222. On the basis of percentage, Morrison's home box at Combes, No. 34, gave him the biggest sendoff, 154 to 8, which was almost 20 to one in his favor.

Brownsville took the sheriff's contest more seriously possibly than any other town. There the county race divided itself along city political lines with Goolsby reputedly having the support of the Runyon faction. Morrison totalled 1,825 votes in the nine Brownsville city boxes to 1,582 for Goolsby.

San Benito, Goolsby's home before he became sheriff January 1, 1935, gave Morrison 598 votes and Goolsby 589 votes in two boxes.

Harlingen, with four boxes, was strong as horseshod for Morrison, giving him 1,097 votes as compared to 372 for the sheriff.

One Election Clash

The only incident in connection with the election was refusal of H. L. Fitch, election judge at Brownsville, to permit supervisors at his box. He stood on the technicality that the petition asking supervisors should have been presented five days before the primary. Supporters of two candidates for sheriff had asked for supervisors in precincts 5, 6, 7 and 8 in Brownsville and 16 at Villa Nueva.

Krause Beats Bennett For Justice Of Peace

BROWNVILLE.—George J. Krause defeated Clarence S. Bennett by 2,081 to 1,475 for justice of the peace, place two, in the Democratic run-off primary Saturday.

DENNIS DOES FILM SERIES OF MEXICO

Pictures Beauties For
Pan Am

(See Picture At Right)
BROWNSVILLE — Glenn Dennis, chief of Pan American Airways publicity bureau at Brownsville, left here Sunday for Mexico City to make a series of natural color photographs of the Valley of Mexico.
He was accompanied by Mrs. Dennis, and their daughter, Miss Marguerite Dennis.
The Brownsville photographer attracted national attention a year ago with his picturesque kodachromes and other colored photographs of Mexican church interiors, landscapes, portraits and other scenes.
Holland's magazine commissioned him to take a natural color photograph of a Chorro scene for one of its future issues.
His colored motion pictures of the 1940 Chorro Days fiesta also brought considerable publicity to this area.
Mr. Dennis plans to visit about 12 cities and villages in the Valley of Mexico to photograph scenes highlighting PAA tours. The length of his projected trip to Mexico was not announced.

FIVE PAN AM MEN FETED Group Transferred To Miami

BROWNSVILLE—Five employees of the accounting department of Pan American Airways' western division, who are being transferred to Miami, Fla., were given a farewell banquet Saturday night at Landrum's restaurant.
Feted at the banquet were John Forbes, chief accountant of the western division; Miss Marie Jackson, Robert Jones, John Hill and Dale Harrison, who are leaving Monday on a permanent basis.
They heard farewell toasts from Royal D. Sundell, chief engineer of PAA's western division; Hugh Johnston, communications chief; M. Gomez H., purchasing agent, and others.

Banquet arrangements were in charge of Glenn Dennis, head of PAA's publicity department at Brownsville. The toastmaster was Guy Bevil, head of the reservations department here.
Miss Mary Lulu Owens, chief of the payroll section, and Hugh Biggs, in charge of maintenance cost accounting, left by Eastern Air Lines for Miami, Fla., Saturday on a temporary assignment that will last one to two weeks.
Joe Celaya of the PAA accounting department here, also is to be transferred to Miami on a temporary basis.

With transfer of a large portion of PAA's accounting force, the accounting of the western division, with the exception of maintenance cost accounting, will be handled through the Miami office. Nine employees are expected to remain here. The office will be in charge of Kellis G. Buckley, chief clerk.
Mr. Forbes came to Brownsville in July, 1937, from Rio de Janeiro where he had been PAA chief accountant, and prior to that saw service with the airline at Mexico City. There were 84 at the farewell banquet.

Blood Donors Unit Membership Gaining

McALLEN — Membership of the county blood donors association now numbers 132. Chairman L. G. Anderson said Friday after 11 volunteers from the Westlaco 20-30 club and 14 from the Edinburg fire department had joined.
The county-wide group is sponsored by Vulture 1077, of the Forty and Eight, American Legion. Anderson said there had been 21 transfusions given this year, and that a member will not be required to donate blood more often than once in three to six months. The blood is given free by members in charity cases.

German Catholics To Support Hitler

BERLIN—(P)—Informed quarters declared Saturday that the conference of Roman Catholic bishops of greater Germany at Fulda would publish next month a pastoral letter admonishing all German Catholics to support Adolf Hitler's fight for Germany's freedom.
These sources said the letter would ask the civil population to bear war's hardships cheerfully because sacrifices demanded of civilians were slight compared with those of the soldiers.

Stomach Ache Seen Relief To Week

BROWNSVILLE—Just about the most relieved persons in the Valley Friday night were County Commissioner and Mrs. Grover J. Weikel of Los Fresnos.
Their son, Grover, was rushed to Mercy Hospital with the expectation that an emergency appendicitis operation would need to be performed. Friday night, hospital attaches said that the case had turned into an old-fashioned stomachache and that young Grover had returned home.

MOVE TO MISSION—Mr. and Mrs. Howard Anderson and son have moved from McAllen to their new home on St. Marie Avenue in Mission.

PHARR—Mrs. J. F. Snyder and small daughter, Sue, have gone to Manhattan, Kansas, for a two weeks' visit with relatives.

Miami Bound-ers Leave Valley

Adios, Jack, John, Bobby, Marie, and Huck.
With all our best wishes and lots of luck.
Pan American Airways-Brownsville

"Miami bound-ers" of Pan American Airways' accounting department at Brownsville, who are being transferred to Miami, Fla., and were guests at a farewell banquet Saturday night at Landrum's restaurant, are left to right, Miss Marie Jackson, Robert Jones, John Hill, John Forbes, chief accountant of PAA's western division, and Dale Harrison. The unusual photograph (above) was taken by Glenn Dennis, head of PAA's publicity department at Brownsville, and the composite drawings made by Mrs. Dennis.

Sleeping Mule Not Hurt Much In Highway Crash

EDINBURG — You've heard the story of the man whose automobile was wrecked after striking a mule and how the mule ambled away, unhurt and unconcerned.
Much to the same thing happened recently to J. B. Posey of Mercedes. Posey and his family were returning to the Valley in a pick-up truck.

ORANGE GETS SHIPBUILDING

Navy Official Sees
New Activity

ORANGE—(P)—Commander E. R. Perry of the U. S. Navy Saturday forecast major naval construction here within the near future.
He said a considerable number of steel navy vessels including small landing boats and perhaps destroyers would be built in this vicinity.
Arriving here as Navy Department supervisor of shipbuilding at plants of the Consolidated Steel Corporation and the Livingston Shipbuilding Company, his present plans call for a stay of at least two years.

Project Okayed Canal Improvements Set By WPA

MERCEDES—Approval has been given the \$41,344 canal improvement project in Water District No. 9 by WPA officials in Washington, according to information received in a telegram Friday by manager Eldon B. Smith.
The project includes construction of various canal improvements including installation of pipelines for underground canal service.
The WPA will provide \$21,172 and the water district will expend the same amount on the project.

Pharr Kiwanis Club Program Broadcast

PHARR—A 15-minute transcription of the Pharr Kiwanis club proceedings was made at the regular meeting of the club here this week by Radio Station KRGV after which the record was broadcast for the 50 members and guests. Dick Watkins of KRGV was master of ceremonies and called to the microphone E. C. White, D. U. Buckner, Tom Hartley, George McCullough, Hal Alcorn and J. Lee Stambaugh and C. W. Moores, who answered extemporaneously to the request of the announcer. R. E. Wagner was program chairman. It was announced that there will be no meeting of the club next Thursday noon.

Navy Sends Attache To Canadian Office

WASHINGTON—(P)—The Navy Saturday assigned Captain Oliver M. Read as naval and air attache at Ottawa in another move toward closer defense relations with Canada.
Captain Read, now on duty at the Navy Department, is the first to fill the post. The army assigned an attache to Ottawa for the first time earlier this year.

Former Poundmaster Dies In Gas Chamber

LONG BEACH, Calif.—(P)—In the lethal gas chamber at the city pound, the body of Gale D. Olden, 63, poundmaster in 1937, was found Saturday beside carcasses of two dogs put to death Friday.
Olden apparently entered the five-foot high chamber some time Friday night.
He received notice Friday that he had failed to pass a physical examination to re-enter city service. Leaving home he told his wife "I can't take the dose any longer; you would be better off without me."

TAX ACCOUNTS ARE COMPILED

Hidalgo Statements
Will Be Mailed

EDINBURG — Statements for 1940 taxes will be mailed out during the early part of October, county Tax Collector Clay Everhard said today.
A three per cent discount will be allowed if paid during October, two per cent in November and one per cent in December. County and state taxes become due January 1, 1941.
Everhard said that for some reason or other 33 per cent more current taxes were paid in January, 1940, than during the three months discount period in 1939.

Stuart Place School Registration Is Set

STUART PLACE — Registration of all classes at Stuart Place school will be held at 9 a. m. Tuesday, and classes will meet in all departments Wednesday, September 4, according to Superintendent of Schools J. D. Koonce. General faculty meeting Monday at 9 a. m. will precede registration.

RETURN TO KANSAS

PHARR—Mrs. Edna Harris and son, Tyler, who have been the house guests for several weeks with her sister, Mrs. F. R. Vandever, and Mr. Vandever, in this city, will leave Monday for their home in Coffeyville, Kansas.

Wage-Hour Law Changes Aid Cannerymen, Packers

14 WEEKS OF EXTRA LABOR NOW GRANTED

12 Hour Days, Or 56 Hours Week Okayed

HARLINGEN—Valley cannerymen and packers are expected to benefit from the decision of the wage and hour division of the U. S. Department of Labor to grant 14 additional weeks of seasonal and partial exemption from the hours provisions of the fair labor standards act.

The announcement was made by Dr. James G. Johnson, director of the regional division office at Atlanta, on instructions from Col. Philip B. Fleming, national administrator, according to Associated Press reports.

The exemption was first approved July 24 but a final decision was postponed until Saturday due to protests of labor organizations.

Effect of the ruling is to permit cannerymen and fresh fruit and vegetable warehousemen to work their employees up to 12 hours a day or 56 hours a week without the payment of overtime for an additional 14 weeks under seasonal provisions of the labor act.

The new exemptions apply only to the hour provisions of the act and minimum wage of 30 cents an hour is still required.

CAR MISHAPS INJURE TWO

Raymondville Star Loses Left Arm

HARLINGEN—Valley highway traffic claimed at least two casualties Saturday.

Cecil Ledgerwood, 19, Raymondville high school football and basketball star, was in a Raymondville hospital suffering from loss of an arm in an automobile collision about 1 a. m. near Laredo.

Juan Bruno, 34, Tlaxiaco, employed by W. Sanders on the White Ranch Road near La Feria, was at Valley Baptist Hospital in a state of shock, result of a fractured pelvis and head wounds suffered in a crash about 3 p. m. at an intersection on North Adams Gardens Road.

Willacy accident occurred at Ledgerwood, Howard Calloway and Mary Evelyn Currier of San Perilla returned from Alamo. The car sideswiped that driven by C. C. Harrell, Margill. Both cars were badly damaged. Harrell and the other occupants of Ledgerwood's car suffered only minor bruises.

Ledgerwood was graduated from Raymondville high school this year, and was to have played football at college.

Two riders with Bruno and Gene Craig, Adams Gardens, driver of the truck which figured in the collision, were not hurt. Bruno's car overturned and he was pinned under it. Hospital attaches described his condition as not serious yet, "but liable to become serious."

Investigating the crash on North Adams Gardens were Collis Thompson, county patrolman, and State Patrolman Ben Thomas.

Miss Marjorie Neal Is Visiting Valley

BROWNSVILLE—Miss Marjorie E. Neal of San Antonio, educational representative in region 10 of the federal social security board, was here Friday and Saturday.

She conferred with F. E. Wilson, manager of the Brownsville office of the social security board, and also contacted women's organizations here.

The public needs to be enlightened about the social security act, the former East Texas newspaper publisher declared.

4 Valley Teachers Get B. A. Degrees

BROWNSVILLE—Four Valley teachers received bachelor degrees at the summer commencement exercises Friday night of Texas A. and I. college, Kingsville. E. C. Dodd, superintendent of Brownsville schools, announced Saturday.

The degrees, he said, were conferred on Mrs. Etta Carol Reed of Palm Grove school; Mrs. Grace Lehman, Mrs. Josephine Foster and Miss Carolina Villarreal, all of Brownsville.

Paint Shop Planned By Road Department

EDINBURG—Construction of a \$500 paint shop for the state highway department's South Texas division headquarters plant at Pharr has been ordered by the state highway commission, County Judge Oliver C. Aldrich was advised Saturday.

T. H. Webb, assistant state highway engineer, informed the judge by letter the building would be 15 to 30 feet in size.

Speakers Are Named For Anti-Term Rally

Work Starts On New Parsonage

As Building Committee Chairman J. J. Willingham (left) used his shovel purely as atmosphere. Rev. E. Douglas Carver, pastor of the Harlingen First Baptist Church, bent his back Saturday morning and got his shirt wet as he actually broke some ground at the site of the \$6,000 Baptist parsonage at 1002 East Taylor avenue. In the group, left to right, are Willingham, Ross Seamans, builder, Mrs. Douglas Carver, Mayor Hugh Ramsey, supervising contractor, and behind Rev. Carver, R. B. Hamilton, chairman of the board of deacons and member of the building committee. (Staff Photo.)

CHURCH UNIT SETS PROJECT

Baptist Parsonage Gets Under Way

HARLINGEN—Ground-breaking ceremonies here Saturday morning at 1002 East Taylor avenue launched construction of the \$6,000 Baptist parsonage, expected to be completed within the next three months.

Rev. E. Douglas Carver, pastor, turned the first spadeful of dirt on the lot donated by McHenry Tichenor. Work is to get under way immediately on the one-story ranch style building, to be of brick painted white.

Hugh Ramsey will be supervising contractor for the project.

The property at 808 East Harrison avenue, on which the present parsonage is located, will be sold and this revenue will be applied on the new building, according to J. J. Willingham, chairman of the building committee.

With Willingham on the committee are Ramsey, Fred L. Flynn, McHenry Tichenor, Mrs. Cleve Pate and Mrs. R. B. Hamilton, and R. B. Hamilton, chairman of the board of deacons of the church.

The project was voted late last year by the church.

Prohibition!

French Can't Drink Strong Beverages

VICHY, France—(AP)—From now on, Frenchmen will have to watch the calendar to know what kind of alcoholic drinks they can buy on any given day.

Under a new law effective Saturday the government clamped down restrictions on liquor sales—aimed especially at the strong aperitifs which the French love to sip at sidewalk cafes—on a calendar basis.

On three days a week—Tuesday, Thursday and Saturday—the only drinks which may be sold are wines, beer, champagne and fruit juices.

The other four days customers may order aperitifs containing no more than 15 per cent of alcohol, or, if they like, stronger drinks such as brandy.

Another Of Movies' Sweet Young Things Deserts Masculine Hearts

And Takes On 'Toughie' Pictures

HOLLYWOOD—(AP)—It's tough on tender masculine hearts, but another of the movies' sweet young things is toughening up.

Brenda Marshall, another Texan, says being a "toughie" is the only way to get places on the screen.

She's looking at Marlene Dietrich's come-back in roles of glit-

tery sin-suggestion. She's thinking of Bette Davis who hit her high stride as a guttersnipe in "Of Human Bondage." She's peeking into an adjoining sound stage where Ida Lupino, erstwhile campus cutie type, is carrying on in "High Sierra" the career of dramatic psychopathy she discovered recently in "They Drive by Night."

And Brenda is wearing the come-hither bangs and tight short striped skirts of an East Side (New York) belle with a joy, she says, as she never experienced in the expensive, lavish gowns of Errol Flynn's heroine in "The Sea Hawk."

"I drove home in costume the other day," she says, "and some men on a street corner whistled at me. It's the first time that ever happened—so I must look the part, anyway."

But if the girls of Hollywood are seemingly intent on cinematic primrose paths to glory, an equally startling turnabout is evident in the ranks of screen heavies and tragedians.

There's Burgess Meredith. He's playing a college trumpet player who's been in school so-long the Profs. call him uncle.

There's Basil Rathbone, who goes in for comedy in "Rhythm on the River." There's Bob Montgomery, who delights in Macabre and sinister roles, contributing to the light-hearted mystery of "Haunted Honeymoon."

And Karlhoff, Lugosi and Loree, top triumvirate of professional scarers, are together in the Kay Kyser comedy.

Truck, Hay Burned In Mysterious Fire

HARLINGEN—Harlingen firemen were called about 11 a. m. Saturday, when a truckload of hay belonging to James Hoffman of 314 1-2 W. Filmore, caught fire while Hoffman was driving along the Grimes road east of town. The truck and hay were almost a complete loss. Hoffman told the fireman he had no idea how the blaze started.

Twelve steel cables will be anchored individually to concrete posts. Each cable will run through non-corrosive pipes so that daily cable inspection will be possible.

MISSION—Mrs. George Greene is recuperating at her home from a major operation performed several weeks ago in San Antonio.

MODEL PLANE MEET SUNDAY

Enthusiasts Gather At Los Fresnos

LOS FRESNOS—Valley model plane enthusiasts will hold exhibition meeting at 7 a. m. here Sunday, as the builders prepare for the invitation interstate meet to be staged next Sunday, September 1, at Corpus Christi. Quite a number expect to attend the Corpus Christi meet, where \$175 in prizes have been put up.

Site for the exhibition this Sunday is about two miles north of Los Fresnos. The way to the field is to be marked for plane builders who plan to attend.

M. A. Tension, Jr., is building the first flying model Ornithopter that we have seen fly. Does right well, too. . . . Johnny Maltby warming up on a small "Gulfhawk" scale job, in preparation for something finer for the "Fair." . . . Billie Bones is really settling down to finishing up his "Ensign." . . . W. T. Fryer has joined up with the "Knuckle-busters." Has a Brown E in a Comet "Mercury." . . . Scotty Bowlin is ready to cop some prizes with his "Sailplane." If he does as well as Dimpleby of Corpus, he will be going to town, Dimpleby having won over a hundred bucks in cash besides quite a few worthwhile extras. . . . Wayne Cole just about to finish up his first gas job and awaiting the arrival of his Ohkison "19." . . . Billy Flynn has been learning how to start a model motor, and hopes to have a plane of his own design ready soon. . . .

Gene Brown of Mercedes reporting for the gang says that Tommy Joe Lambertson is building a "Soaring Eagle." . . . Gaynor Wickline is after a Korde. . . . W. T. Gooch is back in town. . . . Eugene White is building a rubber-powered Taylorcraft. . . . Calvert Jones has a "Rearwin Cloudster." . . . Gene Brown is rushing through a "Sky Baby" for his Ohkison "23." . . . Mrs. R. G. Temple writes that the model runway of the Tri-City club will get its test this Sunday.

Henry Pate of Alamo is a new member for the Tri-City club. . . . Earl Tilton has lined up a nice program for the boys. At each meeting one of them will talk on a particular phase of model building. Earl is leading off next Monday night with "Covering a Model," and all modelers are invited to be present whether or not they belong to the club. . . . A good "filler" for model scale models may be made by mixing a fine paste of powdered sugar and dope. It is best to mix a small quantity at a time, as it dries out rapidly. Rub well into the balsa and then sandpaper it well. . . .

Padgett Is Speaker To Donna Rotarians

DONNA—Outlining the program of artificial breeding, as well as the packing plant and oil mill projects, J. R. Padgett, assistant district supervisor, Farm Security Administration, spoke on the work of the FSA at the weekly Rotary meeting here.

Padgett said the FSA was set up to help the small farmer in securing adequate finance after other sources of money have been denied him. Padgett was only recently made assistant to District Supervisor J. W. Evans, in the area including Corpus Christi, Kingsville and Falfurrias.

ARRIVE FROM DENTON LOS FRESNOS—Miss Juanita Riney and Mrs. Mary Rose arrived Friday morning from Denton. En route from home Mrs. Rose visited with a son who lives in Galveston.

Mercedes Marksman Has Superb Record At Meet

Bob Schaeffer Lacks Only Fraction Of Being Perfect At State Championship

MERCEDES—After being the runner up twice during the past two years in the Sons of the Legion State rifle championship tournament, Bob Schaeffer of Mercedes this year shot his way into the state championship with a superb marksmanship which lacked only a fraction of being perfect.

The 16-year-old Mercedes rifleman scored 383 out of a possible 400 points by firing 20 shots at fifty feet and 20 shots at fifty yards in the crucial match at Laredo last week-end. He bested a field of 19 other youthful gun men who represented the best shooting talent from every section of the state.

Billy Paul Green, another Mercedes lad who copped the state championship last year, was runner up this year with a score of 385. In third place position was Bill Bolter, also of Mercedes, with 383 points. Ralph Powell of Mercedes also shot 383 but landed in fourth place on account of Bolter's superior shooting on the longer and more difficult range. In spite of the strong competition in the individual Class A matches, the Mercedes marksmen won every one of the three medals awarded for the three highest records in the state tournament.

The class B championship also was won by a Mercedes boy—Wofford Fore, who won the state laurels with a score of 370. Shelly Collier, Jr., of Mercedes shot 352 for second honors. Class B competition includes boys 14 years and younger.

The fact that Mercedes swept the state tournament honors is no accident. For the past several years these youngsters have regularly attended the practice sessions of the Mercedes Rifle Range and have learned to handle guns under competent tutelage. O. J. Schaeffer, son of Bob, is executive officer of the Mercedes rifle and pistol club and he and a number of other adult rifleman have spent considerable time teaching the members of the junior club.

Safety Campaigners Stop At Harlingen

HARLINGEN—Mrs. Adelia Elliott and Mrs. Telora Dean of San Antonio arrived here Friday en route to Laredo and other Texas points in their campaign for street and highway safety.

Pamphlets and letters stressing safety have been sent to all Valley churches, the safety crusaders stated, and a Valley-wide Sunday school attendance and safety rally is scheduled for the latter part of September.

FD Cites Blocking Holding Companies

WASHINGTON—(AP)—President Roosevelt said Friday that the New Deal's "vigorous program to protect the investor" had, among other things, checked utility holding companies which "threatened the very existence of our Democratic processes."

The President's statement was issued in connection with his signing into law of a bill authorizing the securities commission to register and regulate investment trusts and investment advisers.

Carver Contact Man For Hardin-Simmons

HARLINGEN—Rev. E. Douglas Carver, pastor of the Harlingen First Baptist church, has been named a member of the 13-man church contacts committee for Hardin-Simmons University, according to word here from Herschel Schooley, Abilene.

School opens at HSU on September 18, Schooley said.

NEW BUILDING HASTE URGED

Lumbermen Given Chiefs Report

McALLEN—Building of more homes before the "inevitable inflation of United States currency" was recommended to 75 Valley lumbermen and their wives at a dinner session Friday night at the Casa de Palmas Hotel on the annual inspection visit of Berry Brazelton of Waco, president of the Texas Lumbermen's Association.

Brazelton was principal speaker on a short speaking program devoted to the problems of the lumber industry. He advocated almost immediate home construction. Brazelton also explained his efforts to keep the lumber industry out of the control of governmental bureaus.

With Aubrey Thomas of McAllen acting as master of ceremonies other speakers included: Herb Stokely, of Brownsville, second vice president of the state association; Fred Moffett of Temple and Neill Pickett of Houston, secretary of the state organization.

Robert Aylin of Houston showed colored slides depicting the growth of a house from the wooded forest tracts to eventual completion. Bill Irby of San Antonio sang several solos accompanied on the piano by Miss Daisy Polk of Pharr.

Out-of-Valley guests were Mr. and Mrs. Brazelton and two sons; Mr. and Mrs. Pickett, Mr. and Mrs. Fred Moffett and Mr. and Mrs. Aylin.

The group left Saturday morning for a week-end visit in Monterey.

SUBSTITUTES AT BANK SAN JUAN—Mrs. Howard Faulkner of McAllen is employed this week at the Security State Bank, substituting for Mrs. J. W. Spencer, who is taking her vacation.

False Teeth! New Amazing Denture Cleaner Proves Safe Easy Way To Get Rid Of Tobacco And Other Stains—No Brushing

Here's all you do: Put your stained discolored plate in half a tumbler of warm water with a little Kleenite. Leave them in for 15 or 20 minutes or overnight. While you sleep Kleenite will remove tobacco or other stains and make your whole denture sweet and clean and odorless.

All druggists have Kleenite—originated in the laboratories of a dental plate manufacturer—proof that it is safe and harmless to the most delicate plate or bridgework. Get Kleenite—the dentists plate cleaner at druggists.

Interpreting The War News

Sea Raider On Loose

Nazis Ship In South Pacific Brings War To New World Again; Action Expected

By EDWARD E. BOMAR

The appearance of a Nazi sea raider in the South Pacific hints resumption of this colorful phase of naval warfare on a more extensive scale.

With the British fleet occupied in home waters and Mediterranean and in escorting convoys, Germany is in such an advantageous position to harass commerce far and wide that it is slightly puzzling that the opportunity has not been used to a greater extent.

HULL URGES US DEFENSE

Danger To Americas Labeled 'Real'

WASHINGTON—(AP)—Secretary Hull appealed to the American people Saturday for united support of "full and adequate preparations" to defend the western hemisphere.

In a statement, the state department head declared that "the possibilities of danger to the American republics are real."

SCHOOL SETS CASE APPEAL

Mission Composition Plan Studied

MISSION—Two members of the Mission Independent School District board of trustees indicated Friday that they would advise appealing the decision rendered by Federal Judge T. M. Kennerly in Houston Thursday regarding the Mission school district's petition for a plan of composition for its \$335,000 indebtedness in order to bring about a refunding program.

In Judge Kennerly's decision, he favored the state's motion to dismiss the petition. The state holds more than \$100,000 worth of the outstanding bonds. The hearing was conducted in Houston July 11.

Deaths Probed

Mother Is Guarded At Hospital

DAYTON, O.—(AP)—A 30-year-old mother was guarded in a hospital here Saturday, Detective Capt. O. L. Kincaid said, pending investigation into the drowning of her two small children "under mysterious circumstances" in a bathtub.

The bodies of Lola Mae, two weeks old, and Walter Weyrauch, Jr., 7, were discovered by the father, a druggist, when he returned home from work Friday night.

San Benito Takes Lead In Raising Of New Sea Island Cotton For Valley

First Bale Brings 35 Cents Pound Saturday

SAN BENITO—That the San Benito community has "arrived" as a Sea Island cotton raising area became an established fact Saturday when the Lilly Mills of Shelby, North Carolina bought the first bale of the 1940 season for 35 cents a pound and ordered a buyer stationed here for remainder of the season.

The purchase by this firm was significant because last season it bought the first Florida bale of the Sea Island cotton, a long staple variety at the premium price of 35 cents a pound which is about ten cents above the market.

First Bale Race
R. L. Howard of Austin, Texas, state representative for Lilly Mills, was ordered to come to the Valley and purchase the first bale of the Texas season. It was a nip and tuck first bale race between Sea Island cotton belonging to Dr. F. L. Smith, who lives north of here, and E. C. Barron who lives on the river south of here.

Dr. Smith's bale was ready first and was purchased.
It was announced that C. B. Parker of Lyford would be the buyer for the North Carolina firm which Howard said had been, in the same family for four generations. His firm established the first cotton mill in the South in 1813, Howard said.

The purchase of Valley Sea Island cotton emphasizes the fact that Lilly Mills is the only manufacturer in the United States using 100 per cent American cotton, the Austin man said. "Most manufacturers requiring long staple cotton import Egyptian cotton for their needs but Lilly Mills has always made it a policy to use only American produced staple."

The Walker-Craig Company of Brownsville and its branches are Valley representatives of the North Carolina firm which specializes in the manufacture of threads.

Attaching Attention

"The fact that Sea Island cotton grown in the San Benito community is attracting the attention of buyers for large firms is a distinct compliment to the judgment of those who fostered this new industry here," said E. F. Brady, chamber of commerce president. He predicted a big future for the Sea Island cotton industry here.

The growing of this variety of cotton has been encouraged by the San Benito Gin Association, a co-operative organization. Although the yield per acre is lower, the price per pound is much higher due to the length of staple. The fact that this is a long staple variety and does not compete with the shorter staple kinds of which there usually is a surplus, also exempts it from all government crop control programs and taxes.

She Says She Can't And The Defense Says She Can, But Woman Still Asks \$25,000 Damages For Loss Of Voice

OMAHA, Neb.—(AP)—Saying an accident has made her unable to speak above a whisper thus preventing her from seeking a career as a singer, pretty Mrs. Ruth Norsikian sought a \$25,000 judgment in the Nebraska Workmen's Compensation Court Saturday.

Dr. Harry Stokes, throat specialist, and Dr. G. Alexander Young, psychiatrist, told the court she can talk if she wants to. Her attorney declared she couldn't if she tried.

She claims an automobile accident more than a year ago caused her to lose her voice, affecting her future as a singer.

Dr. Stokes testified she has "voluntary aphonia," which means, he explained, she can talk if she has the desire. Her attorney called it "hysterical aphonia," which both Dr. Stokes and Dr. Young agreed caused people to lose their voices without anything being wrong with them organically.

"When a person has been a failure or is in danger of losing his job," Dr. Stokes said, "they sometimes seek an escape from duty. I daresay we will see a lot of it if conscription goes through."

For two days Mrs. Norsikian has spoken no louder than a whisper in court. The thunderous assault of a workman's hammer on the floor above made no difference. Court attaches and attorneys huddled around her, football style, to hear her answers.

Fruit Suit Filed

EDINBURG—Suit has been filed in 92nd district court here, by six Valley citrus growers, seeking an accounting of their fruit sales, handled by the Pharr Citrus Association and the Rio Grande Valley Citrus Exchange, during the 1937 and 1938 citrus season.

Petitioners are Mrs. T. B. Sanders, C. O. Watson, H. E. Waldron, Dr. J. W. Conrad, F. A. Gilliam, J. O. Jameton, who contend the two citrus firms "have not rendered a true account" of their fruit handling. Plaintiffs indicated each should have received \$1000 net if the fruit had been disposed of at reasonable prices, and properly handled.

Plaintiffs asked the court to have the firms produce their books relating to certain transactions.

Robert McLeish, manager of the Rio Grande Valley Citrus Exchange, said the exchange had settled with the Pharr association and that the issue was between that association and the plaintiffs.

Death Valley and Mount Whitney, the lowest and the highest points in the United States, are within 80 miles of each other.

Willkie Urges Creation Of Cabinet Post For Air Arm

Says Military Power Rests Primarily On Air Service, So It Needs Own Head

NEW YORK—(AP)—Asserting that "the military strength of a nation now rests primarily upon its air power," Wendell L. Willkie suggested Saturday the creation of a new cabinet office to handle defense aviation.

"The primary reason Germany was able to crush France and other countries and presently bring around England to such distress was her development of planes," the Republican presidential nominee told reporters.

He said that as a long range objective there should be a secretary of defense who would have assistants in charge of air, sea and land forces.

He said, however, that it would take time to organize such a setup. "In the interim," he added, "we should create a cabinet member in charge of aeronautics. The emphasis should be upon the branch of the service that today is the most important."

Discussing the administration's defense program, Willkie said: "My impression is that we are hopelessly unprepared as to airplane production, the training of men and the gearing up of our industrial machinery to produce planes."

"We are just floundering along. Some of the failures have been due to poor organization."

Young Actress Dies Of Burns Received In Rescue Attempt

HOLLYWOOD—(AP)—Actress Edna Waldron, 25, died early Saturday of burns received last Sunday in an unsuccessful attempt to save the life of Catherine Bowman, 3, whose clothes became ignited from a fluid Miss Waldron was using to clean clothes. The child was the daughter of Mr. and Mrs. Lee Bowman of Fort Worth, Tex., who were here for a visit.

Cromwell Suggests Willkie Vs. Hoover

SEA GIRT, N. J.—(AP)—James H. R. Cromwell, former U. S. Minister to Canada and now Democratic candidate for the U. S. Senate, suggested Saturday Wendell Willkie challenge Herbert Hoover to a speaking duel on economics rather than President Roosevelt and said such debate would be "truly enlightening."

VALLEY MAPS NEW FIGHT ON TRUCK LIMITS

Kelley Will Continue Redistricting Work

EDINBURG—The Texas legislature will again be asked to grant the Rio Grande Valley relief from the state's 7,000-pound load limit on trucks.

State Senator Rogers Kelley of Edinburg, back from the recent state convention of the American Legion at Laredo, at which he was a speaker, said Saturday the truck load limit, solution of the state's social security program and important redistricting will be important projects affecting this section of the state.

Attempts to increase the truck load weight at the last general session failed by an average vote of three to one.

"There will have to be a decided change in the complexion of both the house and senate," said Kelley, "before we can expect real relief in the truck load matter." He pointed to the preponderance of sentiment among lawmakers against a change at the last session, adding that Saturday's run-off contests would mean a great deal in this direction.

The same applies to the social security program, in Kelley's estimation. Unless a working majority can be formed from the new legislative membership, the program will remain bogged down.

Kelley said he intended to renew his fight for senatorial redistricting despite opposition from many parts of the state. Over 900,000 citizens from Brownsville to El Paso are represented by two state senators, he explained, while nine members represent the same population from one part of East Texas. Kelley unsuccessfully sought last session to bring action on the redistricting proposal. He cites a major population shift from Northeast to Southwest Texas since 1920 as the principal reason for the proposed changes.

Nevill Services Weslaco Man Buried At Wolfe City

WESLACO—Following rites here August 10, funeral services were held at Wolfe City August 11 for Everett Nevill, 55, Weslaco, who died at an Edinburg hospital August 9.

At the Wolfe City services Rev. S. P. Farler was in charge. Burial was at Mount Carmel Cemetery. Pallbearers were John W. Bengt, Leon Maloney, Will Hammett, Dr. J. C. Cheatham, Grady Fowler, Ed Sharp and Quince Sharp.

Decceased was born January 31, 1885, near Wolfe City. He attended Wolfe City schools and finished at Tyler business college, and in 1908 married Miss Ora Fowler of Landonia. In 1922 he moved to Weslaco where he had made his home since.

Surviving are the wife, Mrs. Ora Nevill; four children, Mrs. Evelyn Weaver, Weslaco; Mrs. Thelma Rogers, Dallas; Everett, Jr., Port Arthur, and James Nevill, Weslaco; a brother, A. Nevill, and two sisters, Mrs. W. S. Jinks and Mrs. Nannette Fisher Johnson, of Wolfe City.

Warning Is Given On Poll Tax Buying

EDINBURG—Tax Collector Clay Everhard Friday advised McAllen residents who plan to be absent from the city until after February 1 may secure 1941 poll taxes only through an agent authorized prior to October 1, 1940.

Everhard pointed out a resident may not write back for a poll tax as he could before the city was officially listed as a city of more than 10,000. He said the population increase would also give McAllen a branch tax office during January for issuance of poll taxes.

Escaped Prisoner Of War Captured

INTERNATIONAL FALLS, Minn.—Robert Hodgson, Minnesota border patrolman stationed at Virginia, Minn., said Saturday he had taken into custody a man he identified as a suspected German fugitive from a Canadian internment camp.

Hodgson said the man gave the name of Manuel Fischer, 29, a native of Germany and citizen of Spain, who was captured by the English in Belgium and sent to Canada as a war prisoner.

Freedom For Ex-Con Lost After 4 Years

CORPUS CHRISTI—(AP)—Four years of freedom ended abruptly for George Baxter, 35, escaped convict, arrested here Saturday by city detectives who are holding him for authorities in Phoenix, Ariz.

Baxter, convicted in 1932 of a \$3,000 robbery of a J. C. Penny store, escaped November, 1936. He has been living in Corpus Christi approximately three years.

Cupid's Arch-Enemy -Miss Willie Peck

By A. D. HAWKINS

BROWNSVILLE—Miss Willie Peck of Dallas, chief hostess of Braniff Airways, wishes she could turn the tables on Dan Cupid, and give him a dose of his own bow-and-arrow medicine.

An average of two Braniff hostesses a month have married since last May, and there's no telling what September will bring, Miss Peck revealed here Saturday.

However, she denied that she plans to hire "ugly" girls to cut down the Braniff marriage rate.

Because of the consistent turnover of altar-bound Braniff beauties, Miss Peck is always glad to have a file-full of applications on hand in her Dallas office.

There are 36 Braniff hostesses currently engaged in flight duty, and they remain with the airline on an average of nine months.

Prospective hostesses must have an attractive personality, and meet other rigid requirements, Miss Peck stated.

They must have tact, poise, neat and pleasant appearance, at least two years of college education. They must weigh between 100 and 118 pounds, be between five feet two inches, and five feet, four inches, in height, and be between the ages of 21 and 28 at the time of employment.

Hostesses on the Great Lakes to the Gulf airline must also be able to speak Spanish fluently.

Miss Peck believes the position of air hostess offers an attractive and profitable career to young women, a career that is virtually an education in itself.

But, Miss Peck has other worries besides Dan Cupid.

She supervises the food service for the B-Line, and plans the tasty menus that are served aloft. That keeps her plenty busy.

Dan Cupid is the arch enemy of attractive Miss Willie Peck (above) of Dallas, who is chief hostess of Braniff Airways. She loses on the average of two hostesses a month by marriage.

ST. JOSEPH'S IS BETTERED Preparations Made For School Year

BROWNSVILLE—Improvements at St. Joseph's College have been going forward all summer in preparation for the new school session which starts September 3. The premises have been beautified, the building which is to house the new primary department has been remodeled, and the playgrounds have been leveled and rendered dustless through the generous application of heavy oil by the Rio Grande Asphalt Company.

A new department comprising first and second grades will be started in the building prepared for that purpose on the corner of Levee and Seventh Streets. This new primary department will be in charge of the Sisters of the Holy Ghost of San Antonio, and will have both morning and afternoon sessions.

A bus service up the Valley will be inaugurated for the convenience of San Benito, Harlingen, La Feria, Mercedes and Weslaco students attending St. Joseph's and Villa Maria Academies.

The excellence of the work done at St. Joseph's has been commended once more by the deputy state supervisor, Mr. E. E. Chamness, in his last report of April 18, which says:

"The school authorities are to be commended for the following—A splendid museum, a good scientific laboratory properly administered, an excellent library, good equipment generally, good conduct on the part of all the students, and a fine exhibit of school work and an excellent school throughout."

Cycle Troops Canadians Now Using Armed Scouts

LONDON—(AP)—New motorcycle reconnaissance squads made up of hard-riding sharpshooters have given the Canadian active service force in England a new striking arm and scouting force.

Adapted to counter the motorcycle raiders who shot through France, these squads are composed of three heavily armed men who ride a motorcycle and sidecar.

A machine-gunner occupies the sidecar in this mechanized version of the old-time light cavalry, setting on a revolving stool which gives him an unrestricted field of fire.

A postilion rider perches behind the driver.

A large number of the cycles manufactured in the United States for the French army were diverted to the Canadians.

Valley Solon Already Pledged 76 Of 150 Votes For Speakership Post

REP. LEONARD ASSURED OF NUMBER 2 JOB

Will Rank Second To O'Daniel Only

AUSTIN—(AP)—Debonair Homer Leonard of McAllen, veteran lawmaker at the age of 41, may occupy position in the state government next January which some believe is second only to the governorship in power—that of speaker of the house of Representatives.

The youthful-appearing legislator who will be serving his sixth term announced Saturday he had received pledges of support for that post from 76 members of the 150-member lower legislative chamber, a majority which he believes will grow.

Other representatives mentioned for the speakership include G. C. Morris of Greenville, a leader in the fight against "SJR-12," the sales-natural resource tax constitutional amendment which was defeated; Price Daniel of Liberty and Dorsey B. Hardeman of San Angelo.

Pledges Of Pledges "In many run-off races over the state," said Leonard on a visit to the capitol, "both candidates assured me of their vote. Of the 80 already elected, only four, three of whom are speakership candidates, have not committed themselves."

"I believe my election is assured and I'm grateful to my supporters. No speakership aspirant in my memory ever has had such a unanimity of support this early."

The representative, who is mighty proud of two small daughters, is owner of a printing establishment in his Rio Grande Valley home town. At one time he published a newspaper there. He will be 42 on January 14, the day the 47th legislature convenes.

Is Well Known Should he win the speakership with its power to guide proposed laws to possible adoption, the brown-eyed, medium-sized legislator, who has a license to practice law, will be a familiar figure on the rostrum.

He polished up on his parliamentary law and gavel swinging in the last session where he often presided at the request of Speaker Emmett Morse of Houston, who is retiring from the post but has been re-elected to the House.

Leonard, in decade of service, has been chairman of the House's most powerful committees—appropriations, which determines how governmental funds should be spent down to porters' salaries, and the revenue and taxation committee, which considers how the money should be extracted from taxpayers' pockets.

He also served as chairman of a number of minor committees, has a reputation for conservatism and a record that indicates a non-taxation leaning. He has voted against tax bills more frequently than for them.

Is A Tough Job In some respects the speakership, with all its honor, is a grueling job. An enormous task is that of appointing important committees, to whose limited membership virtually all representatives aspire.

Steering bills without offending friends on opposite sides of a question is a big worry requiring caution and the ultimate in fairness.

On rare occasions, the speaker must cast the deciding vote on highly controversial issues and one of his duties is untangling legislation which has become snarled in a maze of parliamentary procedure.

Nazis Go Home

Aviators Questioned At San Francisco

SAN FRANCISCO—(AP)—Four German aviation mechanics and fliers from South America were questioned Saturday when they arrived en route to Germany aboard the United States liner Manhattan. Immigration Inspector W. E. Walsh called the investigation "routine," but it lasted several hours. The Germans were returning to the fatherland via Japan and Siberia, after a period of employment at the Seadika Aviation Company in Bogota, Colombia. They boarded the ship at Panama.

The four, Guenther Kitzke, Franz Neumann, Hans Sandkamm and Ewald Flesch, declined to answer interviewers' questions whether they were summoned to the fatherland because of a growing need for aviators and mechanics.

Two Men Are Killed In Head-On Accident

AUSTIN—(AP)—Stanley McNeil, 28, and Macelino Lozano, 33, both of Austin, were dead and four persons were in a hospital Saturday as a result of a head-on automobile crash north of Kyle on the San Antonio highway shortly after midnight.

The deaths and injuries occurred when a car in which McNeil and Charles Caldwell were riding toward Kyle with four other persons collided.

Injured were Caldwell, Anita Randal, Ralph Sanchez and Mack Hernandez. All are Austin residents.

Modern Cold Storage Locker Plant Opened At Mercedes; Will Enable Farmers To Preserve Home Meats

Interior Of New Cold Storage Locker In Mercedes

MERCEDES—The Valley's new cold storage locker plant, and one of the most modern meat and vegetable preservation plants in the state, was officially opened at Mercedes Friday by the Central Power and Light Company.

This new cold storage system installed for the purpose of enabling farmers to preserve their meat and vegetables in fresh condition, contains 200 standard size steel lockers and also a pre-cooling room, a quick freezing cabinet and a meat cutting and wrapping room fully equipped with meat block knives and all cutting tools to enable farmers to bring in their

LEGION PLANS MEMBER WORK

McAllen Post To Seek New Enrollments

McALLEN—Plans for an American Legion membership drive to start in a few weeks were made Friday night at the regular meeting of the McAllen post.

With 176 men signed as members of the local post, every effort will be exerted to raise the membership by contacting all former members who have become delinquent or resigned Commander Hal Ramsey said.

Ramsey, Bolton Hyde and George Chapapas gave their official reports on the state convention held in Laredo last week.

Tentative plans for the organization of a Sons of the Legion drum and bugle corps or band were discussed but shelved to a later date, Ramsey reported.

Two Power Plants Will Be Combined

WASHINGTON—(AP)—The White House said Saturday that President would coordinate the power resources of the Columbia River by combining the marketing of power produced at the Bonneville and Grand Coulee dams under one agency.

Press Secretary Stephen Early said the transmission network now under construction by the Bonneville Power Administration would carry the low-cost power from both developments through the Pacific northwest.

Ireland To Censor News Of Fight Now

CAROL ORDERS NEW PARLEYS

Transylvania Talks Appear Re-Opened

TURNU SEVERIN, Rumania—(AP)—Pressure from King Carol's palace, reported to have originated in Berlin, appeared Saturday night to have opened the possibility for a resumption of the Hungarian-Rumanian conference over Transylvania, which had collapsed earlier in the day.

After delegates announced there was no possibility of continuing their negotiations and were even at the railroad station waiting to go home, a new communique was issued jointly by the Hungarians and Rumanians expressing "hope that the negotiations will be resumed in the shortest time."

No decision was reached as to when and where the arguments would begin again over Hungary's demand for the return of Transylvania, lost to her after the World War.

The original communique, which was formally withdrawn at the request of the Rumanian delegation after it had been public for hours, had read:

"In view of the fact that no common basis can be found for continuing the discussion, on the request of the Hungarian delegation the conversations have been declared closed."

Later, while the Hungarians were preparing to leave, the Rumanians conferred over the telephone for hours with their government in Bucharest, which was represented as "intensely dissatisfied with the decision to break up negotiations."

Then, after much scurrying about, it was finally decided to issue the new communique.

Border Patrol Gets 19 New Appointees

McALLEN—Of 23 probationary appointees to the United States Border Patrol reporting here, 19 have been assigned to the field. Chief Patrol Inspector Fletcher L. Rawls said Friday. Seven others who have completed a month's work at El Paso have also been assigned to the McAllen sub-district.

Of those released by the El Paso school, Faler L. Armitage, Francis Quebedeaux and Marmaduke B. Brown are stationed at McAllen; R. O. Ruffin and Omar L. Hix at Falfurrias and William Britt at Brownsville.

Colonel Of French Unit Joins English

LONDON—(AP)—Foreign office sources announced Saturday that Colonel De Laminat, chief of the general staff of the French near eastern army, has arrived in London and joined Gen. Charles De Gaulle's "Free French" forces fighting alongside the English.

The colonel reported on the strength of regiments of French troops which have left Syria for Egypt where they are forming a combat unit to aid the British. King George Saturday reviewed the French army under the command of General De Gaulle somewhere in Southern England.

Valley Theaters Stage Contest To Name 'Miss Texas' For Big Premiere

Finals To Be Held In Harlingen Friday, 13th

BROWNSVILLE—Valley girls will have a chance to vie for the honor of being "Miss Texas" in a contest to be conducted by Interstate Theaters, Incorporated, and Texas Consolidated Theaters, Incorporated, Frank O. Starz, Dallas, advertising and publicity director for the firms, said here last week.

The contest is to be held to select a typical Texas girl to attend the world's premiere September 19 in Fort Worth of "The Westerner," a Samuel Goldwyn production portraying the life of Judge Roy Bean.

Contests will be held September 9 in McAllen, San Benito, Brownsville and Harlingen, Mr. Starz said. One to three girls will be selected in each Valley town, the winner of those will be picked Friday, September 13, in Harlingen.

She will enter the statewide contest September 19 at Fort Worth where she will be the guest of the theaters.

Mr. Starz was accompanied to the Valley by Joe Sheu, personal representative of Samuel Goldwyn.

Walter Brennan is to portray Judge Bean in the film. The other leads will be played by Doris Davenport, a new star, and Gary Cooper.

Study Abandoned

Young Peru Mother Case Delayed

CHICAGO—(AP)—A committee of noted Chicago physicians announced Saturday the abandonment, for the time being, of a proposed scientific study of Lina Medina, Peruvian child mother.

Physicians in Peru said the mother was only five years old when she bore a child May 14, 1939. She and the baby were to have been examined by Chicago physicians here this month.

A statement by the committee said: "Until methods can be developed for financing such study without public exhibition of the children, it is felt that the whole matter should be dropped and the committee disbanded."

Hot Pants

DALLAS—(AP)—Between 30,000 and 40,000 pairs of trousers were destroyed here Saturday when fire damaged the storage rooms of a Dallas pants factory.

Whose face will fill this spot Sept. 13? Valley girls are to participate in contests sponsored by four theatres to select "Miss Texas" to go to Fort Worth for the world premiere of "The Westerner."

French Leave Ship To Aid The British

BRITISH SHIP SHOOT'S MATE

Explanation For Act Is Lacking

JERSEY CITY, N. J.—(AP)—The radio operator of the American export liner Exeter, which returned Saturday from Lisbon with 175 passengers, including 99 aliens, told of hearing wireless messages reporting the shelling of one British ship by another.

It occurred August 19 about 600 miles west of Lisbon, said the operator, Robert Redman of Atlantic City, N. J. He first picked up a message from the Rowallan Castle, 7,798-ton freighter, saying "shelled by raider." Later came another message: "Still chasing us and gunning."

After the Exeter had given her position and asked whether she could aid the Rowallan Castle, Redman said he heard the 11,136-ton liner Cirassia reporting to England: "We fired on Rowallan Castle." There was no explanation, Redman said.

The overloaded Exeter—24 passengers slept on cots in the lounge—left Lisbon August 15 and stopped at Bermuda, where 315 sacks of mail from Switzerland, Spain and Portugal were removed for censorship.

Freezing Weather Hits New York Area

BUFFALO, N. Y.—(AP)—New York residents awoke Saturday to find "topcoat" weather as the temperature tumbled to below freezing levels in some sections and established new records for the date.

The mercury touched 28 at Dexter Airport, base for airplanes at the recent war maneuvers, and 26 at Wanakena in northern New York.

Briggs Is Awarded Job At Kelly Field

PHARR—R. W. Briggs and Company, Pharr, has been awarded a \$14,987 contract for earth excavation and hauling at Kelly Field, San Antonio, according to announcement by the War Department Saturday.

Date for completion of the project was not announced.

Girls Softball Tournament To Open Monday

Eight Teams Will Battle At Harlingen Two Games Carded Each Night

HARLINGEN—With eight teams entered, the Harlingen Kiwanis Club Invitation girls softball tournament will get under way here Monday night at 8 o'clock.

N. O. Berry, chairman of the civic club's athletic committee, announced Saturday that everything was in readiness for the tournament. Changes have been made in the seating arrangement at the junior high school field and the playing field has been worked over and is in excellent condition.

The opening game Monday night will pit Sebastian against San Perito and the second contest the same night will see Brownsville going against Mercedes. Tuesday night's schedule calls for the La Feria high school team to meet the Harlingen Optimists and the Mission Flyers to collide with Rio Hondo.

The winner of the final game will see the Valley with another champion as the La Feria Girls, winner of three Valley tournaments, will not compete in this tournament.

The double elimination system of play will be in effect, giving each team two chances to win the flag.

With the tournament expected to ring down the curtain for girls softball in the Valley, large crowds are predicted to witness all the contests. Many of the teams have advanced and they have strengthened in several positions and a fast brand of softball is assured.

Spilman Winner Of Two Titles

McALLEN—With most of the men's tennis matches left to be played in the Valley Open tournament here, Wade Spilman of Mission has taken the junior singles championship and with his fellow townsman, Frank Evers, has captured the junior doubles title.

Spilman breezed through Gene Fowler of McAllen 6-0, 6-0 in the quarter-finals Saturday. He and Evers defeated Warren Jackson of Harlingen and Fowler 6-3, 6-0 in the doubles finals.

Fowler advanced to the finals by upsetting second-seeded Evers in a hard-fought match 6-8, 6-3, 6-2 and taking Roland Krueger of Mission 6-0, 6-2 in the semi-finals. Spilman drew a bye in the first round and eliminated Warren Jackson of Harlingen 6-0, 6-0 in the semi-finals match. There were only two entries in junior doubles.

Having won the Fourth of July tournament, Spilman was seeded first in both men's and junior singles.

Eight senior doubles teams and 15 singles players are entered. Seeded first in doubles are Sonny Hassness and Ernie Richmond of McAllen. Walter Brandt of Pharr and C. E. K. Garza of Westaco form the only other seeded doubles team.

Following Spilman in the seeded players in men's singles are Brandt, Richmond, and Raymond Miller of San Juan. Chuck Wagner of Mission battled Brandt to a 6-2, 2-6 draw Friday before darkness forced postponement. Richmond is to play Hassness and Miller meets Bob St. Clair of McAllen. Spilman drew a bye.

In the only other men's singles matches, Granger Smith, Jr., McAllen, eliminated Si Cassidy, McAllen, 6-2, 6-2.

Other entries include Frank Evers, Sr., Mission, and Jack Parker of McAllen.

Hagen Arrives For PGA Tourney

By TOM REEDY
HERSHEY, Pa.—(P)—Two days early—a rarity for him indeed—Walter Hagen blew into Hershey Saturday for the 1940 PGA championship, counting himself "neither in nor out" of the competition he dominated in the 1920's.

"I'll just wobble around and see what happens," the 47-year-old Hagen mused, "I haven't hit a ball in three weeks."

Hagen, five-time PGA king, will meet other past champions in an 18-hole exhibition match Sunday as a prelude to the qualifying rounds which start Monday morning.

The 63 in the 36-hole test will be eligible for match play starting Wednesday and going through the week to the 36-hole final next Sunday. Henry Picard, defending title and home pro, is exempt from qualifying.

The tournament committee, headed by Ed Dudley, chairman for four years, adopted rules for local conditions—such as out of bounds penalties—in a brief session Saturday.

Meanwhile the professional brigade, here in full force, thronged the 7,000-yard Hershey Country Club course for practice sessions in which the 73-par took a beating. Al Brosh of New York put together a three-under par on the front nine in a tangle with Denny Shute, two time winner of the event who hasn't conceded a stroke to par in three days of practice.

TEXANS 7: BOOMERS 3
KILGORE—(P)—Longview overcame an early Kilgore lead here Saturday night and went on behind steady pitching by Hinton to win 7-3.

published, Cleveland had no player hitting above .318 while only four of the Indians had driven in more than one run. Consequently, it looks as if pitching and fielding are keeping the Redskins up there.

Gordon Scores For Yankees

Joe Gordon, Yankee second baseman, is shown sliding home to score in the first inning of a game with the Cleveland Indians at New York. Tommy Henrich hit to Roy Weatherly, who tossed to Ray Mack, who threw to Rollie Hemley (left). Hemley dropped the ball. New York won, 5 to 3.

Coach Meyer Is Picking Four Teams To Beat Frogs

PORT WORTH—(Sp)—In spite of the fact that he has picked the possibly four, of the seven Southwest Conference teams to finish ahead of T.C.U., Coach Duane Meyer hopes to pilot his 1940 Horned Frogs to a first-division berth in the final standings.

Tennis

BROOKLINE, Mass.—(P)—Tennis form was blown to bits by a chilly Northwest wind in the National doubles tennis semi-finals at Longwood Saturday and with it went the nation's No. 1 men's team, Frankie Parker, of Beverly Hills, Calif., and Don McNeill, of Oklahoma City.

Third-seeded Jack Kramer, of Montebello, Calif., tied Schroeder, of Los Angeles, trailed a gallery of 3,700 by out-playing the favorites in every department for a 10-8, 2-6, 7-5, 6-3 victory.

Mrs. Johnny Van Ryn, of Austin, and Dorothy Bundy, of Santa Monica, Calif., about the same time, became the first unseeded women's team in history to gain this tournament's final round by crushing Mary Hardwick and Valerie Scott, the British Wightman Cup stars, 6-3, 8-7.

Kramer and Schroeder qualified for the championship match Sunday against Gardner Mulloy, of Coral Gables, Fla., and Henry Prusoff, of Seattle, the fourth-ranked duo, which defeated unseeded Russell Bobbitt, of Atlanta, and Frank Guernsey, of Orlando, Fla., 9-7, 4-6, 7-5, 6-4, in the other men's semi-final.

Although the weather was more suitable for football than tennis, defending champions Alex Marble and Sarah Palfrey displayed their customary highly-polished game as they became finalists for the fourth successive year by romping over Patricia Canning, of Los Angeles, and Virginia Wolfenden, of San Francisco, 6-3, 6-3.

EL DORADO, Ark.—(P)—George Dunklin of Pine Bluff, defending champion, and Lou Faquin of Memphis, seeded Number 2, advanced Saturday in the finals of the sixth annual Tri-States tennis tournament here.

Dunklin defeated eighth-seeded Fred Royall, Dallas, 6-2, 6-0, 6-2 in the semi-finals and Faquin disposed of Billy Wilkins, Dallas, 7-5, 6-4.

The junior singles finals became an All-Louisiana affair when Perry Angle of Shreveport defeated his fellow-townsmen, top-seeded Joe Stephens, 3-6, 6-3, 7-5, in the semi-finals and Vince Destegano, unseeded darkhorse from Alexandria, trounced Dick Elliott of Trinity, Texas, 6-6, 6-1, 6-6.

Elliott and Billy Tobola, Houston, Texas, advanced to the junior doubles finals with a 6-4, 6-4 victory over C. L. Chambers and Charles Cook, Little Rock. They will meet Destegano and Billy McLaney of New Orleans who ousted Billy James and Willie J. Evans, Alexandria, La., 6-1, 6-3.

All finals will be played Sunday.

CLOVIS, N. M.—(P)—The men's singles crown belonging to Glyndon Riley, Canyon, racqueteer, will be in for plenty of buffeting here Sunday in final matches of the annual West Texas-New Mexico Open tennis tournament.

Riley, in the semi-finals, faces prospects of meeting any one of five top-notch courtmen. They include Dale Dellinger, Albuquerque; Dub Rushing, Lubbock; Bob Burnett, Albuquerque; and Sid Moore, Lubbock, all serious title contenders.

David Storey and Ed Moore, of Lubbock, went into the finals of the junior doubles.

Price Of Ducats For Grid Tilts Fail To Change

Few Colleges Have Cut Scale

NEW YORK—(P)—Come what may in the form of war, conscription or higher taxes, the price of prime football tickets will remain about the same this fall.

The bug who insists upon drinking a full schedule of eight important college games can count upon laying out in the neighborhood of \$24 for seats alone, not counting the so-called extras such as food, transportation and insurance against the cold.

This information was gathered through a hopeful inquiry at leading schools of learning all over the country. It was thought barely possible in view of the melancholy world situation, that there might be a little price cutting here and there. But the student managers apparently have been in seclusion lately, figuring out some method of seating 50,000 persons on the 50-yard line.

The University of California alone has done some important whitening on its prices, reducing the cost of its home games from \$2.65 to \$1.65. The Golden Bears, however, merely are scaling their price to get in line with the other members of the Pacific Coast Conference. Besides, they had a surplus of \$93,000 last season.

Otherwise, no important school with a high caliber, heavy eating football eleven has made a general reduction, though Harvard has decided to sell a certain number of distant seats for the Yale game at \$2.20. It has been 30 years since anybody bought a seat for the classic meeting of the Crimson and the Blue at such a ridiculously low figure. The 50,000-odd seats on the 50-yard line will, of course, continue to retail at \$3.85 a copy.

Temple University, not playing such a hot home schedule this year, has reduced the cost of its season tickets by \$1, but it would be necessary to commute to Philadelphia all fall to take advantage of this orgy of price-slashing.

Southwestern at Memphis has brought its top price from \$2.75 down to \$2.20, "due to a general feeling that \$2.75 was too steep."

In the Big Ten, the Big Six, the Southwest Conference, and in the East and in the South, they are standing pat, and every man is worth a living wage Georgia Tech, in fact is boosting the ante for its tussle with Auburn from \$2.50 to \$3.00. Minnesota went up 50 cents last year, and the only reaction was that Gopher fans dug a little deeper.

Most severe loss from graduation (14 in all) is at ends, where both Don Looney and Duward Hopper, three-year lettermen, will be missed. Meyer has three letter ends, one sophomore and two soph in the first six.

Weakest spot, so far as reserves are concerned, is center. The Frogs have a tradition of great centers, and Capt. Clarence ("Lefty") Alexander will stand up with the best. However, there are no experienced men behind him. Coach Meyer believes strongly in Billy Blackstone, 195-pound soph from Hearne, as Capt. Alexander's understudy.

What looks to be the starting 11 just now will average 201 pounds, the heaviest team T.C.U. has put on the field for several years. The line will average about 209 and the backfield around 187.

The first 11 includes Connie Sparks and Phil Roach, ends; Woodrow Adams and Palmer, tackles; Bill Crawford and Ennis Kerlee, guards; Capt. Alexander, center; Gillespie, quarter; Nolan Sparks and Ramsey, halfbacks; and Frank Kring, full.

Behind these men, rating as the second team on the present dope, will be Ronnie Brumbaugh and Drummond Slover, ends; Leonard Pugh and Harry Moore, tackles; Ray Standley and Bobby Sherrod, guards; Blackstone, center; Bagley, quarter; Gus Bierman and Logan Ware, halfbacks; and Paul Smith, full.

As regards the army conscription possibility, T. C. U. has 22 boys who are 21 years of age or older. Of these, five are listed as first-stringers—Gillespie, Adams, Kring, Capt. Alexander and C. Sparks. Four are listed as second-stringers—Ware, Sherrod, Standley and Smith. Four are listed as third-stringers and nine as squads.

The 1940 T.C.U. schedule: Sept. 28—Centenary at Fort Worth. Oct. 5—Arkansas at Fort Worth. Oct. 12—North Carolina at Chapel Hill, N. C. Oct. 19—Texas A and M. at College Station. Oct. 26—Tulsa U. at Tulsa. Nov. 2—Baylor at Fort Worth. Nov. 9—Detroit U. at Detroit, Michigan. Nov. 16—Texas at Fort Worth (Homecoming). Nov. 23—Rice at Houston. Nov. 30—S.M.U. at Dallas.

Links Tourney In Semi-Finals

BROWNSVILLE—Play for the Erwin Belluder trophy in the annual Pan American Airways employees' tournament at the Brownsville country club enters the semi-final go-round this week.

All but one of the quarter-final matches had been played off Saturday. Frank Godwin has been out of town and his match with A. Alonso still is to be settled.

Other quarter-final plays saw M. Gomez H. take Joe Escalante two and one, W. Lynch defeat O. J. Studeman five and four and O. Wallace defeat W. M. Pryce seven and five.

Slated for the semi-final matches this week are W. Lynch against M. Gomez H., and O. Wallace against winner of the Frank A. Alonso match.

The final match for the Belluder trophy will be played the following week.

McNair Enters State Junior Golf Tourney

BROWNSVILLE—James (Chulo) McNair, Valley high school golf champion, will go to San Antonio to compete in the Junior Texas Championship Tournament which gets under way Tuesday.

McNair, who carries a two handicap on the Brownsville course, made a creditable showing in the State Tourney last year.

He plans to return in time to compete in the Valley Championship Tournament to be played over the Harlingen course.

GALLAGHER ILL
OKLAHOMA CITY—(P)—Edward Clark Gallagher of Oklahoma A. & M. College, whose machine-like production of championship wrestling teams has made him one of the world's most famous coaches, was critically ill of pneumonia in a hospital here Saturday night.

Gallagher was "practically unconscious" when he arrived here a few hours before in an ambulance from his Stillwater home and was placed in an oxygen tent.

His son, Dr. Clarence Gallagher, was in charge of arrangements.

Dodgers To Use Power—Jock Plans Passes, Too

AP Feature Service
PRINCETON, N. J.—Professional football called in the doctor and he is preparing to give the pro league's teams some bitter medicine.

Here in Princeton the solid and solemn Dr. John Bain Sutherland is readying the Brooklyn Dodgers for his first professional campaign. They'll have the speed and smartness, the biff and bash power that characterized Sutherland's famous teams at Pittsburgh.

Jock's football coaching has been limited to college play but he put in a pretty busy fall last year watching pro games with a keen eye and a thick notebook. He doesn't feel that he will be at too great a handicap in a league full of veteran pro coaches. For Jock is a sort of football genius, as his University of Pittsburgh record shows and his foes will readily admit.

Sutherland got the reputation at Pittsburgh of being disdainful of the forward pass. This, Jock says, is incorrect. He will produce figures to show you that Pittsburgh gained more by passes, season after season, than any of its rivals. Perhaps the Pitts don't throw as many passes or use them as judiciously as some of their opponents, but they gained more ground.

Jock is a hearty supporter of the pass, both as an offensive weapon and as a threat. But he doesn't see much point in risking a thrown ball when you're doing all right along the ground with the pigskin tucked safely under your elbow.

However, Sutherland wants it clearly understood that his Brooklyn have a flock of passing plays in their repertoire. "When the pass seems the correct play we will throw passes," Sutherland said. "And," Jock added, "catch them."

One bad break struck Sutherland even before the training season opened. His best back, Ace Parker, suffered a broken leg some time ago while playing baseball. The leg did not heal well and had to be broken. Sutherland is afraid it will handicap him this year.

Chief early season interest in pro

JOCK SUTHERLAND
football will center on the fortunes of Sutherland, for years the tall, silent Scot of Pitt's victorious teams before Dan Topping signed him to tutor the Dodgers.

30,000 Valley Aliens To Begin Registering

Mountainous Task Faces Border Postal Men In Listing Data On Many Foreigners

McALLEN—An estimated 30,000 Valley aliens will start telling Uncle Sam's postal employees all about themselves in 14 Valley post offices Tuesday morning as the opening day of the alien registration and fingerprinting program begins.

If they refuse, they are liable to a \$1,000 fine or six months in jail. Valley District Postal Inspector W. M. McMillan said the number of resident aliens in the Valley is estimated between 25,000 and 30,000. All of them will be listed before Dec. 26, the official closing date for the registration, ordered by the United States Congress to ascertain who is living in this country as a non-citizen.

IT'S OUR WAR, SAYS YARNELL

Urges Aid Be Given Britain, China

NEWPORT, R. I. (AP)—Rear Admiral Harry E. Yarnell, U.S.N. retired, former Asiatic fleet commander, urging "all possible aid" for Great Britain and China, said Saturday the United States' future existence as a nation "depends on the overthrow of the two great despots in the East."

"It is our war as much as that of Great Britain and China," he said in an address prepared for a reunion of the second naval district association.

"And make no mistake," he added, "the outcome of the war in Asia is as important to us as that in Europe."

"As for Great Britain," Yarnell said, "we can send planes, destroyers and other necessary naval craft and repeal the neutrality and Johnson acts in order that the necessary food and munition supplies may reach her."

"As for China, we can stop war material going to Japan, insist on the opening of the Burma Road, make the necessary loan to support the nationalist government, and strengthen the Asiatic fleet, basing the reinforcements at Singapore."

Farm Finance

Work Of Federal Unit Is Explained

DONNA—J. R. Padgett, Assistant district supervisor of the Farm Security Administration, gave an interesting report on the activities of the F.S.A. at the regular meeting of the Donna Rotary Club Friday noon.

Padgett said the F.S.A. was set up to assist the small farmer in securing adequate finance, only after all other sources of obtaining money had been denied him.

He outlined the new artificial breeding program, the packing plant and oil mill programs, as well as the farm purchase division. Padgett has recently been appointed assistant for the newly enlarged district which includes Corpus Christi, Kingsville and Falfurrias. He accompanied J. W. Evans, district supervisor to Dallas Saturday. A state meeting is to be held there next week.

This week's program was in charge of Emory Muckelroy. Everett Knapp of Westlaco was a visiting Rotarian.

Clyde Mallory Ship Will Dock Monday

BROWNSVILLE — The SS Brazos of the Clyde Mallory Lines is to dock Sunday to load cargo for Houston, Charleston, New York and Boston. It will sail Monday afternoon.

The coastwise freighter will pick up about 2,000 bales of Valley cotton for New England mills, and also general cargo including canned goods, the Philen Shipping Company said.

The largest meat refrigeration plant in the world is at Buenos Aires, Argentina.

McAllen To Sponsor Valley's Biggest Model Plane Contest

Kiwanis Club, New Aero Nuts Club To Raise \$250 In Prizes For First Event

McALLEN—Scores of airplanes will swarm through the skies near McAllen this winter when the Kiwanis club and the McAllen Nuts stage the Valley's biggest model plane competition.

The contest will be conducted under rules of the National Aeronautical Association and in records set will be accepted as official NAA marks.

J. B. Ashcraft, chairman of the Kiwanis committee sponsoring the local model club, said \$250 in prizes will be awarded. The exact date for the meet is to be announced later. The first local meet will be held at the McAllen airport Sunday morning, September 8, for the Aero Nuts. Ashcraft said. Prizes will be given in each of the three classes: beginners, advanced rubber powered models and gasoline powered models. About 30 entrants are expected. Club members only will be eligible.

The club expects to receive a charter from the Academy of Model Aeronautics, a division of the NAA, within a short time. A minimum of 10 members must have AMA licenses before the club is eligible

Machinery was geared in the following post offices to take care of the thousands who will register: McAllen, Rio Grande City, Mission, Edinburg, Pharr, Donna, Weslaco, Mercedes, La Feria, Harlingen, San Benito, Brownsville, Port Isabel and Raymondville.

Session In McAllen
Postmasters and employees from these stations met in McAllen Friday to obtain last minute instructions from McMillan and United States Customs Patrol Inspector E. L. Hahn of Harlingen.

To begin with, the offices will be opened all day. After time proves the necessity of observing hours in addition they will be set, McMillan said. The hours most convenient to the applicants for registration will govern the working day for the postal employees during the registration period. McMillan said. If applicants demand night hours, they will be accommodated. Sufficient personnel, with the ability to speak Spanish, will be provided.

Information required by the U. S. department of justice and the immigration and naturalization service includes: Name, now, name when entering the states, professional names, nicknames, aliases, address, where born, citizen or subject of what country.

Must Tell Of Arrival
Color, weight, height, marital status, when arrived in the states the last time, method of arrival, type of entry; permanent resident, visitor, student, treaty merchant, seaman, official of foreign government, employee of a foreign government official; date of arrival, years resident; usual and present occupation, name of employer, activities engaged in during the past five years (memberships or activities in clubs, organizations or societies), military service with branch and dates, relatives, criminal record and a statement concerning affiliation with or activity in organizations devoted in whole or part to influencing or furthering the political activities, public relations or public policy of a foreign government.

Aliens will be required to swear to the accuracy and completeness of their statements before registration officers. Registration of all aliens and fingerprinting of all over 14 years old is compulsory. A fine of \$1,000 and imprisonment for failure to register, for refusal six months is prescribed by law to be fingerprinted or for making registration statements known to be false. A receipt card will be given all who register as evidence of registration.

Band Boosters Ask Aid With Program

BROWNSVILLE — Otto Manks, president of the Brownsville Band Boosters club, Saturday invited civic organizations here to name a representative to a proposed patriotic program committee.

The committee, Mr. Manks said, would select a program for the Brownsville school band to play following the benefit band boosters' barbecue September 19 here. Barbecue proceeds are to finance the band.

Fall To Continue
Along Rio Grande
BROWNSVILLE — The Rio Grande has dropped 1.6 feet at Brownsville in 24 hours and will fall all along during the next 24 to 36 hours, it was forecast.

The river stage Saturday morning was 9.4 feet. Flood stage is 18 feet. Similar readings were reported all along the river to Laredo.

CAPTAIN EASY BY ROY CRANE

PANAMA: BRAINS THAT'S WHAT IT TAKES. I CLEANED THE CAPTAIN OF THE NELSONS' YACHT IN A POKER GAME AND HE COULDN'T PAY OFF. HA, HA! SO I PUT ON THE SQUEEZE. I FORCED HIM TO REPLACE HIS CREW WITH SOME OF MY BOYS

WAT OF IT?

SIMPLY THIS, MY LITTLE BUTTERCUP THE NELSON DAME HAS BOUGHT THE TWELFTH LARGEST DIAMOND IN THE WORLD. SOON IT WILL ADORN YOUR PRETTY THROAT

OH, DAR-LEENG! OW WONDERFUL!

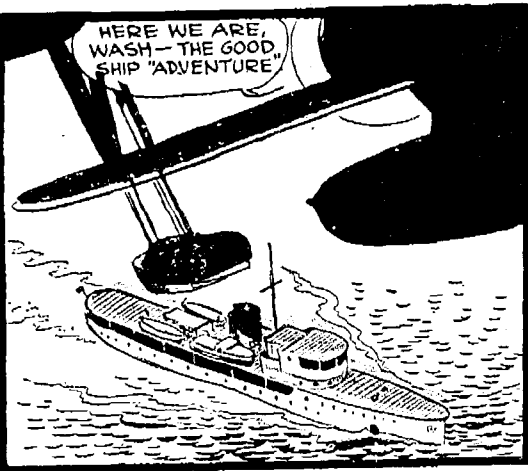

ABOARD THE NELSONS' YACHT, BOUND FOR HAVANA:

OH, WHAT A FOOL, I'VE BEEN! I RADIOED THE OLD MAN I WAS EXPECTING TROUBLE, BUT WHY DOESN'T HE COME? WHY DOESN'T HE **DO** SOMETHING?

HERE WE ARE, WASH—THE GOOD, SHIP "ADVENTURE"

EH? WHAT'S THAT?

THROW US A LINE. WE HAVE A MESSAGE FOR MISS GINGER NELSON

OF ALL THINGS! IT'S A NOTE FROM DADDY. HE THINKS AUNTIE AND I ARE IN DANGER, AND WANTS US TO FLY HOME

I KNEW IT! I KNEW IT! FROM THE MOMENT I LAID EYES ON THIS CREW I KNEW SOMETHING WOULD HAPPEN. IT'S ALL BECAUSE OF THAT **DIAMOND** YOU BOUGHT, TOO!

BUT HOW SILLY, AUNTIE! YOU TALK AS THO WE WERE IN THE MIDST OF A BAND OF PIRATES

NOT ANOTHER WORD, YOUNG LADY. WE'RE PACKING OUR THINGS. THE ENTIRE HISTORY OF THAT DIAMOND IS NOTHING BUT TROUBLE AND BLOODSHED. IT'S GOT A CURSE. SOMETHING'S GOING TO HAPPEN. I CAN FEEL IT

VERY WELL, AUNTIE. WE'LL LEAVE

AND I'LL WANT TO TAKE THE DIAMOND WITH ME, CAPTAIN LARSEN

CERTAINLY, MISS GINGER

WHAT THE HECK WE GONNA DO, MIKE? THE DAME'S GOIN' AWAY!

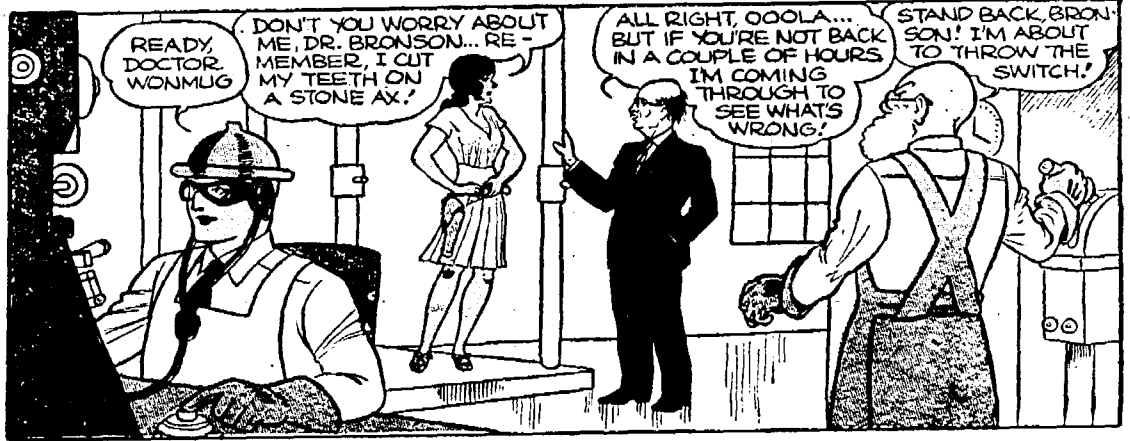

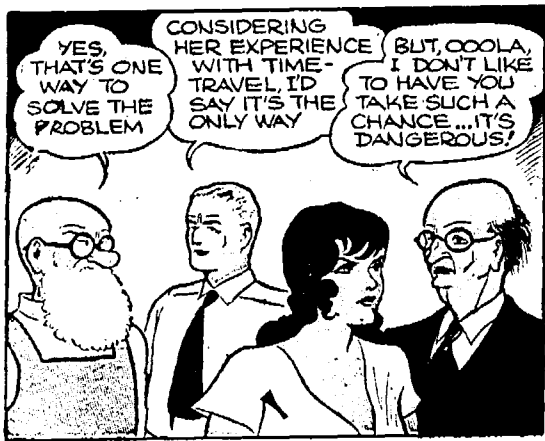

OH, NO SHE AINT! NOT WITH THAT DIAMOND

PING! PING!

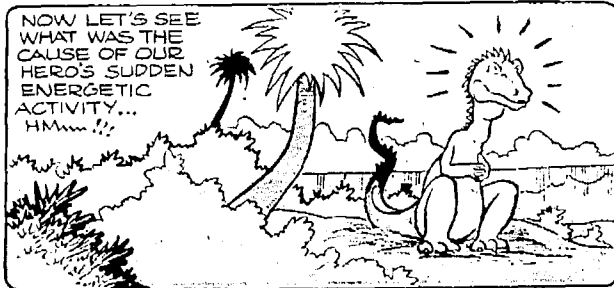

THERE! I PLUGGED THEIR PONTON FULLA HOLES. THEY CAN'T LEAVE!

Heart Of London In Smoking Ruins As Nazi Bombers Raid Capital Of Britain

ADOLF HITLER LEAVES FOR FRONT LINES

London Raided Three Times Saturday

NEW YORK—(P)—The National Broadcasting Company said Saturday night that both Italian and British radios had reported that Adolf Hitler has left for his "front line headquarters" somewhere in France "where large military operations are taking place."

LONDON (Sunday)—Germany's air warriors hurled their first direct assault of the war against the heavily protected city of London last night and early today, leaving part of the heart of the British empire in smoking ruins after a furious and prolonged bombing.

The Nazi bombers kept up their work in sporadic attacks on into the dawn but the big raid of the night was upon the city itself.

That huge onslaught was the third time in 24 hours that Londoners had hurried for air raid shelters by alarms in the metropolitan area. In all, the greater London section has been raided six times since August 15.

There was no estimate of casualties or damage, but first reports said nothing of serious damage to military objectives.

Naval Bases Bombed

The intense attack upon London followed mass assaults against the Portsmouth naval base and southeast England in which the air ministry news service estimated the Germans used 800 bombers and fighter planes.

One screaming attack by a dive bomber who dropped a big incendiary bomb in the face of the full power of the city's defenses touched off the biggest blaze of the night marked by several fires throughout the city.

As the din of battle sounded overhead, the fire blazed fiercely. The

M'ALLEN LETS GAS CONTRACT

\$125,000 Bonds To Be Sold For Plant

McALLEN—The city of McAllen set up the machinery Saturday afternoon for the construction of a municipal gas distribution system by awarding the installation contract to the Texas Automatic Sprinkler Company of Dallas, appointing a board of trustees to manage the company and authorizing the issuance of revenue bearing bonds up to \$125,000.

The system is expected to be completed within four months. It will serve industrial consumers primarily. Domestic users may be provided with fuel where practical.

Dallas Firm Wins

The contract was awarded to the Dallas company, one of three firms seeking the job on low bid of \$25,011.70 for installation of the system, using cast iron pipes throughout. The contract was approved by the commissioners, on recommendation of M. T. Garrett, head of the Garrett Engineering Company, Houston, retained by the city to act as supervisory and advisory engineers.

Other offers were from Wilson-Seward of Plano, bidding \$28,869.70 for steel pipe and \$28,146.90 for a cast iron pipe system; and Gerald Maro of Houston, \$24,308.00, steel, and about \$26,000 for cast iron. The commissioners took the recom-

US Gets Long Lease Of Bermuda's Sound For Air, Navy Base

HAMILTON, Bermuda—(P)—The great sound of Bermuda will be made available to the United States for an air base and possibly for a naval base, on a 99-year lease, Major General Denis Bernard, governor of Bermuda, informed a special session of this British colony's assembly Saturday.

The legislature first had received assurances that the unprecedented step would have no effect on Bermuda's status in the British Empire.

Passport Help Pledged

Hull Authorizes Cards Effective Aug. 28

WASHINGTON—(P)—The state department announced Saturday night that it had worked out an arrangement to facilitate the border crossing for temporary visitors from Canada, Newfoundland and Mexico without sacrificing "effective control" of this traffic.

Secretary Hull has now authorized American consular and diplomatic officers to inaugurate a modified policy August 28.

On that date they will begin issuing non-resident aliens' border crossing identification cards to citizens of Canada, Newfoundland and Mexico who reside in those countries, and to British subjects living in Canada and Newfoundland.

These cards will be valid for visits not exceeding 29 days and for any number of such visits during one year without the necessity of registration and formal fingerprinting.

The application form which must be filled out will be very simple, the announcement said.

Trotsky Killed Partly Because He Tried To Balk Love Affair, Letter Says

BROWNSVILLE—Frank Jackson, slayer of Leon Trotsky, exiled Bolshevik, decided to sacrifice himself, partly because of his love for a woman that was being thwarted by Trotsky, and also to rid the working class of its "crucial enemy" according to a letter found in Jackson's pocket by Mexican police.

A photograph of the letter, which was written in French, was received here Saturday, and was translated by the Rev. Father O. Valence, S.O.M.I., venerable priest of Immaculate Conception Church.

Trotsky had attempted to break the engagement of Jackson, presumably to Sylvia Ageloff, the letter also implied.

RUMANIA AND HUNGARY CALL UP RESERVES

Hitler's Order For Peace Ignored

WAR EXPECTED

Balkan Parleys On Province Collapse

By The Associated Press

BUDAPEST, Hungary—(P)—An effort to settle peacefully Hungary's claim to the Rumanian province of Transylvania collapsed Saturday and both countries called up reserve fighting men.

In Turnu-Severin, Rumania, Hungarian and Rumanian delegates walked down for the last time from the hall in which they had been negotiating intermittently for 10 days.

They not only had failed to find the answer to the Transylvanian question, apparently they had failed Adolf Hitler in what amounted to his direct order that a solution must be reached that would prevent war from breaking out in the Balkans and thus interrupting the agricultural and industrial production so vital now to Germany in her war with Britain.

Although a Hungarian spokesman indicated his government's policy merely would be one of watchful waiting for the present, he declared the possibility of war over the long-contested territory "has not been eliminated."

Army Move Blamed

Friction over the dispatch of two Rumanian divisions to Transylvania this week was reported to have figured in the breakdown of the conference.

In Budapest the news of the failure followed quickly not only by the summoning of army reservists—as Rumania had done—but by other war-like steps. Additional soldiers were put on guard about the national railway system; auto bus and taxicab companies restricted their regular service to have military transport available.

Newspapers prominently reprinted Italian press comment that Hungary's right to Transylvania—which was part of the old Austro-Hungarian empire before the world war—was beyond debate; "above discussion."

Wanted Big Slice

Hungary had demanded about two-thirds of the province; the Rumanians were willing only to exchange minority populations.

In Rumania, the government chose a new chief of staff and vice-chief, and even offered five seats in the cabinet to the faction of Julius Maniu, the peasant party leader who has been an outspoken opponent of ceding territory to Hungary.

But Maniu was understood to have made known that he'd have no cabinet posts unless King Carol would agree to dissolve his new totalitarian and strongly pro-Fascist party.

Father, Son Saved From Gravel Slide

IRVING—(P)—Firemen and volunteer workers dug frantically with shovels and picks against time Saturday to free Hons Davis, 42, and his son, Hons, Jr., 16, caught in a gravel slide.

Davis was buried to his neck and the shifting gravel had reached his son's waist when rescuers dragged them to safety. They were unconscious when rescued.

'Hope Berlin's Blazing'

Londoners Want To Retaliate For City Raid

By WILLIAM H. McGAFFIN

LONDON—(Sunday)—(P)—"I hope to Hell Berlin is blazing, now," cried a spectator early today as firemen battled a great blaze started by a German incendiary bomb.

"That's right, they better get something for this," another watcher replied.

"Yep, this war's getting serious," agreed a third.

"It looks like indiscriminate bombing to me," said another.

I was just coming out of a west-end restaurant when a German bomb whistled down and exploded. Fire flared up not far from me almost immediately.

This midnight bombing, from a moonlit sky, was the first direct attack on London since the

war began, but was the third on greater London in less than a day.

(These references to the west end and to London proper were the only inklings of the raid's location which escaped the British censor's ban.)

Crowds seeped in from the dark, narrow streets about this area, which had been nearly deserted, as usual, on the British weekend.

They talked among themselves, quietly but bitterly.

The presence of helmeted soldiers, carrying gas masks, gave war-time trimmings to this fire which already had all the emotion of a spectacular American fire.

DRAFT DELAY MENACES U. S.

Sen. Byrd Asks Senate To Stay On Job

(Early Details on Page 2)

WASHINGTON—(P)—Protesting that delay in defense preparations was menacing national security, Senator Byrd (D-Va.) demanded Saturday night that the Senate "stay in session day and night until a vote is obtained" on the Burke-Wadsworth compulsory military training bill.

In a statement, the Virginian also called on defense chiefs for an explanation of why "the placing of orders for delivery on mechanized military equipment is lagging."

"If red tape is to blame," he said, "the country should know it. If the blame is due to inefficient bureaucratic administration, it should be known. If it is due to the refusal of business enterprise to accept contracts from the government, we should know it."

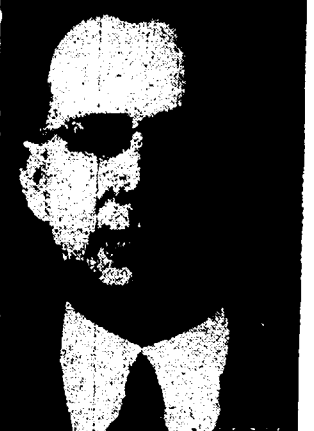

Prospects for a final vote next week on the Burke-Wadsworth bill brightened when the Senate agreed to restrict debate on a pending amendment.

Senator Barkley of Kentucky, the Democratic leader, obtained unanimous agreement that no Senator should speak more than 15 minutes on a proposal by Senator Lodge (R-Mass.) to limit to 800,000 the number of conscripts who might be placed under training at any one time.

The Burke-Wadsworth bill would require the registration of all men from 21 to 30 years of age, making them subject to immediate call for military duty, with some exceptions.

Cameron Gets New Sheriff In Valley's Hottest Race

Record Runoff Vote Is Cast Despite Few Races

9362 Votes In Runoff Tops Total Cast In Primary

(Tabulation on Page 2)

HARLINGEN—Tom J. Morrison, Combes farmer, defeated J. A. Goolsby for re-election as sheriff of Cameron county by a majority of 1,280 votes Saturday in the second Democratic primary which actually saw more votes polled than in the July primary, surprising many observers. There were 9,362 votes cast for two candidates in the runoff for sheriff as compared to 9,321 votes for three candidates in the July balloting.

George J. Krause of Brownsville and H. C. (Jack) Carpenter of Rio Hondo were winners in justice of peace races which were overwhelmingly overshadowed in interest in Cameron county by the sheriff's contest. (See stories, tabulations on page 2.)

Morrison polled a grand total of 5,321 votes as compared to 4,041 for Goolsby. Goolsby gained 21 votes over his total of 3,827 votes in the first primary while Morrison gained 3,599 votes over his first primary total of 2,722. Morrison's gain was greater than the total vote of Will Cabler, third man in the race in the first primary who got 2,580 votes. Observers said Morrison's majority was greater than that of any candidate except an incumbent in 20 years.

Goolsby carried ten out of 35 boxes and his largest majority was 82 votes in the Encantada box (Number 17). The majorities in the

KELLEY WINS WILLACY JOB

Voters Decide Four Races Saturday

RAYMONDVILLE—Willacy county, with most of its local races having been decided in the July 27 primary, voted in only one county-wide contest Saturday, electing William Kelley hide and animal inspector by 320 votes to 239 for his opponent, Ed White. Only about 650 votes were cast Saturday, about 25 per cent of the first primary total.

Precinct races claimed most attention Saturday. In precinct one, West Raymondville, G. F. Kieka, the incumbent precinct committeeman, defeated A. B. Crane 130 votes to 94; and Crawford Clayton polled 155 votes to win the constable job, defeating Myers Nolen who received 69 votes. In the precinct five committeeman's race, Dale Watson, incumbent, won with 39 votes to 34 for Clyde Ross. In the first primary, Watson and Ross, the only candidates, each received 84 votes.

Willacy county, like the rest of the Valley, was pretty evenly divided on the candidates for the two state races. In the railroad commissioner's race, Willacy gave Pierce Brooks 353 votes to 289 for his opponent, Olin Culberson. H. S. Lattimore polled 319 Willacy votes for chief justice of the supreme court, to 313 received in the county by James P. Alexander.

Pope Defeated

Dean Of House Loses To John E. Lyle

CORPUS CHRISTI—(P)—Representative W. E. Pope of Corpus Christi, dean of the Texas House, was defeated for re-election Saturday on the basis of incomplete, but conclusive, returns from the 71st district in the second primary election.

John E. Lyle, Corpus Christi attorney, carried each of the three counties of the district, Nueces, Jim Wells and Duval, with a total vote of 9,544 to 3,710, with the count virtually complete.

Representative Pope had served in the legislature for the last 25 years. Duval county, consistently for Pope for the last score of years, Saturday gave Lyle 3,565 votes to 65 for the incumbent.

Los Fresnos Canal Claims Life Of Tot Under Mother's Eye

LOS FRESNOS—Fausto Escalante, 2, son of the Modesto Escalantes here, was drowned about 7 p.m. in a canal near here as his mother gathered fire wood near by.

Efforts of Boy Scouts, Brownsville firemen and doctors, who carried on resuscitation for more than an hour, were vain.

Mrs. Escalante was gathering wood, and while her back was turned the baby managed to get to the canal, and fell in. She brought his body here in her arms.

'Solons Argue Draft Longer Than It Took Hitler To Conquer France'

SEN. GIBSON INSISTS UPON PROMPT VOTE

Says Hitler Attack On U. S. Certain

WASHINGTON—(AP)—Advocating speedy action, Senator Gibson, (R-Vt.) told his colleagues Saturday the Senate had taken the same length of time to debate the Burke-Wadsworth compulsory conscription bill that had been required by Hitler to conquer France.

"No wonder that Hitler has the utmost contempt for Democratic institutions which are incapable of prompt and wise action in times of emergency," the 39-year-old Senator declared in his first formal address since he came to the Senate to fill the seat vacated by his father's death June 20.

Gibson spoke as Senator Barkley of Kentucky, the Democratic leader, prepared to seek an agreement to limit debate.

"I have heard on this floor," Gibson said, "many expressions by able members of this Senate that they do not believe there is any possibility of attack on this country. In all courtesy to them, their beliefs amount to nothing. Let us see what the one man who knows believes about the possibility of this attack."

"A short time ago one of Hitler's most intimate friends wrote a book—I refer to the 'Voice of Destruction' by Hermann Rauschning, very recently published. Listen to one short quotation from that book and then let any Senator arise and say he doesn't believe that Hitler will possibly attack us. I quote:

"National socialism alone is destined to liberate the American people from their ruling clique and give them back the means of becoming a great nation. I shall undertake this task simultaneously with the restoration of Germany to her leading position in America."

Argues For Draft

Gibson argued there must be a reservoir of trained men in every town.

Another Republican, Senator Gurney of South Dakota, joined advocates of conscription with a brief speech saying that he believed compulsory military training was needed to prevent the necessity of "sending millions of our boys to Europe to die."

HITLER GOES TO THE FRONT

(Continued From Page 1)

Flames not such a hold that within a half-hour they illuminated the sky over a large part of the London area. The blaze finally was controlled.

After the all clear signal was given something after midnight, what was believed to be enemy planes were heard over London.

Explosions Heard

Later, searchlights resumed their swing across the skies in search of enemy planes, and distant explosions were heard.

In one section of the London area, a screaming bomb was dropped. It started another fire, which brought fire pumps rushing to the scene.

Four bombs were dropped in another section, shattering windows, hurling down walls and flinging bomb splinters through the streets. The only serious casualty there was an air raid warden struck by splinters.

The third air raid alarm, sounded at 11:35 p. m. (4:35 p. m. CST) Saturday night, still was in effect three hours later as the battle of the skies continued.

Star Shells Seen

From the roof of the Associated Press building, staff members could hear explosions and see fire. Occasionally they could also see flashes like star shells.

The Germans spread out as far as Wales in the night raiding. Bombs were dropped near a village but anti-aircraft fire drove off the enemy and there were no casualties.

Nazi dive bombers were participating in the London attack, dropping scream bombs as the battle wore on.

Men wearing Tuxedos rushed about with the rescue squads answering calls for aid.

A movie theater was reported smashed and a number of its patrons trapped. Several factories were wrecked. Fires sprang up in the city.

Big Bertha Active

While this resuming mass aerial raids upon Britain, long-range Nazi guns across the English Channel shelled the British coast in the morning and again for 45 minutes in the evening. British coastal guns answered heavily.

Forty-five German planes were officially put down as destroyed against ten British fighters acknowledged missing.

(In Berlin, the Germans claimed the British had lost 50 planes to 18 for the Nazis.)

Extension Of Water Main Ordered Now

RAYMONDVILLE—City commissioners this week ordered extension of a water main on Hidalgo avenue to supply the eastern part of the city for some time suffering from a shortage of water.

The city group also studied a proposed street paving project which is to get under way in the near future.

Burford Gives Wife Right To Minerals In Louisiana Parish

SHREVEPORT, La.—(AP)—An attorney for Freeman W. Burford, Dallas, Tex., oil man, Saturday filed with the Caddo parish clerk of court five mineral sale instruments, conveying extensive mineral holdings in Caddo parish and Miller county, Ark., to his recently-divorced wife, Carolyn S. Burford.

The rights involved several hundreds of acres in the Rodessa oil field, and were conveyed for \$10 and other considerations.

Burford's former wife is the daughter of W. G. Skelly, of Tulsa.

Mrs. Burford lives at Dallas, where the divorce was granted recently.

UNION CHURCH SERVICE SET

Rev. Flynn V. Long Says Farewell

HARLINGEN—Community services last of a series of four to be held at the William B. Travis School park this summer, are set for Sunday at 8 p. m., and will be dedicated to Rev. Flynn V. Long, pastor of the Harlingen First Presbyterian Church, resigned.

Rev. Long has accepted the pastorate at First Southern Presbyterian Church, Austin, Texas' oldest religious institution. Rev. Long's appearance here Sunday night will be his farewell address.

Preceding the farewell address, a community song fest will begin at 7:45 p. m., under direction of David Ormisher, Mrs. Ernest Wright will be at piano.

Mrs. Henry Carlisle will sing "No Hands But Our Hands," by James Bell, and the Presbyterian choir will sing "Great Is the Lord," by E. K. Heyser. Rev. Bolton Boone of the First Methodist Church will serve as master of ceremonies. The union service is sponsored by the Methodist, Baptist, Christian and Presbyterian Churches here.

Rev. Boone announced Saturday that, in case of rain at the time of the Sunday service, ceremonies would be held at the Methodist Church on Harrison avenue.

Jackson may have meant that Trotsky was being financed in Mexico by a foreign power.

That Jackson also feared the consequences of his plotting was also seen in his request that "in case that something should happen to me, I ask the publication of this letter."

Written In French

The rest of the section of the letter received here, and translated from French into English by the Rev. Father Valence, follows:

"Finally in order to well understand the little interest he (Trotsky) has for all which does not concern his own self, I will add that being betrothed to a young girl whom I love with all my soul, because she is good and loyal, I told him that I could not start for Russia because I wished first to get married, and therefore I will not go without my wife."

Called Marriage

"He (Trotsky) became very nervous, and he told me that we are to break our engagement because he said I could not marry with a person like her, who is a member of a good for nothing minority (political party)."

"Yes, it is probable that after this act she will not like me anymore, but it is also a little on account of her that I decided to sacrifice myself completely to rid the workers movement of a chief, who only damages the movement."

"And I am sure that later on, not only she, but my history, will uphold my act when they see the cruel enemy of the workers class disappear."

SYLVIA AGELOFF BREAKS 30-HOUR HUNGER STRIKE

MEXICO CITY—(AP)—Sylvia Ageloff, of Brooklyn, detained for questioning in the assassination of Leon Trotsky, broke a 30-hour hunger strike Saturday night on appeal of her brother, Monte, of Merrick, N. Y., who arrived Saturday by plane.

The police chief's office announced that papers were ready for charging her friend, Frank Jackson, as Trotsky's killer. The district attorney's office was closed, however, so the papers cannot be presented before Monday.

Both Jackson and Miss Ageloff remained in a hospital, where they have been held since Jackson's fatal assault on Trotsky with a pickaxe Tuesday. She has denied any knowledge that Jackson intended to slay the old Bolshevik.

Monte Ageloff, who said he knew nothing of any political activities his sister might have engaged in, declined.

"You can bet your bottom dollar my sister is innocent. I am here to establish that."

through the firelines when I shouted: "American reporter."

"Go ahead, boy. Tell the states about it. Best thing you can do," they shouted.

I got so close that the flames flushed my face, and I was wet from firehose.

Curbs flowed deep with water from a score of streams trained on the angry flames. There were big red fire engines like those in the United States, plus tough little auxiliary engines jamming the streets.

Firemen on tall towers were silhouetted against the red background as they fought the flames under guidance of portable telephones hooked up with the engine below.

Just as the firemen got the flames under control, a gutted brick wall started to totter and the sirens suddenly shrieked again. The throng ran for shelter, falling over tangled pythons of firehose, then pulled up abruptly as the police yelled:

"It's just the clear signal. The raiders have passed."

DENNIS DOES FILM SERIES OF MEXICO

Pictures Beauties For
Pan Am

(See Picture At Right)
BROWNSVILLE—Glenn Dennis, chief of Pan American Airways publicity bureau at Brownsville, left here Sunday for Mexico City to make a series of natural color photographs of the Valley of Mexico.
He was accompanied by Mrs. Dennis, and their daughter, Miss Marguerite Dennis.
The Brownsville photographer attracted national attention a year ago with his picturesque kodachromes and other colored photographs of Mexican church interiors, landscapes, portraits and other scenes.
Holland's magazine commissioned him to take a natural color photograph of a Chorro scene for one of its future issues.
His colored motion pictures of the 1940 Chorro Days fiesta also brought considerable publicity to this area.
Mr. Dennis plans to visit about 12 cities and villages in the Valley of Mexico to photograph scenes highlighting PAA tours. The length of his projected trip to Mexico was not announced.

FIVE PAN AM MEN FETED Group Transferred To Miami

BROWNSVILLE—Five employees of the accounting department of Pan American Airways western division, who are being transferred to Miami, Fla., were given a farewell banquet Saturday night at Landrum's restaurant.
Feted at the banquet were John Forbes, chief accountant of the western division; Miss Marie Jackson, Robert Jones, John Hill and Dale Harrison, who are leaving Monday on a permanent basis.
They heard the farewell toast from Royal D. Sundell, chief engineer of PAA's western division; Hugh Johnston, communications chief; M. Gomez H., purchasing agent, and others.
Banquet arrangements were in charge of Glenn Dennis, head of PAA's publicity department at Brownsville. The toastmaster was Guy Bevil, head of the reservations department here.
Miss Mary Lulu Owens, chief of the payroll section, and Hugh Biggs, in charge of maintenance cost accounting, left by Eastern Air Lines for Miami, Fla., Saturday on a temporary assignment that will last one to two weeks.
Joe Celaya of the PAA accounting department here also is to be transferred to Miami on a temporary basis.
With transfer of a large portion of PAA's accounting force, the accounting of the western division, with the exception of maintenance cost accounting, will be handled through the Miami office. Nine employees are expected to remain here.
The office will be in charge of Kellis G. Buckley, chief clerk.
Mr. Forbes came to Brownsville in July, 1937, from Rio de Janeiro where he had been PAA chief accountant, and prior to that saw service with the airline at Mexico City. There were 84 at the farewell banquet.

Blood Donors Unit Membership Gaining

MALLEN—Membership of the county blood donors association now numbers 132. Chairman L. G. Anderson said Friday after 11 volunteers from the Westaco 20-30 club and 14 from the Edinburg fire department had joined.
The county-wide group is sponsored by Vulture 1077, of the Forty and Eight, American Legion. Anderson said there had been 21 transfusions given this year, and that a member will not be required to donate blood more often than once in three to six months. The blood is given free by members in charity cases.

German Catholics To Support Hitler

BERLIN—(AP)—Informed quarters declared Saturday that the conference of Roman Catholic bishops of greater Germany at Fulda would publish next month a pastoral letter admonishing all German Catholics to support Adolf Hitler's fight for Germany's freedom.
These sources said the letter would ask the civil population to bear war's hardships cheerfully because sacrifices demanded of civilians were slight compared with those of the soldiers.

Stomach Ache Seen Relief To Wiekels

BROWNSVILLE—Just about the most relieved persons in the Valley Friday night were County Commissioner and Mrs. Grover J. Wiekels of Los Fresnos.
Their son Grover, was rushed to Mercy Hospital with the expectation that an emergency appendicitis operation would need to be performed. Friday night, hospital attaches said that the case had turned into an old-fashioned stomach-ache and that young Grover had returned home.

PHARR—Mrs. J. F. Snyder and small daughter, Sue, have gone to Manhattan, Kansas, for a two weeks' visit with relatives.

Miami Bound-ers Leave Valley

Adios, Jack, John, Bobby, Marie, and Huck,
With all our best wishes and lots of luck.
Pan American Airways-Brownsville

"Miami bound-ers" of Pan American Airways' accounting department at Brownsville, who are being transferred to Miami, Fla., and were guests at a farewell banquet Saturday night at Landrum's restaurant, are left to right, Miss Marie Jackson, Robert Jones, John Hill, John Forbes, chief accountant of PAA's western division, and Dale Harrison. The unusual photograph (above) was taken by Glenn Dennis, head of PAA's publicity department at Brownsville, and the composite drawings made by Mrs. Dennis.

Sleeping Mule Not Hurt Much In Highway Crash

EDINBURG—You've heard the story of the man whose automobile was wrecked after striking a mule and how the mule ambled away, unhurt and unconcerned.
Much the same thing happened recently to J. B. Posey of Mercedes. Posey and his family were returning to the Valley in a pick-up truck.

ORANGE GETS SHIPBUILDING

Navy Official Sees
New Activity

ORANGE—(AP)—Commander E. R. Perry of the U. S. Navy Saturday forecast major naval construction here within the near future.
He said a considerable number of steel navy vessels including small landing boats and perhaps destroyers would be built in this vicinity.
Arriving here as Navy Department supervisor of shipbuilding at plants of the Consolidated Steel Corporation and the Lexington Shipbuilding Company, his present plans call for a stay of at least two years.

Project Okayed

Canal Improvements
Set By WPA

MERCEDES—Approval has been given the \$41,344 canal improvement project in Water District No. 9 by WPA officials in Washington, according to information received in a telegram Friday by manager Eldon B. Smith.
The project includes construction of various canal improvements including installation of pipelines for underground canal service.
The WPA will provide \$21,172 and the water district will expend the same amount on the project.

Pharr Kiwanis Club Program Broadcast

PHARR—A 15-minute transcription of the Pharr Kiwanis club proceedings was made at the regular meeting of the club here this week by Radio Station KRGV after which the record was broadcast for the 50 members and guests. Dick Watkins of KRGV was master of ceremonies and called to the microphone E. C. White, D. U. Buckner, Tom Hartley, George McCullough, Hal Alcorn and J. Lee Stambaugh and C. W. Moores, who answered extemporaneously to the repartee of the announcer. R. E. Wagner was program chairman. It was announced that there will be no meeting of the club next Thursday noon.

Navy Sends Attache To Canadian Office

WASHINGTON—(AP)—The Navy Saturday assigned Captain Oliver M. Read as naval and air attache at Ottawa in another move toward closer defense relations with Canada.
Captain Read, now on duty at the Navy Department, is the first to fill the post. The army assigned an attache to Ottawa for the first time earlier this year.

Former Poundmaster Dies In Gas Chamber

LONG BEACH, Calif.—(AP)—In the lethal gas chamber at the city pound, the body of Gale D. Olden, 63, poundmaster in 1937, was found Saturday beside carcasses of two dogs put to death Friday.
Olden apparently entered the five-foot high chamber some time Friday night.
He received notice Friday that he had failed to pass a physical examination to re-enter city service. Leaving home he told his wife "I can't take the dose any longer—you would be better off without me."

TAX ACCOUNTS ARE COMPILED

Hidalgo Statements
Will Be Mailed

EDINBURG—Statements for 1940 taxes will be mailed out during the early part of October, county Tax Collector Clay Everhard said today.
A three per cent discount will be allowed if paid during October, two per cent in November and one per cent in December. County and state taxes become due January 1, 1941.
Everhard said that for some reason or other 33 per cent more current taxes were paid in January, 1940, than during the three months discount period in 1939.

Wage-Hour Law Changes Aid Cannery, Packers

14 WEEKS OF EXTRA LABOR NOW GRANTED

12 Hour Days, Or 56 Hours Week Okayed

HARLINGEN—Valley cannery and packing houses are expected to benefit from the decision of the U. S. Department of Labor to grant 14 additional weeks of seasonal and partial exemption from the hours provisions of the fair labor standards act.

The announcement was made by Dr. James G. Johnson, director of the regional division office at Atlanta, on instructions from Col. Philip B. Fleming, national administrator, according to Associated Press reports.

The exemption was first approved July 24 but a final decision was postponed until Saturday due to protests of labor organizations.

Effect of the ruling is to permit cannery and fresh fruit and vegetable warehouses to work their employees up to 12 hours a day or 56 hours a week without the payment of overtime for an additional 14 weeks under seasonal provisions of the labor act.

The new exemptions apply only to the hour provisions of the act and minimum wage of 30 cents an hour is still required.

CAR MISHAPS INJURE TWO

Raymondville Star Loses Left Arm

HARLINGEN—Valley highway traffic claimed at least two casualties Saturday.

Cecil Ledgerwood, 19, Raymondville high school football and basketball star, was in a Raymondville hospital suffering from loss of an arm in an automobile collision about 1 a. m. near Lyford.

Juan Bruno, 34, Tiocono, employed by W. Sanders on the White Ranch Road near La Feria, was at Valley Baptist Hospital in a state of shock, result of a fractured pelvis and head wounds suffered in a crash about 3 p. m. at an intersection on North Adams Gardens Road.

The Wilkey accident occurred as Ledgerwood, Howard Calloway and Mary Evelyn Currier of San Perilla returned from Alamo. The car sidestepped that driven by G. C. Harrell, Harrell. Both cars were badly damaged. Harrell and the other occupants of Ledgerwood's car suffered only minor bruises.

Ledgerwood was graduated from Raymondville high school this year, and was to have played football at college.

Two riders with Bruno, and Gene Craig, Adams Gardens, driver of the truck which figured in the collision, were not hurt. Bruno's car overturned and he was pinned under it. Hospital attendants described his condition as not serious yet, "but liable to become serious."

Investigating the crash on North Adams Gardens were Collis Thompson, county patrolman, and State Patrolman Ben Thomas.

Miss Marjorie Neal Is Visiting Valley

BROWNSVILLE—Miss Marjorie E. Neal of San Antonio, educational representative in region 10 of the federal social security board, was here Friday and Saturday.

She conferred with F. E. Wilson, manager of the Brownsville office of the social security board, and also contacted women's organizations here.

The public needs to be enlightened about the social security act, the former East Texas newspaper publisher declared.

4 Valley Teachers Get B. A. Degrees

BROWNSVILLE—Four Valley teachers received bachelor degrees at the summer commencement exercises Friday night of Texas A. and I. college, Kingsville, E. C. Dodd, superintendent of Brownsville schools, announced Saturday.

The degrees, he said, were conferred on Mrs. Etta Carol Reed of Palm Grove school; Mrs. Grace Lehman, Mrs. Josephine Foster and Mrs. Carlota Villarreal, all of Brownsville.

Paint Shop Planned By Road Department

EDINBURG—Construction of a \$500 paint shop for the state highway department's South Texas division headquarters plant at Pharr has been ordered by the state highway commission, County Judge Oliver C. Aldrich was advised Saturday.

T. H. Webb, assistant state highway engineer, informed the judge by letter the building would be 15 to 30 feet in size.

Speakers Are Named For Anti-Term Rally

Work Starts On New Parsonage

As Building Committee Chairman J. J. Willingham (left) used his shovel purely as atmosphere, Rev. E. Douglas Carver, pastor of the Harlingen First Baptist Church, bent his back Saturday morning and got his shirt wet as he actually broke some ground at the site of the \$6,000 Baptist parsonage at 1002 East Taylor avenue. In the group, left to right, are Willingham, Ross Seamans, builder, Mrs. Douglas Carver, Mayor Hugh Ramsey, supervising contractor, and behind Rev. Carver, R. B. Hamilton, chairman of the board of deacons and member of the building committee. (Staff Photo.)

CHURCH UNIT SETS PROJECT

Baptist Parsonage Gets Under Way

HARLINGEN—Ground-breaking ceremonies here Saturday morning at 1002 East Taylor avenue launched construction of the \$6,000 Baptist parsonage, expected to be completed within the next three months.

Rev. E. Douglas Carver, pastor, turned the first spade of dirt on the lot donated by McHenry Tichenor. Work is to get under way immediately on the one-story ranch style building, to be of brick painted white.

Hugh Ramsey will be supervising contractor for the project.

The property at 608 East Harrison avenue, on which the present parsonage is located, will be sold and this revenue will be applied on the new building, according to J. J. Willingham, chairman of the building committee.

With Willingham on the committee are Ramsey, Fred L. Flynn, McHenry Tichenor, Mrs. Cleve Pate and Mrs. R. B. Hamilton, and R. B. Hamilton, chairman of the board of deacons of the church.

The project was voted late last year by the church.

Prohibition!

French Can't Drink Strong Beverages

VICHY, France—(AP)—From now on, Frenchmen will have to watch the calendar to know what kind of alcoholic drinks they can buy on any given day.

Under a new law effective Saturday the government clamped down restrictions on liquor sales—aimed especially at the strong aperitifs which the French love to sip at sidewalk cafes—on a calendar basis.

On three days a week—Tuesday, Thursday and Saturday—the only drinks which may be sold are wines, beer, champagne and fruit juices.

The other four days customers may order aperitifs containing no more than 15 per cent of alcohol, or, if they like, stronger drinks such as brandy.

Another Of Movies' Sweet Young Things Deserts Masculine Hearts

And Takes On 'Toughie' Pictures

HOLLYWOOD—(AP)—It's tough on tender masculine hearts, but another of the movies' sweet young things is toughening up.

Brenda Marshall, another Texan, says being a "toughie" is the only way to get places on the screen.

She's looking at Marlene Dietrich's come-back in roles of glittery sin-suggestion. She's thinking of Bette Davis who hit her high stride as a guttersnipe in "Of Human Bondage." She's peeking into an adjoining sound stage where Ida Lupino, erstwhile campus cutie type, is carrying on in "High Sierra" the career of dramatic psychopathy she discovered recently in "They Drive by Night."

And Brenda is wearing the come-hither bangs and tight short striped skirts of an East Side (New York) belle with a joy, she says, such as she never experienced in the expensive, lavish gowns of Errol Flynn's heroine in "The Sea Hawk."

But if the girls of Hollywood are seemingly intent on cinematic primrose paths to glory, an equally startling turnabout is evident in the ranks of screen heavies and tragedians.

There's Burgess Meredith. He's playing a college trumpet player who's been in school so long the Profs. call him uncle.

There's Basil Rathbone, who goes in for comedy in "Rhythm on the River." There's Bob Montgomery, who delights in Macabre and sinister roles, contributing to the light-hearted mystery of "Haunted Honeymoon."

And Karloff, Lugosi and Lorre, top triumvirate of professional scoundrels, are together in the Kay Kyser comedy.

Truck, Hay Burned In Mysterious Fire

HARLINGEN—Harlingen firemen were called about 11 a. m. Saturday, when a truckload of hay belonging to James Hoffman of 314 1-2 W. Filmore, caught fire while Hoffman was driving along the Grimes road east of town. The truck and hay were almost a complete loss. Hoffman told the fireman he had no idea how the blaze started.

Twelve steel cables will be anchored individually to concrete posts. Each cable will run through non-corrosive pipes so that daily cable inspection will be possible.

MODEL PLANE MEET SUNDAY

Enthusiasts Gather At Los Fresnos

LOS FRESNOS—Valley model plane enthusiasts will hold exhibition meeting at 7 a. m. here Sunday, as the builders prepare for the invitation interstate meet to be staged next Sunday, September 1, at Corpus Christi. Quite a number expect to attend the Corpus Christi meet, where \$175 in prizes have been put up.

Site for the exhibition this Sunday is about two miles north of Los Fresnos. The way to the field is to be marked for plane builders who plan to attend.

M. A. Tension, Jr., is building the first flying model Ornithopter that we have seen fly. Does right well, too. Johnny Maltby warming up on a small "Gulfhawk" scale job, in preparation for something finer for the "Fai".

Bones is really settling down to finishing up his "Ensign". Warf Fryer has joined up with the "knuckle busters". Has a Brown E in a Comet "Mercury".

Scotty Bowlin is ready to cop some prizes with his "Sailplane". If he does as well as Dimbleby of Corpus, he will be going to town. Dimbleby having won over a hundred bucks in cash besides quite a few worthwhile extras.

Wayne Cole just about to finish up his first gas job and awaiting the arrival of his Olson "12". Billy Flynn has been learning how to start a model motor, and hopes to have a plane of his own design ready soon.

Gene Brown of Mercedes reporting for the gang says that Tommy Joe Lamberton is building a "Soaring Eagle". Gaynor Wickline is after a Korda. W. T. Gooch is back in town.

Eugene White is building a rubber-powered Taylorcraft. Calvert Jones has a "Brewster Cloudster". Gene Brown is rushing through "Sky Baby" for his Olson "23".

Mrs. R. G. Temple writes that the portable runway of the Tri-City club will get its test this Sunday.

Henry Pate of Alamo is a new member for the Tri-City club. Earl Tilton has lined up a nice program for the boys. At each meeting one of them will talk on a particular phase of model building.

Earl is leading off next Monday night with "Covering a Model", and all modelers are invited to be present whether or not they belong to the club.

A good "filler" for solid scale models may be made by mixing a fine paste of powdered sugar and dope. It is best to mix a small quantity at a time, as it dries out rapidly. Rub well into the balsa and then sandpaper it well.

Padgett Is Speaker To Donna Rotarians

DONNA—Outlining the program of artificial breeding, as well as the packing plant and oil mill projects, J. R. Padgett, assistant district supervisor, Farm Security Administration, spoke on the work of the FSA at the weekly Rotary meeting here.

Padgett said the FSA was set up to help the small farmer in securing adequate finance after other sources of money have been denied him. Padgett was only recently made assistant to District Supervisor J. W. Evans, in the area including Corpus Christi, Kingsville and Falfurrias.

ARRIVE FROM DENTON

Mercedes Marksman Has Superb Record At Meet

Bob Schaeffer Lacks Only Fraction Of Being Perfect At State Championship

MERCEDES—After being the runner up twice during the past two years in the Sons of the Legion State rifle championship tournament, Bob Schaeffer of Mercedes this year shot his way into the state championship with a superb marksmanship which lacked only a fraction of being perfect.

The 18-year-old Mercedes rifleman scored 393 out of a possible 400 points by firing 20 shots at fifty feet and 20 shots at fifty yards in the crucial match at Laredo last week.

The best shooting talent from every section of the state.

Billy Paul Green, another Mercedes lad who copped the state championship last year, was runner up this year with a score of 385. In third place position was Bill Bolter, also of Mercedes, with 383 points. Ralph Powell of Mercedes also shot 383 but landed in fourth place on account of Bolter's superior shooting on the longer and more difficult range. In spite of the strong competition in the individual Class A matches, the Mercedes marksmen won every one of the three medals awarded for the three highest records in the state tournament.

The class B championship also was won by a Mercedes boy—Wofford Fore who won the state laurels with a score of 370. Shelly Collier, Jr., of Mercedes shot 352 for second honors. Class B competition includes boys 14 years and younger.

The fact that Mercedes swept the state tournament honors is no accident. For the past several years these youngsters have regularly attended the practice sessions of the Mercedes Rifle Range and have learned to handle guns under competent tutelage.

O. J. Schaeffer, son of Bob, is executive officer of the Mercedes rifle and pistol club and he and a number of other adult riflemen have spent considerable time teaching the members of the junior club.

Safety Campaigners Stop At Harlingen

HARLINGEN—Mrs. Adelia Elliott and Mrs. Telora Deas of San Antonio arrived here Friday en route to Laredo and other Texas points in their campaign for street and highway safety.

Pamphlets and letters stressing safety have been sent to all Valley churches, the safety crusaders stated, and a Valley-wide Sunday school attendance and safety rally is scheduled for the latter part of September.

Quota for the entire country for the past several months has been around 8,500 new recruits per month. Hayes said; but this is expected to be increased by between 15 and 23 per cent for September and October to bring the country's quota to between 7,500 and 8,000 new recruits per month. The South Texas district and Valley sub-station quotas will likely be stepped up in proportion, it was indicated.

NEW BUILDING HASTE URGED

Lumbermen Given Chiefs Report

McALLEN—Building of more homes before the "inevitable" inflation of United States currency was recommended to 75 Valley lumbermen and their wives at a dinner session Friday night at the Casa de Palmas Hotel on the annual inspection visit of Berry Brazelton of Waco, president of the Texas Lumbermen's Association.

Brazelton was principal speaker on a short speaking program devoted to the problems of the lumber industry. He advocated almost immediate home construction. Brazelton also explained his efforts to keep the lumber industry out of the control of governmental bureaus.

With Aubrey Thomas of McAllen acting as master of ceremonies other speakers included: Herb Stokely, of Brownsville, second vice president of the state association; Fred Moffett of Temple and Neill Pickett of Houston, secretary of the state organization.

Robert Aylin of Houston showed colored slides depicting the growth of a house from the wooded forest tracts to eventual completion. Bill Irby of San Antonio sang several solos accompanied on the piano by Miss Daisy Polk of Pharr.

Out-of-Valley guests were Mr. and Mrs. Brazelton and two sons; Mr. and Mrs. Pickett, Mr. and Mrs. Fred Moffett and Mr. and Mrs. Aylin.

The group left Saturday morning for a week-end visit in Monterrey.

Interpreting The War News

Sea Raider On Loose

Nazi Ship In South Pacific Brings War To New World Again; Action Expected

By EDWARD E. BOMAR

The appearance of a Nazi sea raider in the South Pacific hints resumption of this colorful phase of naval warfare on a more extensive scale.

With the British fleet occupied in home waters and Mediterranean and in escorting convoys, Germany is in such an advantageous position to harass commerce far and wide that it is slightly puzzling that the opportunity has not been used to a greater extent.

HULL URGES US DEFENSE

Danger To Americas Labeled 'Real'

WASHINGTON—(AP)—Secretary Hull appealed to the American people Saturday for united support of "full and adequate preparations" to defend the western hemisphere.

In a statement, the state department head declared that "the possibilities of danger to the American republics are real."

"The conclusion is therefore inescapable that full and adequate preparations for hemispheric defense cannot be completed too soon," he added.

"I desire again to appeal for the fullest possible measure of unity on the part of our people in support of such program of defense and of related foreign policies."

Meanwhile, other governmental departments took steps to make western hemisphere preparedness a reality.

HULL

Six American members of the recently created joint United States-Canadian defense board arranged to leave for Ottawa Sunday for the board's first meeting Monday.

The American members named Mayor Fiorello H. La Guardia of New York as their chairman after conferring with President Roosevelt. The group said no statement on defense plans would be made before the Monday meeting.

General George C. Marshall, army chief of staff, disclosed that he had invited the chief of staff and one officer from each republic of Central and South America to visit the United States in October to inspect this country's military establishment.

He Was Walking, But Recorder Says He Was Drunk Too

GREENVILLE, S. C.—(AP)—A man charged with intoxication gave an intriguing—albeit futile—definition of drunkenness:

"When a man is down, can't move, talking in his sleep, and fighting everybody that comes along, he is drunk. But I was walking around, going about my business."

Recorder James Richardson disagreed and found the man guilty anyway.

U. S. Still Fights Censorship Of Mail

WASHINGTON—(AP)—Secretary Hull said Saturday that this government was still opposed to the seizure and censorship of United States mails by the British at Bermuda.

He reaffirmed this position at his press conference in response to inquiries whether the recent resumption of trans-Atlantic plane stops by Pan American Airways at Bermuda meant the United States had changed its attitude toward the censorship.

Seaman Killed When Automobile Crashes

SAND POINT NAVAL AIR STATION, Wash.—(AP)—John Thomas Brewer, 19, second class seaman, was fatally injured, and Donald Vander Veen, 22, second class radioman, and two Seattle girls, were injured when an automobile went into a ditch near here Friday night.

The dead youth was the son of Thomas N. Brewer, Arkadelphia, Ark.

SCHOOL SETS CASE APPEAL

Mission Composition Plan Studied

MISSION—Two members of the Mission Independent School District board of trustees indicated Friday that they would advise appealing the decision rendered by Federal Judge T. M. Kennerly in Houston Thursday regarding the Mission school district's petition for a plan of composition for its \$315,000 indebtedness in order to bring about a refunding program.

In Judge Kennerly's decision, he favored the state's notion to dismiss the petition. The state holds more than \$100,000 worth of the outstanding bonds. The hearing was conducted in Houston July 11.

Following the federal judge's decision, announced Thursday, Vernon B. Hill and L. H. Ramey both announced that they would recommend appealing the case. If the appeal is made, the case will be heard next in the Circuit Court of Appeals at New Orleans and might possibly be carried to the Supreme Court of the United States, Hill indicated.

Deaths Probed

Mother Is Guarded At Hospital

DAYTON, O.—(AP)—A 30-year-old mother was guarded in a hospital here Saturday, Detective Capt. O. L. Kincaid said, pending investigation into the drowning of her two small children "under mysterious circumstances" in a bathtub.

The bodies of Lola Mae, two weeks old, and Walter Weyrauch, Jr., 7, were discovered by the father, a druggist, when he returned home from work Friday night.

Directed by a note, members of the family found the mother, Mrs. Lucille Weyrauch, wandering "in a dazed condition," in a park near their home a short time after the tragedy was discovered, Kincaid reported.

Washington To Get Shipbuilding Funds

WASHINGTON—(AP)—High navy officials have informed Representative Magnuson (D-Wash.) that the Navy Department intends to spend approximately \$17,000,000 in the Puget Sound area in Washington state for shipbuilding in the next four years.

Special Venire Set For Willacy Murder

RAYMONDVILLE—Special venire of 50 men has been called for Monday, from which a jury will be selected in the trial of Willie Ransom, 26, Raymondville Negro indicted in the fatal shooting of Mrs. Verna Robertson, 33, Lyford, April 21 on a side road two miles north of Lyford.

Ransom pleaded not guilty at a hearing, although a signed confession was obtained by officers after his arrest the night of the shooting. Counsel for the defendant will be J. Foster Crowell and Pete Nielsen. It was believed the state would ask the death penalty.

Game Law Violation Draws Heavy Penalty

FORT WORTH—(AP)—J. W. Spear of Kilgore pleaded guilty to two charges of game law violations in the justice court of C. C. Van Wagner at Lake Worth Saturday and was fined \$400 and costs. It was announced by Roscoe Parks and Justice Van Wagner.

It was alleged in the complaints that Spear shot one plover and one dove. There is no open season on plover and the season on doves is still closed.

Forest Fire Nears France's Navy Base

VICHY—(AP)—A stubborn blaze which has destroyed 11,000 acres of forestland in southern France in the last five days, threatened Saturday to spread to the naval base at Toulon and French troops were summoned to aid civilian fire fighters.

Cinders carried by high winds were "raining" on the important Mediterranean base from blazing timberland six miles away.

Distributors Choose Fort Worth For Meet

GALVESTON—(AP)—The whole-sale Distributors' Association of Texas at the final session of its 1940 convention here Saturday, selected Fort Worth as next year's convention city.

San Benito Takes Lead In Raising Of New Sea Island Cotton For Valley

First Bale Brings 35 Cents Pound Saturday

SAN BENITO—That the San Benito community has "arrived" as a Sea Island cotton raising area became an established fact Saturday when the Lily Mills of Shelby, North Carolina bought the first bale of the 1940 season for 35 cents a pound and ordered a buyer stationed here for remainder of the season.

The purchase by this firm was significant because last season it bought the first Florida bale of the Sea Island cotton, a long staple variety at the premium price of 35 cents a pound which is about ten cents above the market.

First Bale Race

R. L. Howard of Austin, Texas, state representative for Lily Mills, was ordered to come to the Valley and purchase the first bale of the Texas season. It was a nip and tuck first bale race between Sea Island cotton belonging to Dr. F. L. Smith, who lives north of here, and R. C. Barron who lives on the river south of here. Dr. Smith's bale was ready first and was purchased.

It was announced that C. B. Parker of Lyford would be the buyer for the North Carolina firm which Howard said had been in the same family for four generations. His firm established the first cotton mill in the South in 1813, Howard said.

The purchase of Valley Sea Island cotton emphasizes the fact that Lily Mills is the only manufacturer in the United States using 100 percent American cotton, the Austin man said. "Most manufacturers requiring long staple cotton import Egyptian cotton for their needs but Lily Mills has always made it a policy to use only American produced staple."

The Walker-Craig Company of Brownsville and its branches are Valley representatives of the North Carolina firm which specializes in the manufacture of threads.

Attracting Attention

"The fact that Sea Island cotton grown in the San Benito community is attracting the attention of buyers for large firms is a distinct compliment to the judgment of those who fostered this new industry here," said E. F. Brady, chamber of commerce president. He predicted a big future for the Sea Island cotton industry here.

The growing of this variety of cotton has been encouraged by the San Benito Gin Association, a co-operative organization. Although the yield per acre is lower, the price per pound is much higher due to the length of staple. The fact that this is a long staple variety and does not compete with the shorter staple kinds of which there usually is a surplus, also exempts it from all government crop control programs and taxes.

Fruit Suit Filed

Growers Ask Account Of Unit's Books

EDINBURG—Suit has been filed in 92nd district court here, by six Valley citrus growers, seeking an accounting of their fruit sales, handled by the Pharr Citrus Association and the Rio Grande Valley Citrus Exchange, during the 1937 and 1938 citrus season.

Petitioners are Mrs. T. B. Sanders, C. O. Watson, H. E. Waldron, Dr. J. W. Conrad, P. A. Gilliam, J. O. Jameton, who contend the two citrus firms "have not rendered a true account" of their fruit handling. Plaintiffs indicated each should have received \$1000 net if the fruit had been disposed of at reasonable prices, and properly handled.

Plaintiffs asked the court to have the firms produce their books relating to certain transactions.

Robert McLeish, manager of the Rio Grande Valley Citrus Exchange, said the exchange had settled with the Pharr association and that the issue was between that association and the plaintiffs.

Death Valley and Mount Whitney, the lowest and the highest points in the United States, are within 80 miles of each other.

Road Signal Slated On Willacy Highway

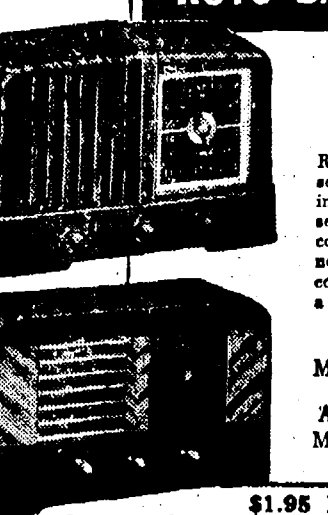

RAYMONDVILLE—Stop-and-go signal will be erected here shortly by the state highway department at Seventh and Hidalgo, according to information from J. W. Puckett, Pharr, district engineer.

Puckett said the light is designed to take care of increased traffic due to the completion of Highway 186 from San Manuel, and the early completion of the Kenedy county road.

She Says She Can't And The Defense Says She Can, But Woman Still Asks \$25,000 Damages For Loss Of Voice

OMAHA, Neb.—(AP)—Saying an accident has made her unable to speak above a whisper thus preventing her from seeking a career as a singer, pretty Mrs. Ruth Norsikian sought a \$25,000 judgment in the Nebraska Workmen's Compensation Court Saturday.

Dr. Harry Stokes, throat specialist, and Dr. G. Alexander Young, psychiatrist, told the court she can talk if she wants to. Her attorney declared she couldn't if she tried.

She claims an automobile accident more than a year ago caused

her to lose her voice, affecting her future as a singer.

Dr. Stokes testified she has "voluntary aphonia," which means, he explained, she can talk if she has the desire. Her attorney called it "hysterical aphonia," which both Dr. Stokes and Dr. Young agreed caused people to lose their voices without anything being wrong with them organically.

"When a person has been a failure or is in danger of losing his job," Dr. Stokes said, "they sometimes seek an escape from duty. I daresay we will see a lot of it if conscription goes through."

For two days Mrs. Norsikian has spoken no louder than a whisper in court. The thunderous assault of a workman's hammer on the floor above made no difference. Court attaches and attorneys huddled around her, football style, to hear her answers.

Willkie Urges Creation Of Cabinet Post For Air Arm

Says Military Power Rests Primarily On Air Service, So It Needs Own Head

NEW YORK—(AP)—Asserting that "the military strength of a nation now rests primarily upon its air power," Wendell L. Willkie suggested Saturday the creation of a new cabinet office to handle defense aviation.

"The primary reason Germany was able to crush France and other countries and presently bring around England to such distress was her development of planes," the Republican presidential nominee told reporters.

He said that as a long range objective there should be a secretary of defense who would have assistants in charge of air, sea and land forces. He said, however, that it would take time to organize such a setup.

"In the interim," he added, "we should create a cabinet member in charge of aeronautics. The emphasis should be upon the branch of the service that today is the most important."

Discussing the administration's defense program, Willkie said:

"My impression is that we are hopelessly unprepared as to airplane production, the training of men and the gearing up of our industrial machinery to produce planes."

"We are just floundering along. Some of the failures have been due to poor organization."

Young Actress Dies Of Burns Received In Rescue Attempt

HOLLYWOOD—(AP)—Actress Edna Waldron, 25, died early Saturday of burns received last Sunday in an unsuccessful attempt to save the life of Catherine Bowman, 3, whose clothes became ignited from a fluid Miss Waldron was using to clean clothes. The child was the daughter of Mr. and Mrs. Lee Bowman of Fort Worth, Tex., who were here for a visit.

Cromwell Suggests Willkie Vs. Hoover

SEA GIRT, N. J.—(AP)—James H. R. Cromwell, former U. S. Minister to Canada and now Democratic candidate for the U. S. Senate, suggested Saturday Wendell Willkie challenge Herbert Hoover to a speaking duel on economics rather than President Roosevelt and said such debate would be "truly enlightening."

VALLEY MAPS NEW FIGHT ON TRUCK LIMITS

Kelley Will Continue Redistricting Work

EDINBURG—The Texas legislature will again be asked to grant the Rio Grande Valley relief from the state's 7,000-pound load limit on trucks.

State Senator Rogers Kelley of Edinburg, back from the recent state convention of the American Legion at Laredo, at which he was a speaker, said Saturday the truck load limit, solution of the state's social security program and senatorial redistricting will be important projects affecting this section of the state.

Attempts to increase the truck load weight at the last general session failed by an average vote of three to one.

"There will have to be a decided change in the complexion of both the house and senate," said Kelley, "before we can expect real relief in the truck load matter."

The same applies to the social security program, in Kelley's estimation. Unless a working majority can be formed from the new legislative membership, the program will remain bogged down.

Kelley said he intended to renew his fight for senatorial redistricting despite opposition from many parts of the state. Over 900,000 citizens from Brownsville to El Paso are represented by two state senators, he explained, while nine members represent the same population from one part of East Texas. Kelley unsuccessfully sought last session to bring action on the redistricting proposal. He cites a major population shift from Northeast to Southwest Texas since 1920 as the principal reason for the proposed changes.

Nevill Services Weslaco Man Buried At Wolfe City

WESLACO—Following rites here August 10, funeral services were held at Wolfe City August 11 for Everett Nevill, 55, Weslaco, who died at an Edinburg hospital August 9.

At the Wolfe City services Rev. S. P. Farler was in charge. Burial was at Mount Carmel Cemetery. Pallbearers were John W. Bengel, Leon Maloney, Will Hammett, Dr. J. C. Chenetham, Grady Fowler, Ed Sharp and Quince Sharp.

Deceased was born January 31, 1885, near Wolfe City. He attended Wolfe City schools and finished at Tyler business college, and in 1908 married Miss Ora Fowler of Landonia. In 1922 he moved to Weslaco where he had made his home since.

Surviving are the wife, Mrs. Ora Nevill; four children, Mrs. Evelyn Weaver, Weslaco; Mrs. Thea Benja, Laredo; Mrs. Everett, Jr., Port Arthur; and James Nevill, Weslaco; a brother, A. Nevill, and two sisters, Mrs. W. S. Jinks and Mrs. Nannette Fisher Johnson, of Wolfe City.

Warning Is Given On Poll Tax Buying

EDINBURG—Tax Collector Clay Everhard Friday advised McAllen residents who plan to be absent from the city until after February 1 may secure 1941 poll taxes only through an agent authorized prior to October 1, 1940.

Everhard pointed out a resident may not write back for a poll tax as he could before the city was officially listed as a city of more than 10,000. He said the population increase would also give McAllen a branch tax office during January for issuance of poll taxes.

Escaped Prisoner Of War Captured

INTERNATIONAL FALLS, Minn. —(AP)—Robert Hodgson, Minnesota border patrolman stationed at Virginia, Minn., said Saturday he had taken into custody a man he identified as a suspected German fugitive from a Canadian internment camp.

Hodgson said the man gave the name of Manuel Fischer, 29, a native of Germany and citizen of Spain, who was captured by the English in Belgium and sent to Canada as a war prisoner.

Freedom For Ex-Con Lost After 4 Years

CORPUS CHRISTI —(AP)—Four years of freedom ended abruptly for George Baxter, 35, escaped convict, arrested here Saturday by city detectives who are holding him for authorities in Phoenix, Ariz.

Baxter, convicted in 1932 of a \$3,000 robbery of a J. C. Penny store, escaped November, 1936. He has been living in Corpus Christi approximately three years.

GOES TO COLORADO

SAN JUAN—Miss Jane Best, daughter of Mr. and Mrs. W. E. Best, who has attended Draughon's Business College in San Antonio for several months, will leave Sunday with relatives for a two-week vacation trip to Denver, Colorado, and other points of interest. Upon returning, she will enter the State Teachers' College in San Marcos, September 16.

PHARR—Mrs. R. L. Gomillion and two small daughters, Barbara and Marlene, who have been the guests of her sister, Mrs. H. J. Koneczak and Mr. Koneczak, have returned to their home in Big Spring, Texas.

Cupid's Arch-Enemy -Miss Willie Peck

By A. D. HAWKINS

BROWNSVILLE—Miss Willie Peck of Dallas, chief hostess of Braniff Airways, wishes she could turn the tables on Dan Cupid, and give him a dose of his own bow-and-arrow medicine.

An average of two Braniff hostesses a month have married since last May, and there's no telling what September will bring, Miss Peck revealed here Saturday.

However, she denied that she plans to hire "ugly" girls to cut down the Braniff marriage rate.

Because of the consistent turnover of altar-bound Braniff beauties, Miss Peck is always glad to have a file-full of applications on hand in her Dallas office.

There are 36 Braniff hostesses currently engaged in flight duty, and they remain with the airline on an average of nine months.

Prospective hostesses must have an attractive personality, and meet other rigid requirements, Miss Peck stated.

They must have tact, poise, neat and pleasant appearance, at least two years of college education. They must weigh between 100 and 118 pounds, be between five feet two inches, and five feet, four inches, in height, and be between the ages of 21 and 26 at the time of employment.

Hostesses on the Great Lakes to the Gulf airline must also be able to speak Spanish fluently.

Miss Peck believes the position of air hostess offers an attractive and profitable career to young women, a career that is virtually an education in itself.

But, Miss Peck has other worries besides Dan Cupid.

She supervises the food service for the B-Line, and plans the tasty menus that are served aloft. That keeps her plenty busy.

Dan Cupid is the arch enemy of attractive Miss Willie Peck (above) of Dallas, who is chief hostess of Braniff Airways. She loses on the average of two hostesses a month by marriage.

ST. JOSEPH'S IS BETTERED

Preparations Made For School Year

BROWNSVILLE—Improvements at St. Joseph's College have been going forward all summer in preparation for the new school session which starts September 3. The premises have been beautified, the building which is to house the new primary department has been remodeled, and the playgrounds have been leveled and rendered dustless through the generous application of heavy oil by the Rio Grande Asphalt Company.

A new department comprising first and second grades will be started in the building prepared for that purpose on the corner of Levee and Seventh Streets. This new primary department will be in charge of the Sisters of the Holy Ghost of San Antonio, and will have both morning and afternoon sessions.

A bus service up the Valley will be inaugurated for the convenience of San Benito, Harlingen, La Feria, Mercedes and Weslaco students attending St. Joseph's and Villa Maria Academies.

The excellence of the work done at St. Joseph's has been commended once more by the deputy state supervisor, Mr. E. E. Channess, in his last report of April 18, which says:

"The school authorities are to be commended for the following—A splendid museum, a good scientific laboratory properly administered, an excellent library, good equipment generally, good conduct on the part of all the students, and a fine exhibit of school work and an excellent school throughout."

Cycle Troops Canadians Now Using Armed Scouts

LONDON—(AP)—New motorcycle reconnaissance squads made up of hard-riding sharpshooters have given the Canadian active service force in England a new striking arm and scouting force.

Adapted to counter the motorcycle raiders who shot through France, these squads are composed of three heavily armed men who ride a motorcycle and sidecar.

A machine-gunner occupies the sidecar in this mechanized version of the old-time light cavalry, setting on a revolving stool which gives him an unrestricted field of fire.

A postilion rider perches behind the driver.

A large number of the cycles, manufactured in the United States for the French army were diverted to the Canadians.

Valley Solon Already Pledged 76 Of 150 Votes For Speakership Post

REP. LEONARD ASSURED OF NUMBER 2 JOB

Will Rank Second To O'Daniel Only

AUSTIN —(AP)—Debonair Homer Leonard of McAllen, veteran lawmaker at the age of 41, may occupy a position in the state government next January which some believe is second only to the governorship—power—that of speaker of the house of Representatives.

The youthful-appearing legislator who will be serving his sixth term announced Saturday he had received pledges of support for that post from 76 members of the 150-member lower legislative chamber, a majority which he believes will grow.

Other representatives mentioned for the speakership include G. C. Morris of Greenville, a leader in the fight against "SJR-12," the sales-natural resource tax constitutional amendment which was defeated; Price Daniel of Liberty and Dorsey B. Hardeman of San Angelo.

Plenty Of Pledges
"In many run-off races over the state," said Leonard on a visit to the capitol, "both candidates assured me of their vote. Of the 80 already elected, only four, three of whom are speakership candidates, have not committed themselves."

"I believe my election is assured and I'm grateful to my supporters. No speakership aspirant in my memory ever has had such a unanimity of support this early."

The representative, who is mighty proud of two small daughters, is owner of a printing establishment in his Rio Grande Valley home town. At one time he published a newspaper there. He will be 42 on January 14, the day the 47th legislature convenes.

Is Well Known
Should he win the speakership with its power to guide proposed laws to possible adoption, the brown-eyed, medium-sized legislator, who has a license to practice law, will be a familiar figure on the rostrum. He polished up on his parliamentary law and gavel swinging in the last session where he often presided at the request of Speaker Emmett Morse of Houston, who is retiring from the post but has been re-elected to the House.

Leonard, in decade of service, has been chairman of two of the House's most powerful committees—appropriations, which determines how governmental funds should be spent down to porters' salaries, and the revenue and taxation committee, which considers how the money should be extracted from taxpayers' pockets.

He also served as chairman of a number of minor committees, has a reputation for conservatism and a record that indicates a non-taxation leaning: He has voted against tax bills more frequently than for them.

Is A Tough Job
In some respects the speakership, with all its honor, is a grueling job. An enormous task is that of appointing important committees, to whose limited membership virtually all representatives aspire.

Steering bills without offending friends on opposite sides of a question is a big worry requiring caution and the ultimate in fairness.

On rare occasions, the speaker must cast the deciding vote on highly controversial issues and one of his duties is untangling legislation which has become snarled in a maze of parliamentary procedure.

Nazis Go Home

Aviators Questioned At San Francisco

SAN FRANCISCO —(AP)—Four German aviation mechanics and fliers from South America were questioned Saturday when they arrived on route to Germany aboard the United States liner Manhattan. Immigration Inspector W. E. Walsh called the investigation "routine," but it lasted several hours. The Germans were returning to the fatherland via Japan and Siberia, after a period of employment at the Seaduck Aviation Company in Bogota, Colombia. They boarded the ship at Panama.

The four, Guenther Kitzke, Franz Neumann, Hans Sandkamm and Ewald Flesch, declined to answer interviewers' questions whether they were summoned to the fatherland because of a growing need for aviators and mechanics.

Two Men Are Killed In Head-On Accident

AUSTIN —(AP)—Stanley McNeil, 26, and Macellino Lozano, 35, both of Austin, were dead and four persons were in a hospital Saturday as a result of a head-on automobile crash north of Kyle on the San Antonio highway shortly after midnight.

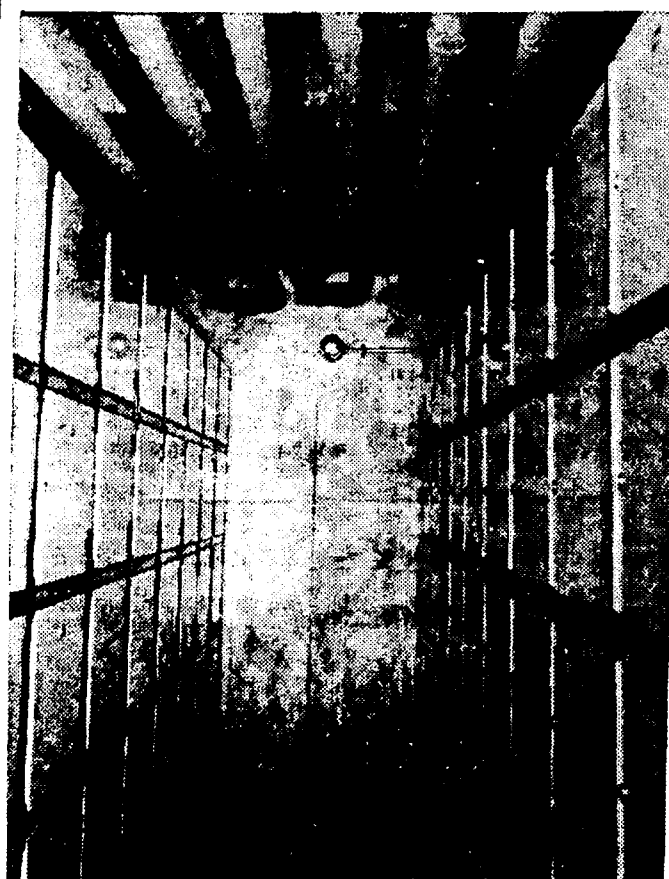

The deaths and injuries occurred when a car in which McNeil and Charles Caldwell were riding toward Kyle with four other persons collided.

Injured were Caldwell, Anita Randel, Ralph Sanchez and Mack Hernandez. All are Austin residents.

Interior Of New Cold Storage Locker In Mercedes

MERCEDDES—The Valley's newest cold storage locker plant, and one of the most modern meat and vegetable preservation plants in the state, was officially opened at Mercedes Friday by the Central Power and Light Company.

This new cold storage system installed for the purpose of enabling farmers to preserve their meat and vegetables in fresh condition, contains 200 standard size steel lockers and also a pre-cooling room, a quick freezing cabinet and a meat cutting and wrapping room fully equipped with meat block, knives and all cutting tools to enable farmers to bring in their

LEGION PLANS MEMBER WORK

McAllen Post To Seek New Enrollments

McALLEN—Plans for an American Legion membership drive to start in a few weeks were made Friday night at the regular meeting of the McAllen post.

With 176 men signed as members of the local post, every effort will be exerted to raise the membership by contacting all former members who have become delinquent or resigned Commander Hal Ramsey said.

Ramsey, Bullon Hyde and George Chaparras gave their official reports on the state convention held in Laredo last week.

Tentative plans for the organization of a Sons of the Legion drum and bugle corps or band were discussed but shelved to a later date, Ramsey reported.

Two Power Plants Will Be Combined

WASHINGTON —(AP)—The White House said Saturday that President would coordinate the power resources of the Columbia River by combining the marketing of power produced at the Bonneville and Grand Coulee dams under one agency.

Press Secretary Stephen Early said the transmission network now under construction by the Bonneville Power Administration would carry the low-cost power from both developments through the Pacific northwest.

CAROL ORDERS NEW PARLEYS

Transylvania Talks Appear Re-Opened

TURNU SEVERIN, Rumania —(AP)—Pressure from King Carol's palace, reported to have originated in Berlin, appeared Saturday night to have opened the possibility for a resumption of the Hungarian-Rumanian conference over Transylvania, which had collapsed earlier in the day.

After delegates announced there was no possibility of continuing their negotiations and were even at the railroad station waiting to go home, a new communique was issued jointly by the Hungarians and Rumanians expressing "hope that the negotiations will be resumed in the shortest time."

No decision was reached as to when and where the arguments would begin again over Hungary's demand for the return of Transylvania, lost to her after the World War.

The original communique, which was formally withdrawn at the request of the Rumanian delegation after it had been public for hours, had read:

"In view of the fact that no common basis can be found for continuing the discussion, on the request of the Hungarian delegation the conversations have been declared closed."

Later, while the Hungarians were preparing to leave, the Rumanians conferred over the telephone for hours with their government in Bucharest, which was represented as intensely dissatisfied with the decision to break up negotiations. Then, after much scurrying about, it was finally decided to issue the new communique.

Border Patrol Gets 19 New Appointees

McALLEN — Of 23 probationary appointees to the United States Border Patrol reporting here, 19 have been assigned to the field. Chief Patrol Inspector Fletcher L. Rawls said Friday. Seven others who have completed a month's work at El Paso have also been assigned to the McAllen sub-district.

Of those released by the El Paso school, Faler L. Armbrage, Francis Quebodeaux and Marmaduke B. Brown are stationed at McAllen; R. O. Raffin and Omar L. Hix at Falfurrias and William Britt at Brownsville.

Colonel Of French Unit Joins English

LONDON —(AP)—Foreign office sources announced Saturday that Colonel De Larminat, chief of the general staff of the French near eastern army, has arrived in London and joined Gen. Charles De Gaulle's "Free French" forces fighting alongside the English.

The colonel reported on the strength of regiments of French troops which have left Syria for Egypt where they are forming a combat unit to aid the British.

King George Saturday reviewed the French army under the command of General De Gaulle somewhere in Southern England.

Valley Theaters Stage Contest To Name 'Miss Texas' For Big Premiere

Finals To Be Held In Harlingen Friday, 13th

BROWNSVILLE — Valley girls will have a chance to vie for the honor of being "Miss Texas" in a contest to be conducted by Interstate Theaters, Incorporated, and Texas Consolidated Theaters, Incorporated, Frank O. Starz, Dallas, advertising and publicity director for the firms, said here last week.

The contest is to be held to select a typical Texas girl to attend the world's premiere September 19 in Fort Worth of "The Westerner," a Samuel Goldwyn production portraying the life of Judge Roy Bean. Contests will be held September 9 in McAllen, San Benito, Brownsville and Harlingen, Mr. Starz said. One to three girls will be selected in each Valley town, the winner of these will be picked Friday, September 13, in Harlingen.

She will enter the statewide contest September 19 at Fort Worth where she will be the guest of the theaters.

Mr. Starz was accompanied to the Valley by Joe Shea, personal representative of Samuel Goldwyn.

Walter Brennan is to portray Judge Bean in the film. "The other leads will be played by Doris Day, enport, a new star, and Gary Cooper"

Study Abandoned

Young Peru Mother Case Delayed

CHICAGO —(AP)—A committee of noted Chicago physicians announced Saturday the abandonment, for the time being, of a proposed scientific study of Lina Medina, Peruvian child mother.

Physicians in Peru said the mother was only five years old when she bore a child May 14, 1939. She and the baby were to have been examined by Chicago physicians here this month.

A statement by the committee said: "Until methods can be developed for financing such study without public exhibition of the children, it is felt that the whole matter should be dropped and the committee disbanded."

BRITISH SHIP SHOOT'S MATE

Explanation For Act Is Lacking

JERSEY CITY, N. J. —(AP)—The radio operator of the American export liner Exeter, which returned Saturday from Lisbon with 175 passengers, including 89 aliens, told of hearing wireless messages reporting the shelling of one British ship by another.

It occurred August 19 about 600 miles west of Lisbon, said the operator, Robert Redman of Atlantic City, N. J. He first picked up a message from the Rowallan Castle, 7,798-ton freighter, saying "shelled by raider." Later came another message: "Still chasing us and gunning."

After the Exeter had given her position and asked whether she could aid the Rowallan Castle, Redman said he heard the 11,136-ton liner Circeasia reporting to England: "We fired on Rowallan Castle." There was no explanation, Redman said.

The overloaded Exeter—24 passengers slept on cots in the lounge—left Lisbon August 15 and stopped at Bermuda, where 315 sacks of mail from Switzerland, Spain and Portugal were removed for censorship.

Freezing Weather Hits New York Area

BUFFALO, N. Y. —(AP)—New York residents awoke Saturday to find "topcoat" weather as the temperature tumbled to below freezing levels in some sections and established new records for the date. The mercury touched 28 at Dexter Airport, base for airplanes at the recent war maneuvers, and 26 at Wanakena in northern New York.

Girls Softball Tournament To Open Monday

Eight Teams Will Battle At Harlingen Two Games Carded Each Night

HARLINGEN—With eight teams entered, the Harlingen Kiwanis Club Invitation girls softball tournament will get under way here Monday night at 8 o'clock.

N. O. Berry, chairman of the civic club's athletic committee, announced Saturday that everything was in readiness for the tournament. Changes have been made in the seating arrangement at the junior high school field and the playing field has been worked over and is in excellent condition.

The opening game Monday night will pit Sebastian against San Perita and the second contest the same night will see Brownsville going against Mercedes. Tuesday night's schedule calls for the La Feria high school team to meet the Harlingen Optimists and the Mission Fiestas to collide with Rio Hondo.

The winner of the final game will see the Valley with another champion as the La Feria Girls, winner of three Valley tournaments, will not compete in this tournament.

The double elimination system of play will be in effect, giving each team two chances to win the flag.

With the tournament expected to ring down the curtain for girls softball in the Valley, large crowds are predicted to witness all the contests. Many of the teams have announced they have strengthened in several positions and a fast brand of softball is assured.

Spilman Winner Of Two Titles

McALLEN—With most of the men's tennis matches left to be played in the Valley Open tournament here, Wade Spilman of Mission has taken the junior singles championship and with his fellow townsman, Frank Ewers, has captured the junior doubles title.

Spilman breezed through Gene Fowler of McAllen 6-0, 6-0 in the singles finals Saturday. He and Ewers defeated Warren Jackson of Harlingen and Fowler 6-3, 6-0 in the doubles finals.

Fowler advanced to the finals by upsetting second-seeded Ewers in a hard-fought match 6-8, 6-3, 6-2 and taking Roland Knieser of Mission 6-0, 6-2 in the semi-finals.

Spilman drew a bye in the first round and eliminated Warren Jackson of Harlingen 6-0, 6-0 in the semi-finals match. There were only two entries in junior doubles.

Having won the Fourth of July tournament, Spilman was seeded first in both men's and junior singles.

Eight senior doubles teams and 15 singles players are entered. Seeded first in doubles are Sonny Hazzard and Ernest Richardson of McAllen. Walter Brandt of Pharr and C. E. K. Garza of Weslaco form the only other seeded doubles team.

Following Spilman in the seeded players in men's singles are Brandt, Richardson, and Raymond Miller of San Juan. Chuck Wagner of Mission battled Brandt to a 6-2, 2-6 draw Friday before darkness forced postponement. Richardson is to play Hazzard and Miller meets St. Clair of McAllen.

Spilman drew a bye in the first round of the men's singles matches. Granger Smith, Jr. of McAllen, eliminated St. Casady, McAllen, 6-2, 6-2.

Other entries include Frank Ewers, Sr. Mission, and Jack Parker of McAllen.

Hagen Arrives For PGA Tourney

HERSHEY, Pa.—(AP)—Two days early—a rarity for him indeed—Walter Hagen blew into Hershey Saturday for the 1940 PGA championship, counting himself "neither in nor out" of the competition he dominated in the 1920's.

"I'll just wobble around and see what happens," the 47-year-old Haig mused. "I haven't hit a ball in three weeks."

Hagen, five-time PGA king, will meet other past champions in an 18-hole exhibition match Sunday as a prelude to the qualifying rounds which start Monday morning.

The low 82 in the 36-hole test will be eligible for match play starting Wednesday and going through the week to the 36-hole final next Sunday. Henry Picard, defending titlist and home pro, is exempt from qualifying.

The tournament committee, headed by Ed Dudley, chairman for four years, adopted rules for local conditions—such as out of bounds penalties—in a brief session Saturday.

Meanwhile the professional brigade, here in full force, thronged the 7,000-yard Hershey Country Club course for practice sessions in which the 73-par took a beating.

Al Brosh of New York put together a three-under par on the front nine in a tuneup with Denny Shute, two-time winner of the event, who hasn't conceded a stroke to par in three days of practice.

TEXAS 7: BOOMERS 3 KILGORE—Longview overcame an early Kilmore lead here Saturday night and went on behind steady pitching by Hinton to win 7-3.

published, Cleveland had no player hitting above .318 while only four of the Indians had driven in fifty or more runs. Consequently, it looks as if pitching and fielding are keeping the Redskins up there.

FORT WORTH — (Sp) — In spite of the fact that he has picked three, possibly four, of the seven Southwest Conference teams to finish ahead of T.C.U., Coach Dutch Meyer hopes to pilot his 1940 Horned Frogs to a first-division berth in the final standings.

Tennis

BROOKLINE, Mass.—(AP)—Tennis form was blown to bits by a chilly Northwest wind in the National doubles tennis semi-finals at Longwood Saturday and with it went the nation's No. 1 men's team, Frankie Parker, of Beverly Hills, Calif., and Don McNeill, of Oklahoma City.

Third-seeded Jack Kramer, of Montebello, Calif., and Ted Schroeder, of Los Angeles, trailed a gallery of 3,700 by out-playing the favorites in every department for a 10-8, 2-6, 7-5, 6-3 victory.

Mrs. Johnny Van Ryn, of Austin, and Dorothy Bundy, of Santa Monica, Calif., about the same time, became the first unseeded women's team in history to gain this tournament's final round by crushing Mary Hardwick and Valerie Scott, the British Wightman Cup stars, 6-3, 8-7.

Kramer and Schroeder qualified for the championship match Sunday against Gardner Mulloy, of Coral Gables, Fla., and Henry Prusoff, of Seattle, the fourth-ranked duo which defeated unseeded Russell Bobbitt, of Atlanta, and Frank Guernsey, of Orlando, Fla., 7-4, 6-6, 7-5, 6-4, in the other men's semi-finals.

Although the weather was more suitable for football than tennis, defending champions Alice Marble and Sarah Palfrey displayed their customary highly-polished game as they became finalists for the fourth successive year by romping over Patricia Canning, of Los Angeles, and Virginia Wolfenden, of San Francisco, 6-3, 6-3.

EL DORADO, Ark.—(AP)—George Dunklin of Pine Bluff, defending champion, and Lou Faquin of Memphis, seeded Number 2, advanced Saturday to the finals of the sixth annual Tri-State tennis tournament here.

Dunklin defeated eighth-seeded Fred Royer, Dallas, 6-2, 6-0, 6-2 in the semi-finals and Faquin defeated Billy Wilkins, Dallas, 7-5, 6-4.

The junior singles finals became an all-Louisiana affair when Perry Arget of Shreveport defeated his fellow-townsmen, top-seeded Joe Stephens, 3-6, 6-3, 7-5, in the semi-finals and Vince Dostegano, unseeded darkhorse from Alexandria, trounced Dick Elliott of Trinity, Texas, 0-6, 6-1, 8-6.

Elliott and Billy Tobola, Houston, Texas, advanced to the junior doubles finals with a 6-4, 6-4, victory over C. L. Chambers and Charles Cook, Little Rock. They will meet Dostegano and Billy McLaney of New Orleans who ousted Billy James and Willie J. Evans, Alexandria, La., 6-1, 6-3.

All finals will be played Sunday.

CLOVIS, N. M.—(AP)—The men's singles crown belonging to Glyndon Riley, Canyon, racketeer, will be in for plenty of buffeting here Sunday in final matches of the annual West Texas-New Mexico Open tennis tournament.

Riley, in the semi-finals, faces prospects of meeting any one of five top-notch courtmen. They include Dale Dellinger, Albuquerque; Dub Rushing, Lubbock; Bob Burnett, Albuquerque; and Sid Moore, Lubbock, all serious title contenders.

David Storey and Ed Moore, of Lubbock, were into the finals of the junior doubles.

Mourning Doves Plentiful Say Game Managers

Good Season Seen By Wardens

By The Associated Press

AUSTIN—The state game department announced Saturday reports from its managers and wardens indicated a far better crop of mourning doves this year than last.

The lid will be blasted off the closed season September 1 in the northern part of the state and September 15 in the remainder.

White wing doves, half again as large as the mourning variety, and harder to bag because of their zig-zag, dip and zoom flight, are apparently more numerous, but their lower Rio Grande country habitat is suffering a shortage of feed.

Will Tucker, secretary of the game commission, said rainfall at the right time had provided the birds over the major portions of Texas with an abundance of food. Conditions were ideal during nesting season and mourning doves have raised two and three broods, in some instances.

Doves, the secretary continued, probably will not concentrate as heavily at traps this season because of more ample water supplies.

An excellent crop of birds is awaiting hunters in West Texas all the way to El Paso. North and Central Texas has a better crop this year than last. The Panhandle, recovering from drought, experienced a large increase in the eastern half and there has been no decline in the west.

Good breeding seasons in the East, South and Southwest have produced large numbers of birds.

Lack of croton for feed will cause white wings to leave earlier than usual for Mexico, experts predicted. They pointed out encroachment of agriculture on the birds' habitat increased their scarcity.

Sportsmen were reminded the combined federal and state regulations were changed to permit shooting from sunrise, instead of 7 a. m., to sunset.

The season is open from September 1 to October 31 in the counties of Borden, Brown, Garza, Kent, Stonewall, Haskell, Throckmorton, Young, Jack, Wise, Denton, Collin, and Hunt, and all counties to the north, and also the counties of Parker, Tarrant, Dallas, Rockwall, Kaufman, Johnson, Hopkins, Ellis, Delta and Franklin.

In the remainder of the state the open season on both species is from September 15 to November 15. Below the Texas-Mexican railway in the Rio Grande valley, however, only four days of shooting each week during the open season is allowed by laws—on Tuesdays, Thursdays, Saturdays and Sundays—but this exception is not applicable to Webb and Zapata counties.

Neither species may be shot with a gun other than a shotgun, and shotguns larger than No. 10 gauge are prohibited. Repeating or automatic shotguns must be permanently plugged to a three-shell capacity.

The daily bag limit is 12 in the aggregate of both species and the possession limit is the same. Last season the limits were 15. Baiting of doves of either species is prohibited.

McNair Enters State Junior Golf Tourney

BROWNSVILLE—James (Chulo) McNair, Valley high school golf champion, will go to San Antonio to compete in the Junior Texas Championship Tournament which gets under way Tuesday.

McNair, who carried a two handicap on the Brownsville course, made a creditable showing in the State Tourney last year.

He plans to return in time to compete in the Valley Championship Tournament to be played over the Harlingen course.

GALLAGHER ILL

OKLAHOMA CITY—(AP)—Edward Clark Gallagher of Oklahoma A. & M. College, whose machine-like production of championship wrestling teams has made him one of the world's most famous coaches, was critically ill of pneumonia in a hospital here Saturday night.

Gallagher was "practically unconscious" when he arrived here a few hours before in an ambulance from his Stillwater home and was placed in an oxygen tent.

His son, Dr. Clarence Gallagher, was in charge of arrangements.

Dodgers To Use Power—Jock Plans Passes, Too

AP Feature Service
PRINCETON, N. J.—Professional football called in the doctor and he is preparing to give the pro league's teams some bitter medicine.

Here in Princeton the solid and solemn Dr. John Bain Sutherland is readying the Brooklyn Dodgers for his first professional campaign. They'll have the speed and smartness, the biff and bash power that characterized Sutherland's famous teams at Pittsburgh.

Jock's football coaching has been limited to college play but he put in a pretty busy fall last year watching pro games with a keen eye and a thick notebook. He doesn't feel that he will be at too great a handicap in a league full of veteran pro coaches. For Jock is a sort of football genius, as his University of Pittsburgh record shows and his toes will readily admit.

Sutherland got the reputation at Pittsburgh of being disdainful of the forward pass. This, Jock says, is incorrect. He will produce figures to show you that Pittsburgh gained more by passes, season after season, than any of its rivals. Perhaps the Pitts don't throw as many passes or use them as judiciously as some of their opponents, but they gained more ground.

Jock is a hearty supporter of the pass, both as an offensive weapon and as a threat. But he doesn't see much point in risking a thrown ball when you're doing all right along the ground with the pigskin tucked safely under your elbow.

However, Sutherland clearly understood that his Brooklyn team has a flock of passing plays in their repertoire. "When the pass seems the correct play we will throw passes," Sutherland said. "And," Jock added, "catch them."

One bad break struck Sutherland even before the training season opened. His best back, Ace Parker, suffered a broken leg some time ago while playing baseball. The leg did not heal well and had to be re-broken. Sutherland is afraid it will handicap him this year.

Chief early season interest in pro

JOCK SUTHERLAND
Football will center on the fortunes of Sutherland, for years the tall, silent Scot of Pitt's victorious teams before Dan Topping signed him to tutor the Dodgers.

30,000 Valley Aliens To Begin Registering

Mountainous Task Faces Border Postal Men In Listing Data On Many Foreigners

McAlLEN—An estimated 30,000 Valley aliens will start telling Uncle Sam's postal employees all about themselves in 14 Valley post offices Tuesday morning as the opening day of the alien registration and fingerprinting program begins.

If they refuse, they are liable to a \$1,000 fine or six months in jail. Valley District Postal Inspector W. M. McMillan said the number of resident aliens in the Valley is estimated between 25,000 and 30,000. All of them will be listed before Dec. 28, the official closing date for the registration, ordered by the United States Congress to ascertain who is living in this country as a non-citizen.

IT'S OUR WAR, SAYS YARNELL

Urges Aid Be Given Britain, China

NEWPORT, R. I. (AP)—Rear Admiral Harry E. Yarnell, U.S.N. retired, former Asiatic fleet commander, urging "all possible aid" for Great Britain and China, said Saturday the United States' future existence as a nation "depends on the outcome of the war in the West and in the East."

"It is our war as much as that of Great Britain and China," he said in an address prepared for a reunion of the second naval district association.

"And make no mistake," he added, "the outcome of the war in Asia is as important to us as that in Europe."

"As for Great Britain," Yarnell said, "We can send planes, destroyers and other necessary naval craft and repeat the neutrality and Johnson acts in order that the necessary food and munition supplies may reach her."

"As for China, we can stop war material going to Japan. Insist on the opening of the Burma Road, make the necessary loans to support the nationalist government, and strengthen the Asiatic fleet, basing the reinforcements at Singapore."

Farm Finance

Work Of Federal Unit Is Explained

DONNA—J. R. Padgett, Assistant district supervisor of the Farm Security Administration, gave an interesting report on the activities of the F.S.A. at the regular meeting of the Donna Rotary Club Friday noon.

Padgett said the F.S.A. was set up to assist the small farmer in securing adequate finance, only after all other sources of obtaining money had been denied him.

He outlined the new artificial breeding program, the packing plant and oil mill programs, as well as the farm purchase division. Padgett has recently been appointed assistant for the newly enlarged district which includes Corpus Christi, Kingsville and Falfurrias. He accompanied J. W. Evans, district supervisor to Dallas Saturday. A state meeting is to be held there next week.

This week's program was in charge of Emory Muckelroy. Everett Knapp of Weslaco was visiting Rotarian.

Clyde Mallory Ship Will Dock Monday

BROWNSVILLE — The SS Brazos of the Clyde Mallory Lines is to dock Sunday to load cargo for Houston, Charleston, New York and Boston. It will sail Monday afternoon.

The coastwise freighter will pick up about 2,000 bales of Valley cotton for New England mills, and also general cargo including canned goods, the Philen Shipping Company said.

The largest meat refrigeration plant in the world is at Buenos Aires, Argentina.

McAllen To Sponsor Valley's Biggest Model Plane Contest

Kiwanis Club, New Aero Nuts Club To Raise \$250 In Prizes For First Event

McAlLEN—Scores of airplanes will swarm through the skies near McAllen this winter when the Kiwanis club and the McAllen Nuts stage the Valley's biggest model plane competition.

The contest will be conducted under rules of the National Aeronautical Association and in records set will be accepted as official NAA marks.

J. B. Ashcraft, chairman of the Kiwanis committee sponsoring the local model club, said \$250 in prizes will be awarded. The exact date for the meet is to be announced later. The first local meet will be held at the McAllen airport Sunday morning, September 8, for the Aero Nuts. Ashcraft said. Prizes will be given in each of the three classes: beginners, advanced rubber powered models and gasoline powered models. About 30 entrants are expected. Club members only will be eligible.

The club expects to receive a charter from the Academy of Model Aeronautics, a division of the NAA, within a short time. A minimum of 10 members must have AMA licenses before the club is eligible

Machinery was geared in the following post offices to take care of the thousands who will register: McAllen, Rio Grande City, Mission, Edinburg, Pharr, Donna, Weslaco, Mercedes, La Feria, Harlingen, San Benito, Brownsville, Port Isabel and Raymondville.

Session In McAllen
Postmasters and employees from these stations met in McAllen Friday to obtain last minute instructions from McMillan and United States Customs Patrol Inspector E. L. Hahn of Harlingen.

To begin with, the offices will be opened all day. After time proves the necessity of observing other hours in addition they will be set, McMillan said. The hours most convenient to the applicants for registration will govern the working day for the postal employees during the registration period. McMillan said. If applicants demand night hours, they will be accommodated. Sufficient personnel, with the ability to speak Spanish, will be provided.

Must Tell Of Arrival
Color, weight, height, marital status, when arrived in the states the last time, method of arrival, type of entry; permanent resident, visitor, student, treaty merchant, seaman, official of foreign government, employee of a foreign government official; date of arrival, years resident; usual and present occupation, name of employee, activities engaged in during the past five years (memberships or activities in clubs, organizations or societies), military service with branch and dates, relatives, criminal record and a statement concerning affiliation with or activity in organizations devoted in whole or part to influencing or furthering the political activities, public relations or public policy of a foreign government.

Aliens will be required to swear to the accuracy and completeness of their statements before registration officers. Registration of all aliens and fingerprinting of all over 14 years old is compulsory. A fine of \$1,000 and imprisonment for six months is prescribed by law for failure to register, for refusal to be fingerprinted or for making registration statements known to be false. A receipt card will be given all who register as evidence of registration.

Band Boosters Ask Aid With Program

BROWNSVILLE — Otto Manske, president of the Brownsville Band Boosters club, Saturday invited civic organizations here to name a representative to a proposed patriotic program committee.

The committee, Mr. Manske said, would select a program for the Brownsville school band to play following the benefit Band boosters' barbecue September 19 here. Barbecue proceeds are to finance the band.

Fall To Continue Along Rio Grande

BROWNSVILLE — The Rio Grande has dropped 1.6 feet at Brownsville in 24 hours and will fall all along during the next 24 to 36 hours, it was forecast.

The river stage Saturday morning was 9.4 feet. Flood stage is 18 feet. Similar readings were reported all along the river to Laredo.

Belles And Beaux Of 1960 Hinted By Photographs Featuring Valley Kiddies

(All Photos by Pederson-Darrell, McAllen)

Beaux and Belles of 1960, the tots pictured on today's page are sure to radiate plenty of oomph and glamour—or whatever they may call it 20 years hence. From the charm they turned on for the photographers, these youngsters don't need to follow the advice of the songwriter about "practice makes perfect."

Vivacious Nancy Philen, shown in the upper left photo, has more than a head start with a smile that conspires with her sparkling eyes. Nancy is two years old and is the daughter of Mr. and Mrs. J. G. Philen Jr. of Brownsville and the granddaughter of Mr. and Mrs. Lloyd Thompson of Harlingen.

Poise and perhaps a yen for vocal career are early traits exhibited by Joan Faust, infant daughter of Mr. and Mrs. J. H. Faust, McAllen, pictured next below.

Berton Hill, son of Mr. and Mrs. Bernard Hill, Edinburg, in the photo at the lower left, was caught in a contemplative mood, but the way his mouth quirks indicates he doesn't mean to be too serious about things.

Merry Dickie Moore, son of Mr. and Mrs. Lewis H. Moore, McAllen, presented in the upper photo, center row, flashes a smile that would assure success in any crowd.

Directly below, is Sawnee Smith, her face bright with amusement over her pet's distaste for photographers and picture-making. She is the daughter of Mr. and Mrs. Sawnee Smith of Edinburg.

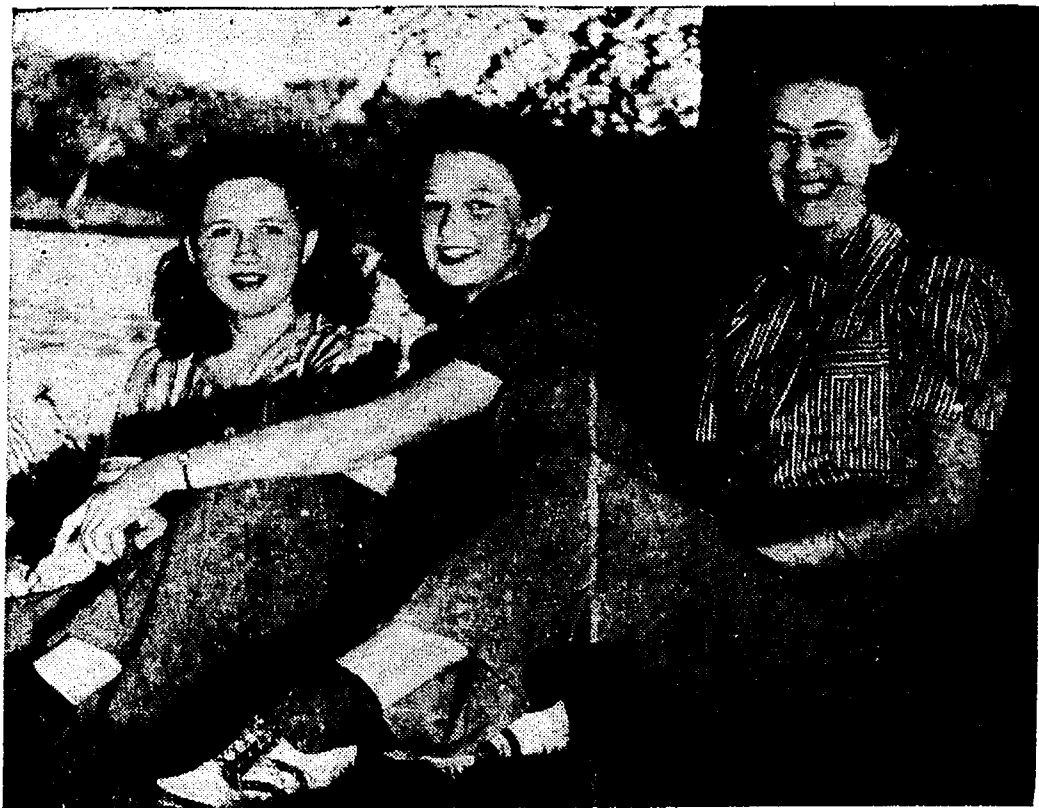

William Bradford Pippinger, in lower photo, center row, will be one year old October 18. "Butch," who bases his charm in the direct, face to face look, is the son of Mr. and Mrs. D. W. Pippinger of Brownsville.

It's not at all surprising the canary is willing to sing sweetly when his audience is interested in little Dorothy Jean Deering who has the beguiling knack of listening completely absorbed. Dorothy Jean, shown at the upper right, is the daughter of Supt. and Mrs. E. C. Deering of Harlingen and will be three years old September 5.

More charm is demonstrated by Nikki Rowe, son of Mr. and Mrs. Lee D. Rowe of McAllen, next below who has the captivating trick of smiling with eyes partly closed.

Grandma would have called it flirting but in 1960 they'll probably have a different word for the way Vickie Kolerber looks while making phone conversation. At any rate it's likely to be devastating. Vickie's parents are Mr. and Mrs. V. E. Kolerber of Edinburg.

Will Return To College Soon

These three San Benito young ladies will be leaving soon to enter college at three widely separated points. Miss Dorothy Anne Prentiss (left) will enter her sophomore year at the University of Texas, Miss Frances Hulsey (center) will be a sophomore at Brownsville Junior College, while Miss Betty Bohner will go to St. Louis, Mo. to enter Principia College. Surprise Pre-Nuptial Shower Is Given For Miss Arlene Snowden

PHARR—Miss Arlene Snowden, bride-elect of Roy Hines, whose wedding is scheduled for September 9, was named honoree for a pretty appointed surprise pre-nuptial shower, Wednesday afternoon, at the spacious country home of Mrs. Geo. B. Eby, Sr.; sponsored by the "Helping Hands" Club, with Mrs. Eby and Mrs. E. L. Latham as hostesses.

The home throughout was decorated with a profusion of pink roses and corona, and blue plumbago blossoms, interspersed with green fern foliage in green vases and baskets placed at points of vantage.

Suspended in the doorway between the living and dining rooms was a beautiful pink decorated umbrella

under which stood a miniature bridal pair. The bride's table was centered with a mirrored plaque on which rested a bride and groom, and encircled in candied heart lettering "Arlene and Roy." A bowl filled with the pink and blue blossoms rested on either end of the table.

Presentation of the many beautiful gifts was made by little Lyle and Libbie Ann Linn, small son and daughter of Mr. and Mrs. W. M. Linn, who entered dressed as a bride and groom, pulling a child's wagon trimmed with ruffles of pink and blue crepe paper, laden with the gifts.

Mrs. L. M. Tryer gave an appropriate reading at the time of the presentation which was followed by the unwrapping and displaying of the lovely things by the honoree. "Advice To A Bride" and "My Favorite Recipe" were two games diverted.

Upon arrival of the guests they were received by Mrs. Latham and Mrs. Eby, who also were in charge of the refreshment service with ice cream and cake in which the three color theme was carried out. Presiding over the bride's book was her cousin, Miss Neola Lound, with the following guests registering:

Mrs. G. A. Hill of Donna, Mesdames J. R. McMillan, Carl Eby, Albert Hays, F. H. Reynolds, Jessie Lound, Lucille Marlow, E. L. Latham, Geo. Snowden, Martin Weaver, Cora Walters, W. R. Enthusiasm For Styles Are Expressed

BROWNSVILLE—Models for the second annual style show dinner dance to be sponsored September 6 at El Jardin Hotel patio by members of the Beta Sigma Phi are enthusiastic about the styles to be shown at the show.

Their advice to every woman from the college set to society matrons can be summed up as follows:

"Give a smooth farewell to Summer and a wise welcome to Fall by choosing your new wardrobe from the styles to be shown at the dinner dance at 7:30 o'clock September 6. You will see yourself in a complete showing of sport, street, afternoon and evening dresses. Tailored shirts, hats, gloves, topcoats, and innumerable other fashions will live happily in your memory after you have seen this gorgeous display of clothes."

Miss Mary Frances Seago, one of the models who will be a student at the University of Texas this fall, says:

"I'm choosing some softly tailored frocks in wool and rayon for campus wear."

Miss Lucie Starr Grider, a student this fall at the Incarnate Word College in San Antonio, says:

"It's easy to look your best in simple frocks with neatly cut lines."

Miss Barbara Ann Langworthy, another model, who will enroll at Louisiana State University this fall, says:

"My wardrobe will have lots of dresses of the casual and carefree type that I can wear confidently for all sorts of occasions."

Hidalgo Young People Organize Group Today

McALLEN—Several hundred Protestant youths are expected to attend the first meeting of the newly formed Hidalgo County Young People's Federation at the Methodist Church here Sunday afternoon at 3 p. m.

Dr. Ohland Morton, social science professor at Edinburg Junior College, will be the principal speaker. Bob Swanson of McAllen will lead the devotional, and Bill Doyle, McAllen high school vocal instructor, will be in charge of the singing. A vocal solo will be given by Wayne Muir of Alamo.

Sole purposes of the organization are inspiration and fellowship, according to Banks Miller, Jr., of San Juan, acting president. A governing board will be appointed to limit the group's activities, he said. The federation will meet about four times a year. Miller urged all Protestant churches in the county to have representatives at this afternoon's meeting.

Organization plans will be completed today, and permanent officers will be elected. Besides Miller, other temporary officers include Merle Henderson, Pharr, secretary; Inez Caperton, San Juan, treasurer; and Nova Smith, McAllen, reporter. County presidents of the denominational young people's groups are serving as vice-presidents.

This afternoon's meeting will be over in time to prevent interference with other church services.

Raymondville Bride Elect Is Honored

RAYMONDVILLE—A charming pre-nuptial courtesy was extended to Miss Rebekah Lindahl, bride-elect of Dr. Ira A. Wilson of Worthington, Minn., Wednesday afternoon at the tea shower given by Mrs. F. D. Henderson, Mrs. E. E. Baden, Mrs. M. C. Yoder and Miss Marjorie Finlay, at the home of the latter.

In the receiving line were Mesdames E. E. Baden, M. C. Yoder, A. A. Lindahl, mother of the bride-elect and Misses Rebekah Lindahl and Marjorie Finlay. The white leather bride's book was presented over by Mrs. W. M. Horn.

The refreshment table, covered with ecru lace, was centered with a miniature bride, on a mirror reflector, standing under a dainty parasol. The crystal punch service was presided over by Mrs. M. J. Glarner. Tiny green love birds were iced on the individual cakes. The bridal theme was further carried out in the nut cups which centered a silver wedding bell. Yellow and white chrysanthemums were used effectively throughout the receiving rooms.

Assisting as floor hostesses were Mrs. R. K. Finlay, Mrs. K. D. Lindahl, Miss Jean Glarner and Miss Gloria Sue Wester.

A vocal trio, composed of Misses Dolores Stephens, Mava Dodd and Dorothy Nell Parr, sang "In the Garden of Tomorrow." "Then the Organ Played Oh Promise Me" was a violin duet played by Misses Helen Scott and Mava Dodd and "The Bride" a reading by Miss June Page were numbers presented at intervals throughout the receiving hours.

The honoree was the recipient of many lovely gifts.

Sentinel Club Sets Final Plans For Benefit Tea Event

HARLINGEN—Final plans for the benefit tea to be held by the Sentinel Club at the home of Mrs. J. E. Stack, 321 Rio Hondo Road, on Thursday, August 29, were completed by members in a meeting at the home of Billie Jean Wead.

Proceeds of the tea, price for which will be fifteen cents per person, will go to charity. The hours will be from four to six o'clock.

During the business session, invitation to club members to attend a slumber party Monday night, was extended by Bette Jo Sherman. Three visitors, Betty Deane Johnson, Houston, Anne King of Wichita Falls and Anne Ellis of Brownwood, attended the meeting.

Served on individual glass trays was a tempting refreshment course, carried out in the club colors, yellow and green. Rolled sandwiches made with cheese, nuts and olives, tarts, minis and grapefruit juice made up the course. Favors were little gum-drop girls in green and yellow sitting under miniature green and yellow umbrellas.

Girls Give Reception For Mothers

RAYMONDVILLE—As a charming tribute to mothers, the Raymondville Girl Reserves entertained with a mother-daughter tea at the Methodist church from 4:00 to 5:00 o'clock Thursday afternoon.

The reception room was prettily decorated with effective arrangements of garden flowers. The tea table was covered with a lace cloth and centered with a bowl of summer blossoms. The crystal punch service and small dainties were presided over by Miss Frances Raymond and Miss Julia Alice Dud-diesten.

Miss Winnie Raymond, president of the local organization, gave the highlights of the Tri-State Conference held at Glen Rose in June, after which she introduced the various numbers on the program. A tribute to mothers was given by Miss Kathryn Brownfield with Mrs. Ira Page giving the response. Other numbers included the following:

A vocal duet, "Neapolitan Nights," by Misses Dorothy Jean Harding and Jean Glarner; a piano solo by Miss Helen Scott.

Miss Mamie Yates, vice president, outlined plans for the organization for the ensuing year.

"A Square Meal," a reading by Miss Billy Jean Jones of the Harlingen Girl Reserves; and a musical reading, "Home," by Miss June Page accompanied by Miss Dorothy Jean Harding.

Mrs. Ruth Coole introduced the sponsors present. They were as follows: Mesdames James Strawn, Ed Raymond, Ira Page, Ralph Scott, Violet Kennedy, C. C. Conley and J. C. Brandt.

Approximately 50 mothers and daughters were present.

Dr. And Mrs. Singleton To Be Honored At Meet Of College Ex-Students

HARLINGEN—Graduates and former students of Mary Hardin-Baylor College at Belton, now living in the Valley, will stage banquet at the Reese-Wil-Mond Hotel here Monday at 8 p.m., in honor of Dr. Gordon G. Singleton, president of the college. Many of the more than 300 former students living in the Valley are expected to attend.

Purpose of the banquet is three fold, according to the committee on arrangements, composed of Rev. E. Douglas Carver, trustee; Jamie Lee Green and Mary Lee Koniakowsky, both of the 1939 class. First purpose is to honor Dr. and Mrs. Singleton; second to give prospective students an opportunity to catch the spirit of the school and to meet former students and graduates; and third to sell Mary Hardin-Baylor College to the entire citizenry of the Valley.

Dr. Singleton will be the principal banquet speaker, his subject being "The Future of Mary Hardin-Baylor." The talk will be one of three made by Dr. Singleton in the Valley during the week end. At Sunday morning service of the First Baptist Church in Harlingen, he will give the sermon; and he will preach again Sunday evening at the First Baptist Church in McAllen.

Monday night's banquet program will also include the welcome by Miss Koniakowsky and response by Dr. L. A. Brown of Weslaco; three songs, "The Bells Ring Out," "Swan Song," and "The Bougainvillea Trail," sung by a trio composed of Willie Marie O'Neil of San Juan, Josephine McNeil of Mercedes and Jean Craxon of Edinburg; a solo by Mr. Mulkey of McAllen; and three songs by Miss Ada Reid Alderdice, "Ecstasy," by Rummel, "When I Have Sung My Songs" by Charles and "I Love Life" by Mana-Zucca.

Superintendent of Schools Grady St. Clair of San Benito will talk on the subject, "Girls I Have Met on the Campus," and greetings from the President's Wife will be given by Mrs. Singleton. Invocation will be given by Dr. H. W. Shirley, pastor of the First Baptist Church at McAllen, and the benediction by Dr. C. S. McKinney, pastor of the First Baptist Church at San Benito.

With reservations coming from 18 states and Chile, and with \$5,000 being spent to make the first floor of the Wilson administration building into modern quarters for the business and secretarial classes, and with the employing of outstanding teachers to fill vacancies which exist, prospects for the opening of the 96th session of Mary Hardin-Baylor College on September 13 are indeed bright. President Singleton has announced.

Donna Guests Are Honored At Barbecue

DONNA—Among the many courtesies honoring Mr. and Mrs. Walter Wyatt of Sarcoxie, Mo., who are the house guests of Mr. and Mrs. Thomas Boyce of Donna, was the delightful barbecue given Thursday evening at seven by Mr. and Mrs. E. A. Boyce in the garden of their new home on North Ninth Street. Chicken, cabrita, lamb, and wieners formed the principal attraction of the heavily laden tables. Besides the host and hostess, Mr. and Mrs. Harold Vertrees, Mr. and Mrs. Gordon Wood, Mr. and Mrs. Maurice Bell, Mr. and Mrs. Thomas H. Boyce, Miss Margaret Boyce, of Pharr, the Misses Louise and Barbara Boyce, Elmer, Frank, Miles and Tommy Boyce and Mr. and Mrs. Wyatt and their daughter, Jerry, of Sarcoxie, enjoyed the delightful evening.

The Wyatts' stay in the Valley has been a round of festivities. Monday evening a dinner party was given by their hosts in Reynosa, Wednesday and Thursday being spent at Boca Chica, Matamoros and Brownsville with the Thomas Boyces.

The outstanding entertainment, however, was a buffet supper for thirty-two, at which Mr. and Mrs. Wesley Motley of San Juan entertained all of Mr. and Mrs. Wyatt's Valley cousins. A profusion of zinnias and roses adorned her large and hospitable home, where at seven o'clock there gathered Mr. and Mrs. Charles Motley, Margaret and Carl, Jr., Mr. and Mrs. Delbert Motley, Margaret and Delbert, Jr., and Mrs. Motley's sister from San Antonio, Mr. and Mrs. Paul Hetrick, Mr. and Mrs. Paul Reichart, Wilma and Lois, all of San Juan; Miss Margaret Boyce of Pharr; Mr. and Mrs. E. A. Boyce, Barbara, Bill, Frank and Miles of Donna; Miss Louise Boyce of Donna; Mr. and Mrs. Thomas H. Boyce and Tom, Jr., and the honorees, Mr. and Mrs. Walter Wyatt and daughter, Jerry, of Sarcoxie, Mo. This is the first time that the entire relationship has been gathered together.

Jamboree Is Planned For Girl Scouts At McAllen Thursday

PHARR—Plans are underway in the Upper Valley for a Girl Scout Jamboree Thursday evening August 29 of the coming week, when Girl Scout Troops from McAllen, Edinburg, Pharr, Mercedes, and Weslaco will gather at the Cascade Swimming pool with their leaders at six o'clock on the above date, for a get together Jamboree, before the "Back to School" days start.

Announcement of the Jamboree was made last week by Miss Marjorie Dean, leader of McAllen Girl Scout Troop No. 1. According to Miss Dean, there will be swimming, water races and contests which will be followed by a picnic supper, games and campfire singing and the regular Girl Scout closing services. A large attendance is expected from the five towns.

Mrs. Scott Burt is leader of McAllen's second Girl Scout Troop, Mrs. Peyton is leader of the Edinburg troop, and Mrs. June Avery is leader of Pharr's three troops comprised of the Girl Scout Brownies, Girl Scout Intermediates, and the Senior Girl Scout Mariners, the latter being the only Girl Scout Mariners in the Upper Valley.

House Guest Honored

Mrs. Irvine Doss (center) of Amarillo, the house guest of Mrs. Glen Doss (left) of Weslaco, was honoree at a morning coffee given Tuesday by Mrs. Rogers Butler (right) of Weslaco, and Mrs. Glen Doss at the Butler home in Weslaco. (Staff Photo)

House Guest Is Honored At Weslaco

WESLACO—One of the loveliest of summer parties honored Mrs. Irvine Doss of Amarillo, the house guest of Mrs. Glen Doss, when Mrs. Rogers Butler and Mrs. Glenn Doss were hostesses with a coffee at the home of Mrs. Butler, Tuesday.

Over a hundred guests called during the hours from nine-thirty until eleven-thirty o'clock.

Receiving the guests were Mrs. Butler lovely in a blue navy with tiny white polka dot. Mrs. Glen Doss, wearing a charming printed jersey which accented the shades of purple and brown, and Mrs. Doss, the honoree, dressed in an exquisite black net and a necklace of crystal and black.

Other members of the house party included Mrs. Alfred Stein, Mrs. Burt McKeehan, Mrs. "Herring" Bounds, Mrs. Irene Rives, Mrs. Arthur Beckwith Jr., Mrs. Earl Pike and Mrs. J. Bryan Ivy.

Mrs. Pike and Mrs. Ivy poured from the elaborate coffee service during the receiving hours.

The table was laid with an elaborate lace cover and a gorgeous arrangement of golden glow, sage, bachelor buttons and castor beans formed the most unusual centerpiece.

The reception room was resplendent with smaller colorful bouquets placed at vantage points, with a special arrangement of dwarf zinnias artistic in frosted crystal swans placed on end tables which formed the homey and comfortable lounging ensemble.

PHARR—Miss Elizabeth Ann Smith, was hostess for an enjoyable "Before Back to School" slumber party Tuesday night at her home in this city.

Special for the occasion was the chicken supper prior to the "Off to bed" hour. Early Wednesday morning the group of girls enjoyed a delightful breakfast served by the hostess grandmother, Mrs. Annie Palmer. Guests for the delightful affair were Misses Sylvia Lea Jones, Pauline Bennett, Mabel Hiesemann, Mary Margaret Bolding, Gracie Dean Thayer, Malloy Chappell, Valda Mae Wilks, Ruth Elizabeth Bolling and the hostess Elizabeth Ann Smith.

MISSION—Two home demonstration clubs of the Mission section next week will observe their custom of holding annual picnics for members of their families. Committees from the North Mission and Sharyland clubs this week announced date for the respective outings.

Bride-Elect Names Party For Wedding

HARLINGEN—Miss Mary Virginia Pile, whose wedding to Mr. Randolph Fleuret will be one of the outstanding events of the coming week, has chosen Miss Rozanne Pile, her sister, as maid of honor. Miss Marjorie Breedlove of Harlingen and Misses Jane Bohner and Eleanor Shafer of San Benito will be bridesmaids.

Mr. Dan Fleuret of Donna will act as best man for his brother, and the ushers will be Mr. Porter Pile, brother of the bride-elect, Mr. Fred Petch of Donna and Mr. Louis Townes of San Benito.

Robin Burdette of Harlingen will play the violin, and Mrs. Fred Petch of Donna, sister of the groom to be, will be the soloist. Mrs. Arthur Klein of Harlingen will be the organist.

Another of the many pre-nuptial courtesies for Miss Pile was the bride party held Friday evening by Miss Julia Botts. The house was attractively decorated with summer flowers. High score went to Jane Davis and Marjorie Breedlove won second prize. The guest of honor received a lovely blue potter vase.

A bake sale is reported to be a special objective of the finance committee and will be held Saturday August 24 at Weslaco. The next meeting will be held at the I.O.O.F. Hall with Mrs. Elva Cross and Mrs. Barber hostesses with Miss Miller giving a demonstration.

Mrs. Cecil Gallion and Mrs. Jim Puckett were in charge of the reception hour and Mrs. Bernard McDonald were honored with a shower compliment with Glenna Howard presenting the gifts.

A yellow and green color scheme was emphasized in flowers and refreshments. Twenty five members and four visitors were present.

Babson Says 'POKER GAME' BETWEEN U. S. AND JAPS ON

Quick Peace Is Urged
By Economist

By ROGER W. BABSON
SAN FRANCISCO—A poker game is on in earnest between Japan and the U. S. We "opened" last summer with the cancellation of the trade treaty we signed in 1911. Then we "raised" the Japs with the license restrictions on arms and ammunition in May. Now we are raising the bid again by extending these restrictions to scrap iron and petroleum. Japan is boiling mad, but she is staying right in the game by threatening to grab the Dutch East Indies, source of our vital rubber supplies.

Freer Hand For Nippon

We never worried much about Japan as long as the British could keep a weather eye peeled on the ambitious little fellow. It was, of course, hard for American missionaries to explain to wounded Chinese why Japan should be raping China with American genius, arms, and materials; but now with the Axis twisting the British Lion's tail, it's a different story. The British Asiatic Fleet still commands the vital Straits of Malacca, but can this fleet keep watch over the mighty Japanese Navy while the British Empire is battling for its life in the North Sea? This is the question which thinking people are asking here on the Pacific Coast.

If the British should be licked (and I don't believe they will be), part of our fleet would have to rush from the Pacific into the Atlantic. It is a cliché that the Japs would march into the U. S. on Canadian highways. If the British are not licked, even so the pressure on them will be terrific. They will find it hard to protect the Dutch East Indies even if they want to. The Japs know we would then be the only obstacle. Will they gamble on the chance that we won't act? Will they grab the Indies before we can move and hope that U. S. citizens will shrug their shoulders and mutter "Why should American boys defend Dutch possessions in the far-off Orient?"

Raw Material Source

It seems a good question. Why should they? I will give you the reason. Can you imagine a U. S. motorized army of scout cars, trucks, airplanes, without rubber tires? Could the U. S. or Canadian industrial system function with tireless automobiles, trucks and buses? I doubt it. We and our Canadian brothers must have rubber! Our new synthetic rubber—Ameripol—will not be ready in sufficient amount for several years. The Dutch East Indies are our principal source of natural rubber although we get some from Africa and some from Brazil. So Japan is taking our bid of an embargo on scrap iron and oil by getting set to pounce on the Dutch East Indies.

Of course, President Roosevelt says it isn't an embargo. It is only a licensing system—but as exporters here in San Francisco say, "Try to get a license!" The license order does not say who it is aimed at, but exporters will tell you how quickly your application will get all snarled up in red tape if it is for permission to ship to Japan. This is a serious blow to Japan because she depends on our scrap and oil to build and fuel her growing war machine. We supply her with 70 and 90 per cent respectively of these materials.

Chemists Better Than Soldiers

Moreover, it depends on us to pay for her imports of scrap iron and oil through our gigantic purchases of silk. This end of the business does not look so good for the Japanese either. Japan really fears American chemistry rather than American diplomacy. Nylon is beginning to take the place of silk in women's hosiery. I already have taken over 10 per cent of the market. Cutting off our silk purchases can be a mortal wound to Japan because, license system or no license system, the foreign exchange necessary to purchase American scrap and oil would put a tremendous load on her already over-strained financial system.

To Shoot The Works?

It is evident, therefore, that the Japanese may sooner or later be forced to "shoot the works"—that is to risk war with Britain and the United States. Many a foreign observer believes we should beat her to the punch by starting now while she is embroiled in China, while Britain can help us, while Russia is still a menace to the Japanese. At any rate, the first-class U. S. Japanese embargo is all there. Only thing lacking is the spark to set it off—and many a Coast resident is fearful that spontaneous combustion may start it. Meanwhile, the oil and scrap restrictions have hit U. S. business here on the Coast harder than anywhere else. Japan has been taking over 60,000 barrels of oil per day—most of which is cleared through Los Angeles. While small as compared with national crude oil output, it bulked big in relation to California's already severely prorated output of 500,000 barrels daily. Shippers are not hurt by the oil restriction because most of it sailed in Nipponese tankers. Scrap restrictions cut just so much more into the bundle and hustle here on San Francisco's docks and freighters, already held down by the war and other factors.

License Policy Okay

I am, however, all for the embargo license system or whatever you call it. I believe that the Japanese are as big a menace to us as the Nazis, and I am 100 per cent in favor of doing everything we can, short of war, to prevent them from going too far. If, however, war is inevitable, perhaps it had better come now than when the entire Axis group of nations are ready to put the screws on us. On the other hand, it seems as if, with all these nations worshipping the same God, there should be some way to set-

Eight Producing Wells Completed During Week

Wildcatting Continues
At Steady Pace
For Valley

McALLEN—Eight new producers were assured in six proven fields in the Lower Rio Grande Valley oil area Saturday and a new test in the south of the Boyle field in southern Starr was pointing toward a southern extension of a full mile for the field, but in a new sand. If successfully completed, the outpost would give the field a north-south length of slightly more than a mile and two producing sands with only four wells drilled.

Other new producers were in the Colorado field in western Jim Hogg county, the Kelsey field in southwestern Brooks, the Sun field in northeastern Starr, the Rincon field in eastern Starr and the Sullivan City field in western Hidalgo.

The new Boyle field well was Borsodi Petroleum Company No. 1 Juan de Dios Vela, Share 2-A, Porcion 92, Camargo Jurisdiction, one mile due south of the discovery well. After cementing 7-inch o.d. casing at 3,299 feet, operators perforated with 24 shots at 3,167-79 feet and the well was closed-in under its own pressure through 1-8-inch tubing choke with 480 pounds tubing working pressure and 860 pounds closed-in casing pressure. It was making considerable gas and wash water with a show of oil while cleaning. The field's 3,100-foot sand was being tested for the first time in the Borsodi well, and this fact coupled with its distance from the discovered field made much attention to it this week-end.

Boyle Field Extended

The Boyle field was extended about 1,600 feet to the northwest with completion of Ruthford and Owen's No. 2 E. B. Carruth et al, Share 1-B, Porcion 91, Camargo Jurisdiction. The well was reported to have cored the upper gas sand at 3,474-88 feet, shale at 3,488-98 feet and the lower producing (discovery) sand at 3,498-3,508 feet. Operators cemented seven-inch o.d. casing on bottom in sand. Through casing perforations, the well produced 52 barrels daily on 3-32-inch tubing choke with 760 pounds tubing working pressure and 1,320 pounds closed-in casing pressure.

One location (687 feet) south of the Boyle discovery, Fidelity Oil and Gas Company (Houston) No. B-1 E. B. Carruth et al, in Share 1-B, Porcion 92, Camargo Jurisdiction, cored the field sand at 3,484-3,502 feet, where the hole was bottomed in sand, and cemented 7-inch o.d. casing on bottom for production test.

Another new southwest edge producer was completed in the Rincon field in eastern Starr and operations were getting under way on a new test on the far east side of the field.

Davis Well Bottomed

W. R. Davis and Company No. B-35 Slick Estate, Survey 400, on the southwestern corner of the producing area, was bottomed at 4,470 feet and cemented 7-inch o.d. casing at 4,097 feet. Through casing perforations at 3,812-28 feet, the well gauged 190 barrels daily on 3-16-inch tubing choke with 440 pounds tubing working pressure and 525 pounds closed-in casing pressure. This extended production in the 3,800-foot sands to the western extremity of the field.

Davis No. A-4 Dee Davenport, Survey 944, another southwest edge well, cemented 7-inch o.d. casing at 4,170 feet, through casing perforations (159 shots) at 4,090-4,120 feet, the well was swabbed into production and started flowing pipeline oil but had not been gauged.

Davis No. A-17 Slick Estate, located in the northeast corner of Survey 485, about 3,500 feet southeast of any present oil production and 3,500 feet east of the discovery gas-distillate well of the field, was rigging up.

New Outpost Location

Davis No. A-5 Dee Davenport, Survey 944, in the southwest part of the field, and 660 feet south of the No. A-1 Davenport, was an interesting new outpost location. In the Sun field in northeastern Starr, Sun No. B-3 George H. Speer, Survey 236, an inside location, gauged 150 barrels daily on 9-64-inch tubing choke with 600 pounds tubing working pressure and 300 pounds closed-in casing pressure through perforations (12 shots) at 4,322-33 feet. The hole went to total depth of 5,133 feet and 5 1/2-inch o.d. casing was cemented at 4,912 feet.

Sun's No. A-5 N. R. Montalvo

Share 2, Los Retaches Grant, in the northwest portion of the field, was coring past 4,858 feet, while the No. B-4 George H. Speer, Survey 236, another new inside well, cemented 10 3/4 o.d. surface pipe at 1,010 feet.

Field Sand Cored

In the Kelsey field in southwestern Brooks county operators were ready to make production test in these great problems without resort to war. Sometime Britain, Germany, Japan and the United States MUST sit around a conference table and settle things. Why not do it now?

Humble Oil and Refining Company No. 69 J. C. McGill, nearly two miles northeast of the discovery well and in La Blanca Grant. Drillers cored the field sand at 4,599-4,727 feet, where the hole was bottomed in sand, and cemented 5 1/2-inch o.d. casing at 4,712 feet.

On the Humble No. 60 J. C. McGill, La Blanca Grant, Brooks county, almost two miles due north of discovery, derrick was up and pits were dug.

Three new producers were assured for the Colorado field in western Jim Hogg county, and at least four other wells were drilling.

Production Is Extended

Sun extended production about 1,000 feet to the north with completion of its No. 6 N. S. Thaxton, Survey 630. The well cored the sand at 2,984-91 feet, where the hole was bottomed in sand and cemented 5 1/2 inch o.d. casing along the sand. The well gauged 159 barrels daily on 3-16 inch tubing choke with 280 pounds tubing working pressure and 590 pounds closed-in casing pressure.

Sun's No. 7 N. S. Thaxton, Survey 630, another new north edge well, was drilling around 1,000 feet. It is located 660 feet southeast of the No. 6 Thaxton.

Humble cemented another producer in the Colorado field and was drilling a second well.

Humble Well Bottomed

Humble's No. 17 King-Ranch, Colorado, Survey 42, in the east part of the field, cored the field sand at 2,991-98 feet, where it was bottomed in sand. After setting 5 1/2 inch o.d. casing atop the sand, the well gauged 168 barrels daily on 3-16 inch tubing choke with 250 pounds tubing working pressure and 600 pounds closed-in casing pressure.

Humble's No. 19 Atwood Heirs, Survey 36, was drilling in shale past 1,750 feet.

In the northwest part of the field, C. Andrade III No. E-1 E. G. Martinez, Survey 37, cored the field sand in sidetracked hole at 2,861-69 feet and cemented 5 1/2 inch o.d. casing atop the sand.

Production test was under way. Another northwest edge well for the field was V. P. Neuhaus No. F-2 F. G. Trevino, Survey 37. It was coring for the sand around 2,940 feet.

New Producer Seen

The Neuhaus No. F-1 F. G. Trevino, Survey 37, was completed as a producer in sand at 2,948-62 feet after the hole was bottomed at 2,962 feet, but production figures were not available. It was the field's most northerly producer.

In the Sullivan City field in western Hidalgo, one new well was completed and two others were drilling.

The new producer was Phillips Petroleum's No. 1 Febronio Flores, Tract 236, Porcion 39, Reynosa Jurisdiction, an inside well, which gauged 110 barrels daily, 20 per cent salt water, on 1-8 inch tubing choke through casing perforations (24 shots) at 4,124-28 feet with 485 pounds tubing working pressure and 825 pounds closed-in casing pressure.

In the same field, Phillips' No. 3 G. G. Salinas, Tract 239, Porcion 40, Reynosa Jurisdiction, was drilling around 3,550 feet, while Royal Oil and Gas No. 1 Paula Salinas de Flores, Tract 217, Porcion 38, Reynosa Jurisdiction, was drilling in sidetracked hole below 3,400 feet, where it sidetracked from the original hole. The Royal test is a new northwest outpost for Sullivan City and no information is being made available on its progress or showings.

WILDCATting IS CONTINUING STEADY PACE IN VALLEY

McALLEN—Lower Rio Grande Valley wildcatting continued its steady pace Saturday, with deep tests under way in Willacy, Hidalgo, Starr, and Brooks counties.

The section's only drilling coastal wildcat, Pan-American Production Company No. 1 Porfirio Garcia, Share 13, San Juan de Carricitos Grant, in eastern Willacy county, was past 3,980 feet on a

10,000-foot contract. No shows have been reported thus far.

Only a few hundred feet inside the Hidalgo County line in the extreme northeast part of the county, Humble No. 1 American Life Insurance Company, in the center of Lot 1, Block 13, Missouri-Texas Land and Irrigation Company Subdivision, Las Mestenas Grant, had derrick built and pits dug, but machinery had not yet reached the location. The test is reportedly scheduled to go to 10,000 feet on one of the largest drilling blocks ever assembled in the Valley. It covers more than 14,000 acres in northeastern Hidalgo and western Willacy counties, including the townsites of Hargill.

Sun Has Starr Hole

The only Starr county wildcat under way was Sun No. 1 Mateo Saens, Survey 80, about five miles north of the prolific Rincon field in eastern Starr. The well was coring past 4,450 feet, and will be a deep test.

Two important wildcat in southern Brooks county were under way and another was abandoned. About 12 miles south of Falfurrias, Sun No. 1 Charles Boedeker, Survey 16, was fishing for stuck drill stem at 5,375 feet after the hole had reached total depth of 5,860 feet.

Nearly five miles northeast of Sun, J. M. West Production Company, No. 1 J. D. Cage, Survey 31, was reported abandoned at total depth of 3,367 feet, with several hundred feet of drill stem lost in the hole, which was originally scheduled for 10,000 feet.

Howell Making Hole

About two miles southeast of Encino, in southern Brooks, H. H. Howell's No. 1 M. Cantu Estate, Share 5-C, La Alameda Grant, was reported making hole around 2,000 feet on a 7,500-foot test.

Another deep abandonment was reported in Jim Hogg county, where Humble No. C-1 Mestena Oil and Gas Company, about seven miles east of Hebbronville, was dry at total depth around 5,700 feet.

A new deep wildcat location for Kennedy county was reported as 101 Oil Company No. 1 John Kennedy, 625 feet from the south and 3,473 feet from the east lines of Jose Antonio Leal de Leon Grant. Approximately seven miles southwest of the town of Mifflin the wildcat is scheduled for 7,000 feet.

Doctors Win

Spelling Bee Is Held By Rotary Club

HARLINGEN—Five doctors defeated a team of school officials in an impromptu spelling bee as part of the program at the Friday luncheon of the Harlingen Rotary club. Victorious team consisted of Drs. John Crockett, Charles Chandler, George Diehl, J. M. Green and I. G. Fox. Opposing them were Superintendent E. C. Deering, District Trustee Ed Bush and Lewis Bogus, Professor Arthur Potts, and Stanley Crockett, trustee at Stuart Place. The words were given out by Dan Murphy.

DAVIS NAMED TO NEW POST

Insurance Firm Name
District Chief

McALLEN—Gene F. Davis of McAllen, who has represented the Jefferson Standard Life Insurance company since last January, has been promoted to the post of district manager for the firm in the Valley, succeeding George Allen, of Harlingen, who advanced to branch manager at Huntington, W. Va., recently.

The appointment was announced Saturday by O. P. Schnabel of San Antonio, South Texas manager for the firm.

Although Davis has been in the life insurance business less than two years, he has made an outstanding record as a personal producer, Schnabel said. Davis is former sports editor of the Valley Evening Monitor.

The new district manager will continue to live in McAllen but will spend three days weekly at the district office at Harlingen in the Embee building. The company is writing at the rate of \$900,000 per year in the Valley and has 10 representatives in this district. Among them are C. S. Jackson, Edinburg; L. Lee, Raymondville; D. E. Meadows, Harlingen; G. E. Dodd, Brownsville; Rogers Butler, Weslaco; M. B. Gore, Pharr; W. J. Copeland, Mercedes; and Mrs. W. C. Carlisle, Mission.

"Mr. Davis is an ardent student of life insurance and has completed the company's life insurance course, making a grade of 99 per cent, the highest made by any Jeffersonian in Southwest Texas," Schnabel said. The Jefferson Standard has more than \$1,000,000 in loans on Valley residence property and ranks as the largest Southern company writing ordinary insurance only, he revealed.

AMERICA is busily engaged in building a defense of her freedom. To assure constant power under all conditions our several sources of electricity are linked together so that the switch at your finger-tip controls power from many sources. If one should fail, it is but a split second until a new source of power is at your bidding.

The highly skilled and trained staff of people who have built up your electric service, and who are serving you from day to day, are eager for any new task. It is through these people, and this marvelous system of interconnected power plants and distribution lines they have built, that we are ready to do our part.

Meanwhile, we have not forgotten that our job in the future, as in the past, is to improve our service and its usefulness to you, and bring more of the good things of life to more people at less cost.

Electric service will play a big part in this great program of strengthening our defenses. Your electric company is ready NOW to do its full share in any task this community may be called upon to perform.

We're ready because for years we have planned far in advance in order to meet your ever-increasing demands for electrical service.

Because of this we have built power capacity in advance of any demands in the community.

Feeds Us, Too

A thousand million pounds of American cottonseed oil a year go into American kitchens as shortening, a hundred and fifty million pounds into American table spreads, three hundred million pounds into mayonnaise, salad oils, and food preservatives. About ninety percent of the annual production of cottonseed oil in the United States eventually finds its way to our dinner tables.

Cottonseed oil represents more than a fourth of the consumption of primary fats and oils in food and food products in the United States. The value of cottonseed oil food products is greater each year than the value of gold mined in this country.

Thus the wonder of the cotton plant is that it not only clothes and shelters us, it feeds us, too. At minimum cost it provides for all of us the dietary requisite of fats and oils.

Here in the cotton belt it feeds us in another way. The income the farmer gets from cottonseed is his profit, the profit that makes him a good business customer. To the extent that we are good consumers of cottonseed oil products, we make the cotton farmer a good customer in the business and trade of the cotton belt.

Screen Calendar **NEWS OF LATEST MOTION PICTURES** Current Films

"PRIDE AND PREJUDICE"—Laurence Olivier and Greer Garson co-starred in the screen version of Jane Austen's celebrated novel "Pride and Prejudice," booked for current showing Sunday and Monday at both the Capitol Theatre in Brownsville and the Rivoli Theatre in San Benito.

"THE BOYS FROM SYRACUSE"—Allan Jones, Rosemary Lane, Martha Raye, Charles Butterworth, Alan Mowbray and Joe Penner in "The Boys From Syracuse," booked for current showing Sunday and Monday at both the Ritz Theatre in Brownsville and the Palace Theatre in McAllen, and the Rivoli Theatre in San Benito, Wednesday and Thursday.

Current Films

William Powell And Myrna Loy Re-United In New Comedy Hit; 'Boys From Syracuse' Is Musical Farce

"I LOVE YOU AGAIN" brings William Powell and Myrna Loy together again in one of the funniest pictures of their entire careers and the first in some time without the "Thin Man" tag. The two are cast as husband and wife, but the fact that the marriage took place during an eight-year attack of amnesia on the part of Powell and that he doesn't recognize either his wife, his home or any of his friends when he comes out of it, makes for hilarious comedy. Heading the supporting cast are such well-known comedy names as Frank McHugh and Edmund Lowe.

"I Love You Again" is booked for current showing Sunday and Monday at the Arcadia Theatre in Harlingen.

"PRIDE AND PREJUDICE"—Greer Garson and Laurence Olivier share co-starring honors in the screen version of Jane Austen's famous novel "Pride and Prejudice," booked for current showing Sunday and Monday at both the Capitol Theatre in Brownsville and the Rivoli Theatre in San Benito.

The story centers around a family, handicapped by five unwedded daughters. Miss Garson makes a lovely and intelligent Elizabeth, the eldest daughter. Olivier is Darcy,

Errol Flynn Stars In Thrilling Film

Errol Flynn, swash-buckling hero of many thrilling screen adventures, has his most glorious role in "The Sea Hawk," thrilling new saga of the seven seas, which is scheduled for showing Thursday, Friday and Saturday at both the Capitol Theatre in Brownsville and the Arcadia Theatre in Harlingen.

Cast as a sort of Robin Hood of the seven seas, Flynn's newest screen adventure is said to overshadow even such outstanding successes as "Charge of the Light Brigade," "Captain Blood," "Adventures of Robin Hood," and "Virginia City."

"THE BOYS FROM SYRACUSE"—Based on the Broadway musical comedy hit of the same title, "The Boys From Syracuse" brings a brigade of singing stars and comedy luminaries together in an outstanding motion picture hit.

Featured in the talented cast are Allan Jones, Martha Raye, Joe Penner, Rosemary Lane, Irene Hervey, Charles Butterworth, Alan Mowbray, Eric Blore and Samuel S. Hinds.

"WHEN THE DALTONS RODE"

THE DALTONS, most famous of all outlaws of the early midwest reach the screen in "When the Daltons Rode," co-starring Randolph Scott, Brian Donlevy, Broderick Crawford, Frank Albertson, Stuart Erwin and Kay Francis.

Tracing the careers of the Daltons from their ranching days, the film carries them through a series of daring exploits climaxed by the celebrated raid on Coffeyville, Kan., in 1892, when the gang was destroyed while staging the only double bank robbery in frontier history.

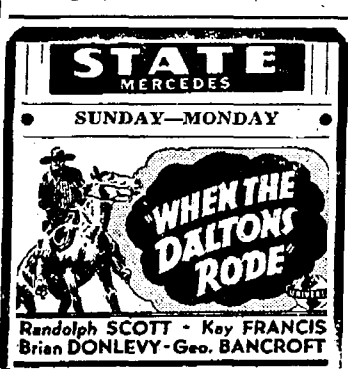

"When the Daltons Rode," is booked for current showing Sunday and Monday at the State Theatre in Mercedes and at the Palace Theatre in McAllen, Thursday, Friday and Saturday.

"I LOVE YOU AGAIN"—Myrna Loy and William Powell in their latest comedy romance of marital life, "I Love You Again," booked for current showing Sunday and Monday at the Arcadia Theatre in Harlingen.

"WE WHO ARE YOUNG"—Robert Young, Maureen O'Sullivan and Lewis Stone share co-starring honors in "Sporting Blood," booked for showing Tuesday and Wednesday at the Capitol Theatre in Brownsville.

"SPORTING BLOOD"—Robert Young, Maureen O'Sullivan and Lewis Stone share co-starring honors in "Sporting Blood," booked for showing Tuesday and Wednesday at the Arcadia Theatre, Harlingen; Palace Theatre, McAllen.

PANAMA: BRAINS THAT'S WHAT IT TAKES. I CLEANED THE CAPTAIN OF THE NELSONS' YACHT IN A POKER GAME AND HE COULDN'T PAY OFF. HA, HA! SO I PUT ON THE SQUEEZE. I FORCED HIM TO REPLACE HIS CREW WITH SOME OF **MY** BOYS

WAT OF IT?

SIMPLY THIS, MY LITTLE BUTTERCUP THE NELSON DAME HAS BOUGHT THE TWELFTH LARGEST DIAMOND IN THE WORLD. SOON IT WILL ADORN YOUR PRETTY THROAT

OH, DAR-LEENG! 'OW WONDERFUL!

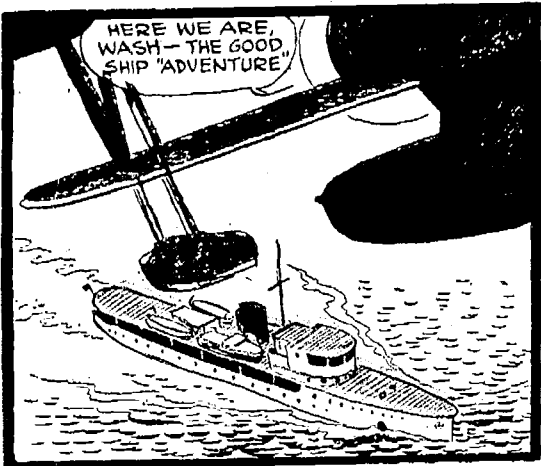

ABOARD THE NELSONS' YACHT, BOUND FOR HAVANA:

OH, WHAT A FOOL I'VE BEEN! I RADIOED THE OLD MAN I WAS EXPECTING TROUBLE, BUT WHY DOESN'T HE COME? WHY DOESN'T HE **DO** SOMETHING?

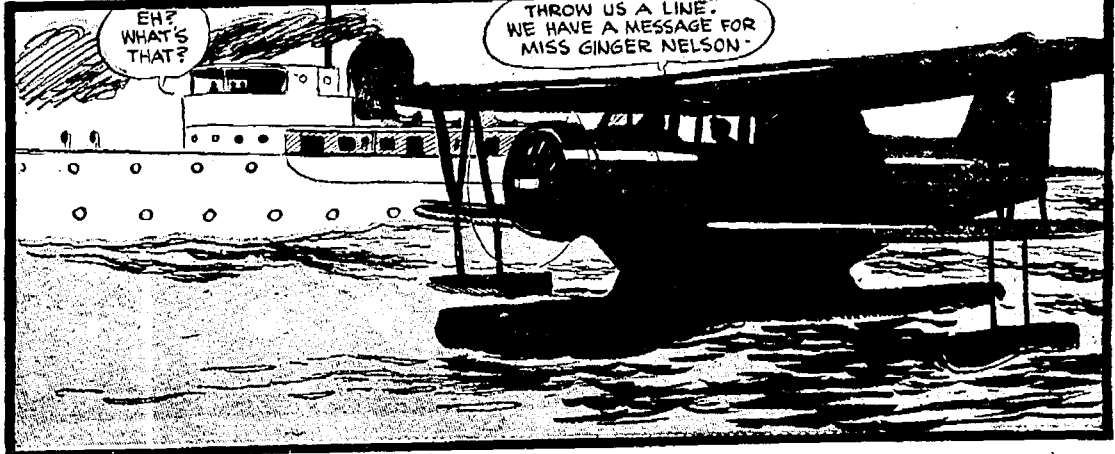

HERE WE ARE, WASH - THE GOOD SHIP 'ADVENTURE'

EH? WHAT'S THAT?

THROW US A LINE. WE HAVE A MESSAGE FOR MISS GINGER NELSON

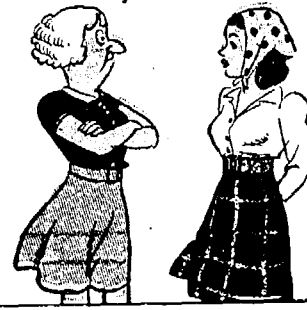

OF ALL THINGS! IT'S A NOTE FROM DADDY. HE THINKS AUNTIE AND I ARE IN DANGER, AND WANTS US TO FLY HOME

I KNEW IT! I KNEW IT! FROM THE MOMENT I LAID EYES ON THIS CREW I KNEW SOMETHING WOULD HAPPEN. IT'S ALL BECAUSE OF THAT **DIAMOND** YOU BOUGHT, TOO!

BUT HOW SILLY, AUNTIE! YOU TALK AS THO WE WERE IN THE MIDST OF A BAND OF PIRATES

NOT ANOTHER WORD, YOUNG LADY. WE'RE PACKING OUR THINGS. THE ENTIRE HISTORY OF THAT DIAMOND IS NOTHING BUT TROUBLE AND BLOODSHED. IT'S GOT A CURSE. SOMETHING'S GOING TO HAPPEN. I CAN FEEL IT

VERY WELL, AUNTIE. WE'LL LEAVE

AND I'LL WANT TO TAKE THE DIAMOND WITH ME, CAPTAIN LARSEN

CERTAINLY, MISS GINGER

WHAT THE HECK WE GONNA DO, MIKE? THE DAME'S GOIN' AWAY!

OH, NO SHE AINT! NOT WITH THAT DIAMOND

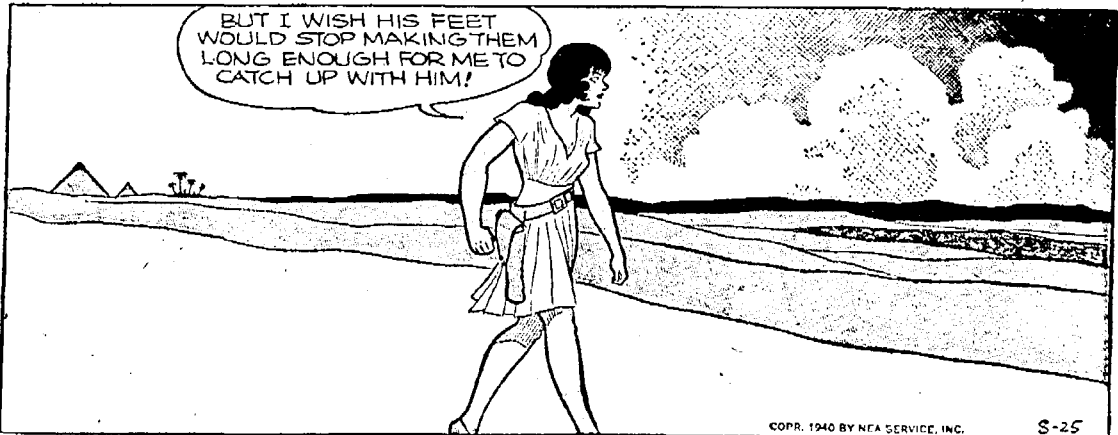

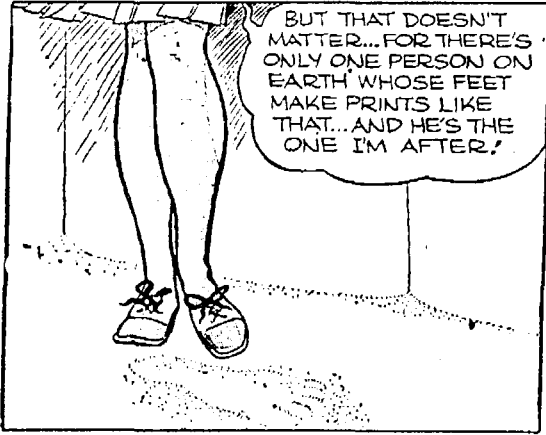

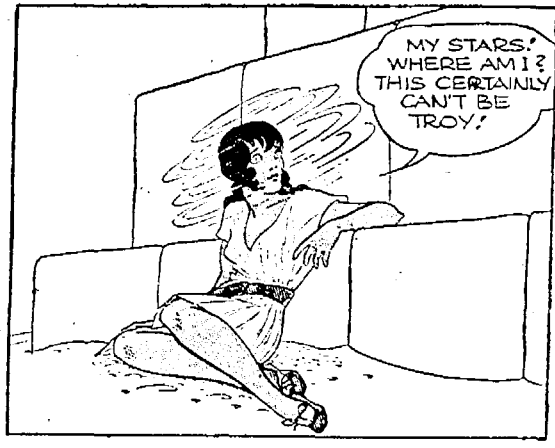

PING! PING!

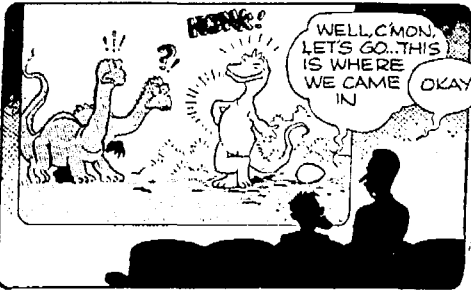

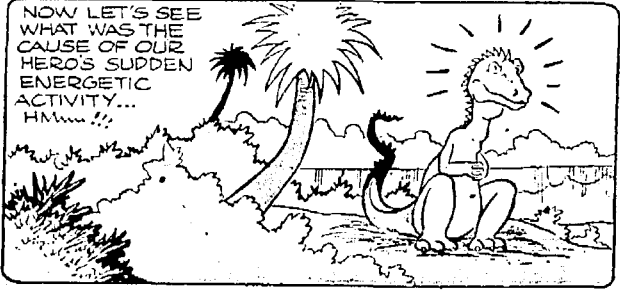

THERE! I PLUGGED THEIR PONTOON FULLA HOLES. THEY CAN'T LEAVE!

KIDS WHO GROWS UP NICE AND NEAT, CAN EASILY GET A GAL WHO'S SWEET! SENT IN BY: AUSTIN GOMEZ, MEXICO, MISSOURI.

270 DAINITY GWENDOLYN CRINGED WITH FEAR AS RUDOLPH APPROACHED, LEERING IN AN EVIL WAY. SHE MOANED SOFTLY. "HAVE NO FEAR," HE SAID, SNEERING IN AN EVIL WAY. "I SCORN YOU! YOU DO NOT APPEAL TO ME AND TO BE BRUTALLY FRANK, I CONSIDER YOU REPULSIVE," HE CONTINUED, IN AN EVIL WAY. "OH! IS THERE NO ONE TO PROTECT ME FROM HIS LEERS, SNEERS AND JEERS?" MOANED GWENDOLYN, PITEOUSLY WRINGING HER HANDS. "YES!" RANG OUT A MANLY VOICE AS THE DOOR WAS

271 FLUNG OPEN. "I, MALCOLM FLOOGLEBLOOM, YOUR HUSBAND, WILL PROTECT YOU FROM HIS LEERS AND SNEERS!" "AND JEERS, TOO?" QUERIED GWENDOLYN IN A BROKEN VOICE. "AND JEERS, TOO!" SHRIEKED MALCOLM IN A MANLY VOICE AS HE SLUGGED RUDOLPH WITH A RABBIT PUNCH FROM BEHIND AND KICKED HIM IN THE FACE AS HE FELL. "MY MALCOLM!" MOANED GWENDOLYN, EMBRACING HIM TENDERLY. "I CAN ALWAYS DEPEND UPON YOU TO PROTECT ME FROM BRUTAL AND BEASTLY INSULTS!"

LUCKY GAL! - SHE HAD A HUSBIN WHICH ALLUS PERFECTED HER FUM BRUTAL INSULTS! - NATCHERLY NO ONE EVAH HAS DAST INSULT ME - BUT -

EF ANYONE DID - WOULD Y' BE MAN 'NUFF T' SLUG HIM? - NO! Y' WOULDN'T! - Y' IS MERELY A BIG FAT SLOPPY BEAST!!

MAH HOME LIFE IS ROONED UNLESS AH GETS SOMEONE T' INSULT MAH WIFE AN' THEN AH BEATS 'EM UP!!

EF YOD MERELY PERTEND BEAT ME UP AH'D BE GLAD T' INSULT YOD WIFE - YURRY GLAD!!

OH HAPPY DAY! IT'LL BE A PLEASURE T' TELL THE OLE BATTLE-AXE WHUT AH THINKS O' HER - WIFOUT NO DANGER!!

WHUT DID GWENDOLYN HAVE THET AH HAIN'T GOT 'CEPT YOUTH, BEAUTY CHARM AN' REFINEMENT?

YO' IS REPULSIVE, THET'S WHUT YO' IS!! - YO' HAIN'T HOOMIN - THASS WHUT YO' HAIN'T! LIKEWISE YO' FEET'S TOO BIG!!

WHUT?

AH GOT HIM! AH'LL TAKE HIM AWAY SOME WHAR AN' GIVE HIM WHUT HE DESERVES! STAY HYAR, HONEY-AH KNOWS YO' HATES TH' SIGHT O' BLOOD!

NOT TH' SIGHT O' HIS BLOOD! AH'LL HELP YO' AS A LOVIN' WIFE SHOULD!!

HIT HIM HARDER HONEY!!

SHO', HONEY! - "GULP!" AH GOT TO REMEMBER TO APOLLY GIZE TO LUKIFER FO' THIS - EF HE LIVES - BUT HE'S A GOOD FELLER - HE'LL UNDERSTAND EF HE LIVES

WHUT'S GOIN' ON HYAR THIS LIL BEAST INSULTED ME!

SAVE ME, PANSY SAVE ME!

RIGHT!! - AH'LL SAVE WHUT'S LEFT O' YO' FO' MAHSELF!!

GULP!! PORE DEAR SWEET LIL PAPPY

WHEN SLATS SAW BECKY AND MR. CARTER IN THE GROGGINS DOORWAY-- CARTER'S ARM ABOUT BECKY'S SHOULDER-- HE WAS FINALLY CONVINCED ALL GAY'S STORIES WERE TRUE.....

IN A RAGE, HE WAITED AT CARTER'S BOARDING HOUSE. A FURIOUS FIGHT TOOK PLACE, A PASSING COP ARRESTED THEM.....

THE NEXT MORNING IN THE JUDGE'S CHAMBERS

YOU, JOHN CARTER--THE ASSISTANT PRINCIPAL AT OUR HIGH SCHOOL-- AND YOU, SLATS SCRAPPLE--THE IDOL OF EVERY KID IN OUR TOWN!--MIXED UP IN A STREET BRAWL!!!! WHAT'S THE STORY!!!

I REFUSE TO SAY ANYTHING, YOUR HONOR

DITTO FOR ME!!!

THAT GENTLEMEN--IS CONTEMPT OF COURT!!! ARE YOU SHIELDING SOMEONE--A GIRL, PERHAPS?

THERE IS A THIRD PERSON INNOCENTLY INVOLVED, YOUR HONOR. I CANNOT DIVULGE HER NAME

THANKS PAL---- DITTO FOR ME, JUDGE

YOU LEAVE ME NOTHING TO DO BUT SENTENCE YOU FOR CONTEMPT OF COURT AND DISORDERLY CONDUCT!!! IT WILL RUIN YOUR CAREER, CARTER--AND BLAST YOUR REPUTATION IN OUR TOWN, SCRAPPLE

I HAVE NOTHING TO SAY

DOUBLE IT!

MISS ABBIE--I DON'T WANT TO SENTENCE SLATS AND MR. CARTER--BUT, UNLESS THEY ANSWER THE QUESTIONS OF THE COURT--I'LL HAVE TO--

GIVE ME AN HOUR, BENJAMIN--I'LL GET TO THE BOTTOM OF THIS--

TWO YOUNG MEN--FIGHTING. HMM-- ONLY THING TWO YOUNG MEN'D FIGHT ABOUT'D BE A GIRL--A TROUBLE-MAKING SORT OF A GIRL. THAT RULES OUT BECKY--

SCHOOL WORK, GAY?

NO, MISS ABBIE. I'VE HAD THE MOST EXCITING IDEA FOR A MOVIE STORY. I'M GOING TO SEND IT RIGHT OUT TO AN EDITOR I KNOW IN HOLLYWOOD

IT'S ABOUT A GIRL--A WONDERFUL GIRL ABOUT MY AGE AND TYPE--SHE COMES TO A SMALL TOWN--WHERE HER PARENTS HOPE HER GENIUS WILL BE CRUSHED!!

("HMM--THAT'D BE YOU !!!")--ER--GO ON, DEAR--

A HANDSOME YOUNG MAN--SLATS' TYPE--FALLS MADLY IN LOVE WITH HER, OF COURSE. BUT HE IS IN THE CLUTCHES OF AN ELDERLY ADVENTRESS--A CHARACTER ABOUT BECKY GROGGINS' AGE AND TYPE

("SHE'S ALWAYS HATED BECKY. NOW I KNOW IT'S JEALOUSY")

--TO SAVE HIM, THE BEAUTIFUL HEROINE REVEALS TO HIM THAT THE ADVENTRESS IS HAVING SECRET RENDEZVOUS WITH HER HANDSOME BOSS

("... SO!! YOU'VE BEEN LYING TO SLATS ABOUT BECKY AND MR. CARTER.")

THE YOUNG MAN, ENRAGED-- ATTACKS THE HANDSOME BOSS. THEY ARE ARRESTED--

("LAND O' GOSHEN!!! SHE'S GIVEN ME THE WHOLE INSIDE STORY WITHOUT REALIZING IT!!")

I HAVEN'T GOTTEN TO THE END YET!!!

WE'LL GET TO THE END AS SOON AS I CAN YANK YOU TO THE COURT ROOM!! COME ALONG, YOU BRAT!!

CHARLES COLL
REG. U.S. PAT. OFF.

BEFORE MYRA OR DR. WU CAN RESTRAIN HIM, MAC STEPS FROM THEIR PLACE OF CONCEALMENT AND STAGGERS UP TO THE TABLE OCCUPIED BY THE TWO EUROPEANS WHO ARE BOUND FOR THE "SECRET COLONY" IN THE GALAPAGOS ISLANDS.....

A FEW MOMENTS LATER, DR. WU'S MIGHTY AMPHIBIAN TAKES OFF WITH THE PAIR OF EUROPEANS IN ANGRY BUT FUTILE PURSUIT.

IN A LOOKOUT NEST HIGH UP IN THE TROPICAL TREES OF STERN AND JESSE, OUT

INSIDE OF HALF AN HOUR, MAC SETS THE SHIP DOWN IN THE TINY SHELTERED COVE OF THE "DESERTED" ISLAND AND THE TRIO BOLDLY STRIDE TOWARD A ROUGH SHACK ON THE BEACH...

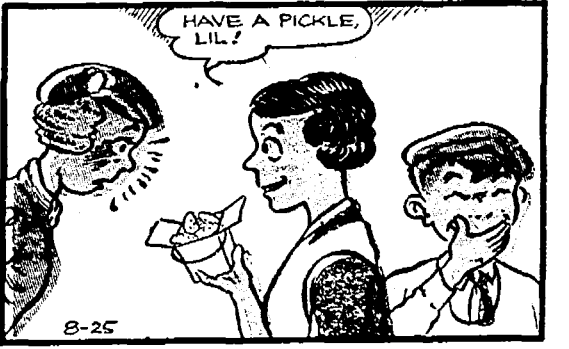

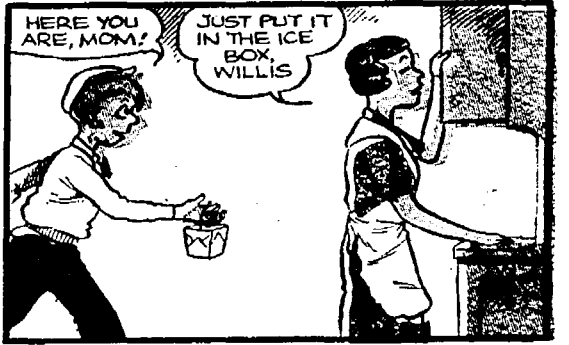

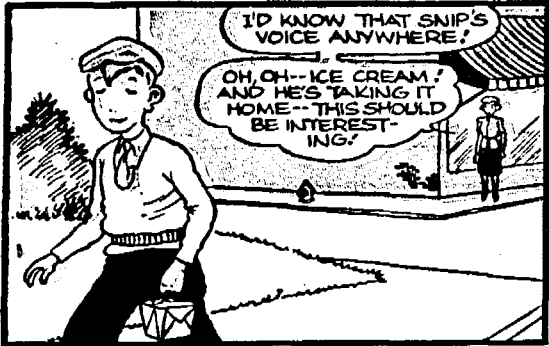

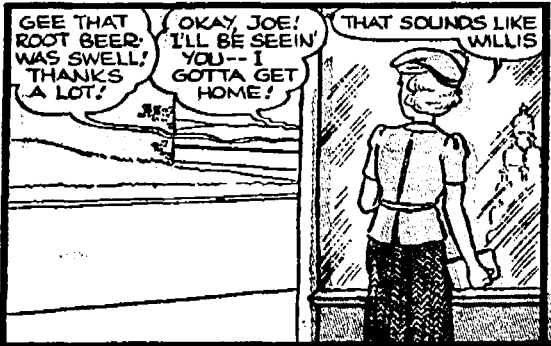

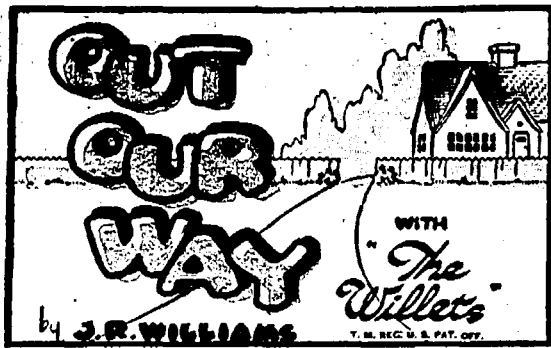

NEXT: DR. WU MAKES A WEIRD DISCOVERY!

THIS WORLD'S

MILITARY TRAINING IS NO STRANGER TO MANY CITIZENS; THERE ARE THOSE WHO KEEP THEIR EYES KEEN BY VARIOUS FORMS OF SHOOTING THROUGH-OUT THE YEAR.

FOR EXAMPLE, THERE IS THE FELLOW WHO BREAKS THE INSULATORS ON TELEPHONE POLES! HE'S ALL SET FOR PARACHUTE TROOPERS.

AND THE QUICK-TEMPERED OFFICER, WHO SHOTS FIRST, AND INVESTIGATES AFTERWARDS.

ANOTHER CRACKED MARKSMAN IS THE SUPER INTELLECTUAL WHO SHOTS THE WATER BOTTLES ALONG DESERT HIGHWAYS.

FOR TRIGGER MAN IN A TANK, THERE IS THE FELLOW WHO BLASTS AT SIGNBOARDS WHILE SPEEDING ALONG THE COUNTRYSIDE.

FOR SHORT-RANGE WARFARE THERE IS THE HUNTER WHO GETS HIS DEER AS IT LEAVES THE GAME REFUGE IN AUTUMN.

AND FOR NIGHT PATROLS, THERE'S THE FARMER WHO GRABS A GUN AND FIRES INTO THE DARKNESS AT ANY SUSPICIOUS SOUND NEAR THE HEN HOUSE.

ALSO, THE CITY MAN WHO PICKS OFF PIGEONS FROM THE GARAGE AND BACK FENCE WITH A TWENTY-TWO.

FRECKLES AND HIS FRIENDS

I'M STILL TRYING TO FIGURE OUT WHAT YOU HAVE IN THAT OTHER BASKET!

YOU'LL FIND OUT WHEN YOU GET YOUR STUFF LAID OUT!

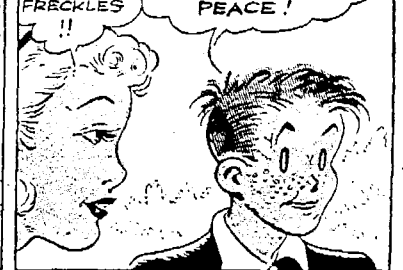

THIS IS A PICNIC LUNCH I PACKED... FOR THE ANTS! WE'LL LEAVE IT FAR ENOUGH AWAY!

THAT'S A GRAND IDEA, FRECKLES!!

SURE! NOW WE CAN GO BACK AND EAT YOUR PICNIC LUNCH IN PEACE!

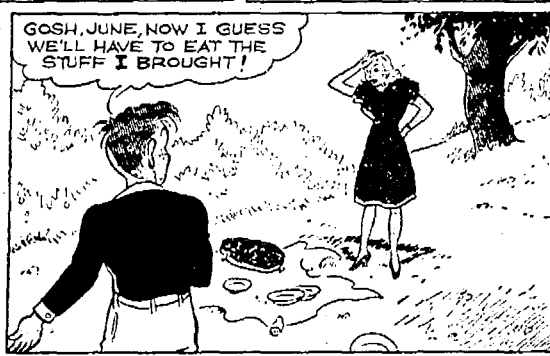

SHOO!

OH, FRECKLES, THEY'VE EATEN PRACTICALLY EVERYTHING! GIT!

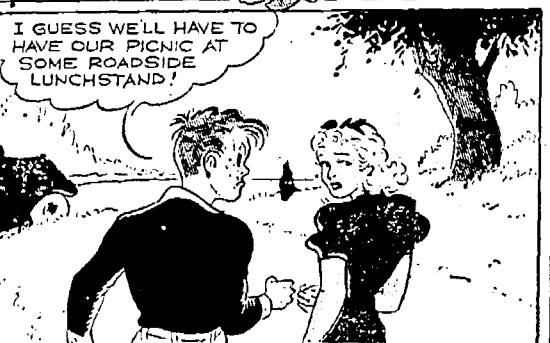

GOSH, JUNE, NOW I GUESS WE'LL HAVE TO EAT THE STUFF I BROUGHT!

WELL, WELL... DRAW UP A CHAIR, FOLKS! OR DO YOU WANNA GIT TOUGH?

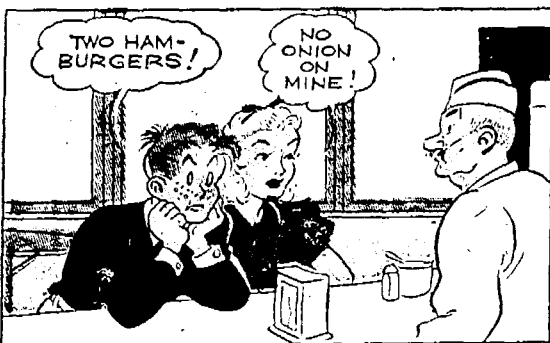

I GUESS WE'LL HAVE TO HAVE OUR PICNIC AT SOME ROADSIDE LUNCHSTAND!

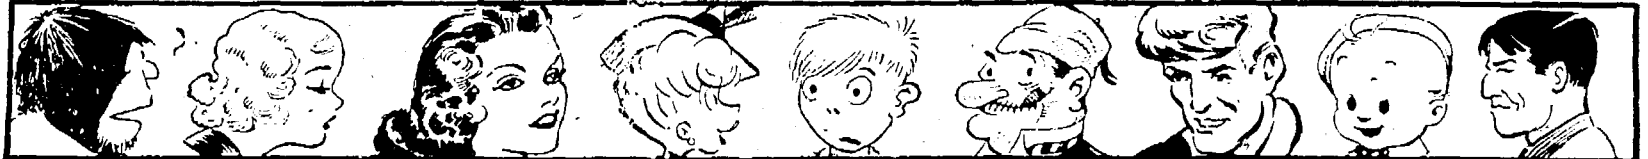

TWO HAM-BURGERS!

NO ONION ON MINE!

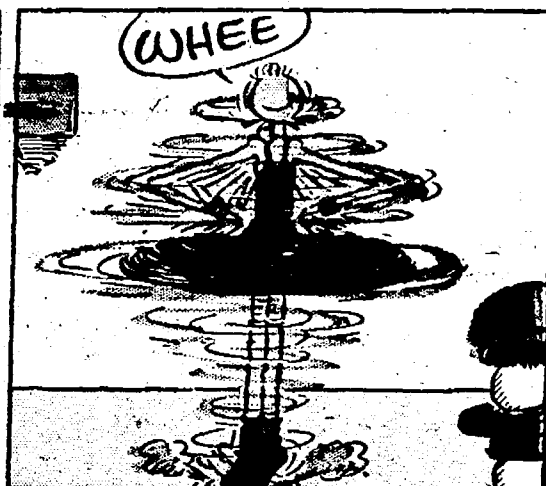

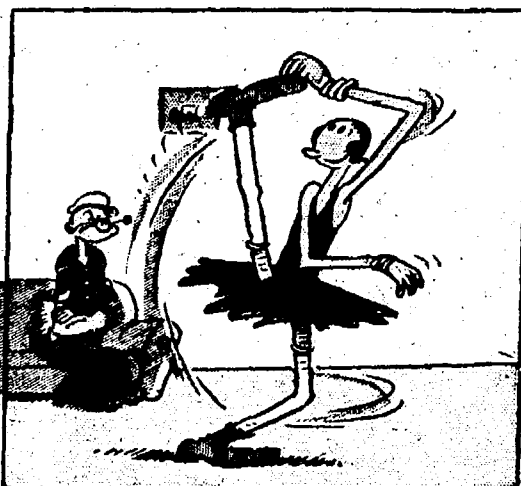

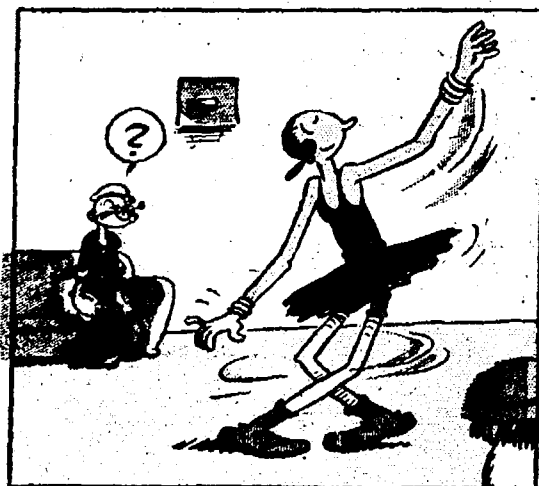

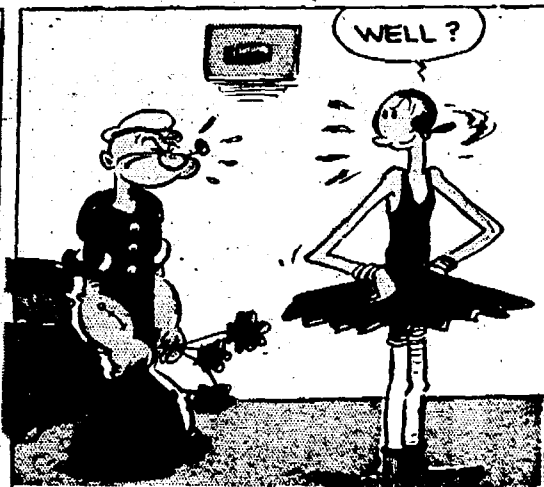

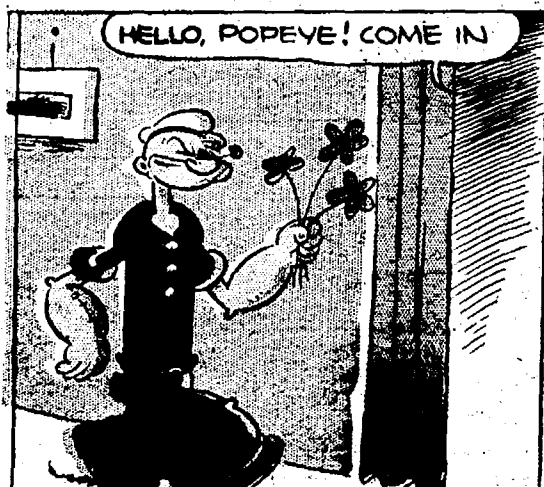

SORRY.... NO HAMBURGERS! THE ANTS GOT INTO MY COOLER!
